

FY2027 Meal Prices

Under Minnesota's Universal Free School Meals program, all students are eligible to receive one breakfast and one lunch at no cost. However, school districts must establish meal prices for adult meals and additional student meals consistent with USDA requirements.

Based on the FY2027 USDA guidelines, administration recommends the following meal prices for FY2027:

- Adult/Additional Lunch Price: \$5.50
- Adult/Additional Breakfast Price: \$3.10

These rates meet or exceed the applicable USDA minimum meal pricing requirements.
