Greetings Manzanita Families-

Happy
Presidents'
DayWelcome
BACKMY
PALbe
mine

I hope this message finds you healthy and doing well. This school year certainly has been full of challenges and opportunities. I am hopeful we will begin settling into some sort of normalcy and routines within the realm of this new normal. The staff and families did an amazing job during CDL, however I am excited to have students back on campus for in person learning this 3rd quarter. The energy in the building is fabulous and the playful noise I can hear from the playground is awesome! We will continue to follow all safety guidelines at school in order to keep our students and staff safe, and our doors open. Please help us make this possible, keep students home who do not feel well or are experiencing any COVID related symptoms or who have been exposed to someone who is sick.

As part of our plan to stay safe, we will not be exchanging valentines cards in the classroom. We will instead be doing arts and crafts in each classroom, celebrating kindness, while enjoying some individual safe treats. Each teacher will send home specific classroom information or requests of needs.

The third quarter is off to a great start, learning is in full swing. I want to remind you how important it is that students attend class, complete work assignments and participate in class. Please continue to communicate with your child's teacher on a regular basis-working together we will build successful learning. The last 4 ½ months of school show much promise of amazing growth for our Manzanita Mountain Lions. Please call the office with any needs or questions. 541-479-6433

Thank you for entrusting us with your children and adapting with us as we've navigated a difficult year. Spring is around the corner, and I have high hopes that it will bring a renewal and brightness that is much needed.

May 2021 bring you much happiness, good health, and treasured memories.

Best Regards

Renee Hults

Principal

DROP OFF AND PICK UP QUICK TIPS

STOP

Do your part to be quick and Efficient!

Loading and unloading of students should be CURBSIDE.

Pull as far forward as possible

Teach your child to buckle/unbuckle themselves independently.

Drop Off

Have student be ready with back pack **and mask**. Ready to disembark vehicle quickly.

Pick up

Parents remain in vehicle.

Display name hanger from rearview mirror and allow us to call your student then direct you to appropriate cone/space for loading.

As always.. Patience and a smile go a long way.

MEDICATION AT SCHOOL

1. Medication must be brought into the school office by the parent/ guardian.

- Please do not send medication on the bus or in with your child.

2. Medication must be in the original container.

- If medication needs to be split or cut please do so prior to bringing to school.
- If medication needs to be crushed, please send pill crusher.
- If medication needs to be measured please send a correctly calibrated measurement device (i.e. liquid medication spoon).

3. School medication form must be filled out and signed.

- Forms are available in school office.
- If medication changes, a new form must be filled out and a new bottle with an accurate label must be brought to school.
