□Superintendent		☐Unfished Business	
X Other: Board Committee		□ New Business	
Strategic Priorities: Check the strategic priority your agenda item applies to.			
Effective Instruction	X Involving & Comr		Positive School Culture
What matters most when it comes to student learning? Great teaching. We will focus on giving teachers the training and support they need to master their craft, and on providing regular feedback to help them continuously improve. We will design a teaching framework aimed at boosting student engagement and excitement about learning, and to provide teachers with a roadmap for success. For students, we will zero in on strengthening foundational skills in the early grades, tracking progress and providing the right supports to meet each student's unique needs.	It takes a village to raise a child. For schools to truly be part of that village, we must build positive, trusting relationships with students, parents and members of our community. We will encourage families to become stronger advocates to ensure their child's social, emotional and academic needs are being met. We will focus on bringing business leaders, faith-based leaders, community leaders and post-secondary institutions to the table to share their perspectives and offer meaningful educational experiences to our students, giving them the chance to positively contribute to their community.		Staff, parents and children feel a school's culture when they walk into the building. Do they feel welcomed and safe? Excited to be there? Is it a place where people know them and care? We will focus on creating a positive culture in all of our schools, ensuring that students and staff feel connected and valued. We will help students find their interests and passions and provide extracurricular and leadership opportunities to match. We will work to boost staff morale by listening to their opinions and empowering them to shape the district's culture and contribute to decisions about our collective future.
Customer Service  Great leadership should not happen by accident. We will define what great leadership looks like in Judson ISD and put systems and supports in place to cultivate those behaviors and characteristics not only in our principals and administrators, but in teachers and students as well. Our best leaders will make it their mission to grow more leaders around them, fueling and  Customer Service  Treat people well. It's simple but powerful, and can make all the difference in building trusting relationships that set students up for success. We will strive to consistently model kindness and empathy, both as a staff and when interacting with our families and community. We will welcome students and their families into our schools with smiles and treat			
sustaining the growth of outstanding leaders overtime. everyone with respect.
