To Whom It May Concern:

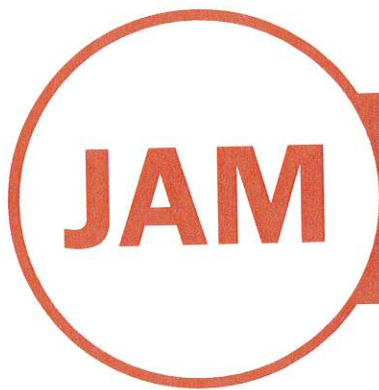

I would like to express my interest in the vacant position on the Board of Trustees, Area I. As I live in Round Mountain, I am very familiar with the rural areas and the needs of the students and schools in these areas. I have always been involved in the education of my children and grandchildren and work with students from Tonopah and Round Mountain throughout the summer in our summer internship program at Round Mountain Gold.

I would love to help move Nye County School District in a positive direction and am looking forward to the opportunity to impact student and staff lives.
