AGENDA ITEM: 10.16

TOPIC: Course Deletion – Engineering & Tech in Agriculture

BACKGROUND:

In preparation for our upcoming transition to a 9-12 high school, the Agriculture Department conducted a review of their current course offerings to determine any needed changes as 9th grade moves to the high school.

PROCESS:

Through their review of current course offerings, the Agriculture department determined that *Engineering & Tech in Agriculture* has not received sufficient enrollment to fill a section in the past ten years. As a result of these discussions the Agriculture Department in collaboration with Teaching & Learning recommends elimination of the course *Engineering & Tech in Agriculture*.

RECOMMENDATION: First Reading of Proposed Course Deletion:
