## 06CH010978 – FY23 - BUDGET NARRATIVE/JUSTIFICATION-COLA

Policy Council Approval:

Governing Board Approval:

The Denton Independent School District Head Start Program is requesting \$84,931 for the 2023-2024 school year.

The funding is needed as follows:

**COLA:** \$84,931

### **FEDERAL:**

The **\$84,931** will be spent to cover salary increases for the program's personnel. The program has twenty-eight (28) employees whose salaries are fully paid for by Head Start funds. Eleven (11) teachers, Eleven (11) teacher's aides, one (1) social worker, one (1) education specialist, one (1) family, parent & community engagement specialist, one (1) family services aide, one (1) facility safety manager/clerical and one (1) mental health specialist assistant and (1) fiscal manager. The Director's salary and other Head Start related staff are paid fully by the Denton Independent School District. The Denton Independent School District is projecting a 2% pay raise for 2023-2024 school year. The Denton ISD Head Start personnel would receive this same projected 2% increase. Although the COLA supports a 5.60% increase our Head Start personnel will receive the projected district pay raise of 2% since we follow the Denton ISD pay scale. The remaining 3.60% will be used in

other areas as explained below. Salaries must stay competitive with the area school districts, which accounts for the percentage of personnel and fringe in excess of the normal 60-80% of the federal budget.

From the \$84,931 of the COLA received \$31,277 will be used for the projected 2% district raise. The remaining \$53,654 is projected to be used for the following:

- **Mental Health Assistant** - \$10,000 (step increase including salary & fringe)
- **Social Services Assistant** - \$5,500 (estimated and includes salary & fringe)
- **Extra Duty Pay** - \$5000
- **Substitutes** - \$33,154

**Justifications:**

**Step Increases-** After reviewing the job descriptions of two of our manager positions (Mental Health Assistant and Social Services Assistant), we concluded that we need to increase their step on the paraprofessional pay scale. This will hopefully help with our retention efforts to maintain quality staff. We have had significant turn-over in these two manager positions for the past several years and want to try to create some stability in these positions.

**Extra Duty Pay-** Throughout the school year, there are certain Parent Events, Head Start Activities/Projects, Professional Development opportunities, etc. that are after hours. Therefore, we want to budget for the projected extra duty pay for our staff that work above and beyond their normal schedule.

**Substitutes-** Our program experiences shortage of staff throughout the year due to various reasons such as sickness, family emergencies, etc. Therefore, we are seeing the need to increase the amount that we budget for substitutes. Although we did budget for substitutes in our Continuation grant, there wasn't enough available to cover substitutes at the level that we are projecting needs to be. Our program wants to be able to provide substitutes to cover staff's educational leave requests and for supplementary substitutes to be put in place when classes are needing more support for behavioral concerns. After these projected items are implemented the entire COLA amount of \$84,931 will be accounted for.

The school district's proposed pay raise is based on a steady scheduled stream of incremental pay raises which the district provides to stay competitive. All DISD Head Start staff are paid based on the school district's salary schedule. A salary schedule with the COLA of 2% increase is enclosed.

The Head Start teacher's and teacher aides' salaries for whom these funds will be utilized fall under the school district's employee wage and salary schedules, i.e., teachers, teacher aides, office aides, etc. These schedules have been established by the school district's board of trustees and are updated annually as recommended by the superintendent and the director of personnel. Their salary recommendations are based on comparable salary data from school districts within the North Central Texas area.

The salaries paid for certified teachers and teacher aides are comparable with other school districts in the metroplex and across the state of Texas. Salary comparisons for the area are included in this application.

In closing, the requested COLA funding will be used to assist with the projected 2% raise for all Head Start employees. The COLA will allow the Denton ISD Head Start program to retain and recruit qualified personnel.

### **NON-FEDERAL**

The Denton ISD Head Start Program is requesting COLA funds in the amount of **\$84,931**

The district's non-federal share is **\$21,233**, with a grant amount for 2023-2024 totaling **\$106,164**.

Ann Windle School for Young Children's Head Start Program is under the grant recipient, Denton Independent School District. The facility is located at 901 Audra Lane, Denton, Texas, 76209.

Volunteer hours are calculated in the amount of **\$18.00** per hour for assistance in the classroom and to help the teachers to prepare lesson materials. Through February 2023, our volunteer hours for Ann Windle School for Young Children, totaled 592. Calculated at **\$18.00** per hour, the total is **\$10,656** so we are confident that our volunteer hours will exceed the 1,180 hours needed to meet our **\$21,233** non-federal share. We have approximately 45

volunteers who assist in the classrooms and help the teachers prepare lesson materials, Policy Council meetings (10 meetings per year, 1.5 hours each, 6 volunteers), Board members (10 meetings per year, 1.5 hours each, 1-2 volunteers), and community members.

### Why Does UEA Publish This Salary Comparison?

For the past 29 years, UEA has published a comparison of teachers' salaries from area school districts. It allows teachers the opportunity to see how their district compares to others. It also proves to be a valuable tool that superintendents, administrators, and school boards use in determining salaries. Just like our regular newsletter, this will be distributed to over 90,000 school employees.

**Note: This comparison is for base salaries only. It does not include stipends of any kind.**

*\*\*Plano ISD pays teachers on a salary range and Dallas ISD pays under a pay-for-performance scheme. Exact salaries cannot be determined.*

The United Educators Association is an independent association representing more than 26,000 North Texas public school employees. We work to improve salaries, benefits and working conditions for all public school employees.
