

SCHOOL BOARD MEETING

ACTION To Follow Closed Session

If there are Closed Session Items requiring Board Action, this second Action Agenda will be used to address those items.

Generally ten minutes will be provide for discussion, with each Trustee given the opportunity to speak prior to any Trustee speaking a second time on the same issue.

Board Operating Procedures provide that the board president will read the items and ask for discussion before a motion is made. State statute requires that an opportunity be provided to the Superintendent to make an administrative recommendation prior to the board vote.
