VISION

To inspire curiosity and consciousness, develop character, build courage, and nurture compassion.

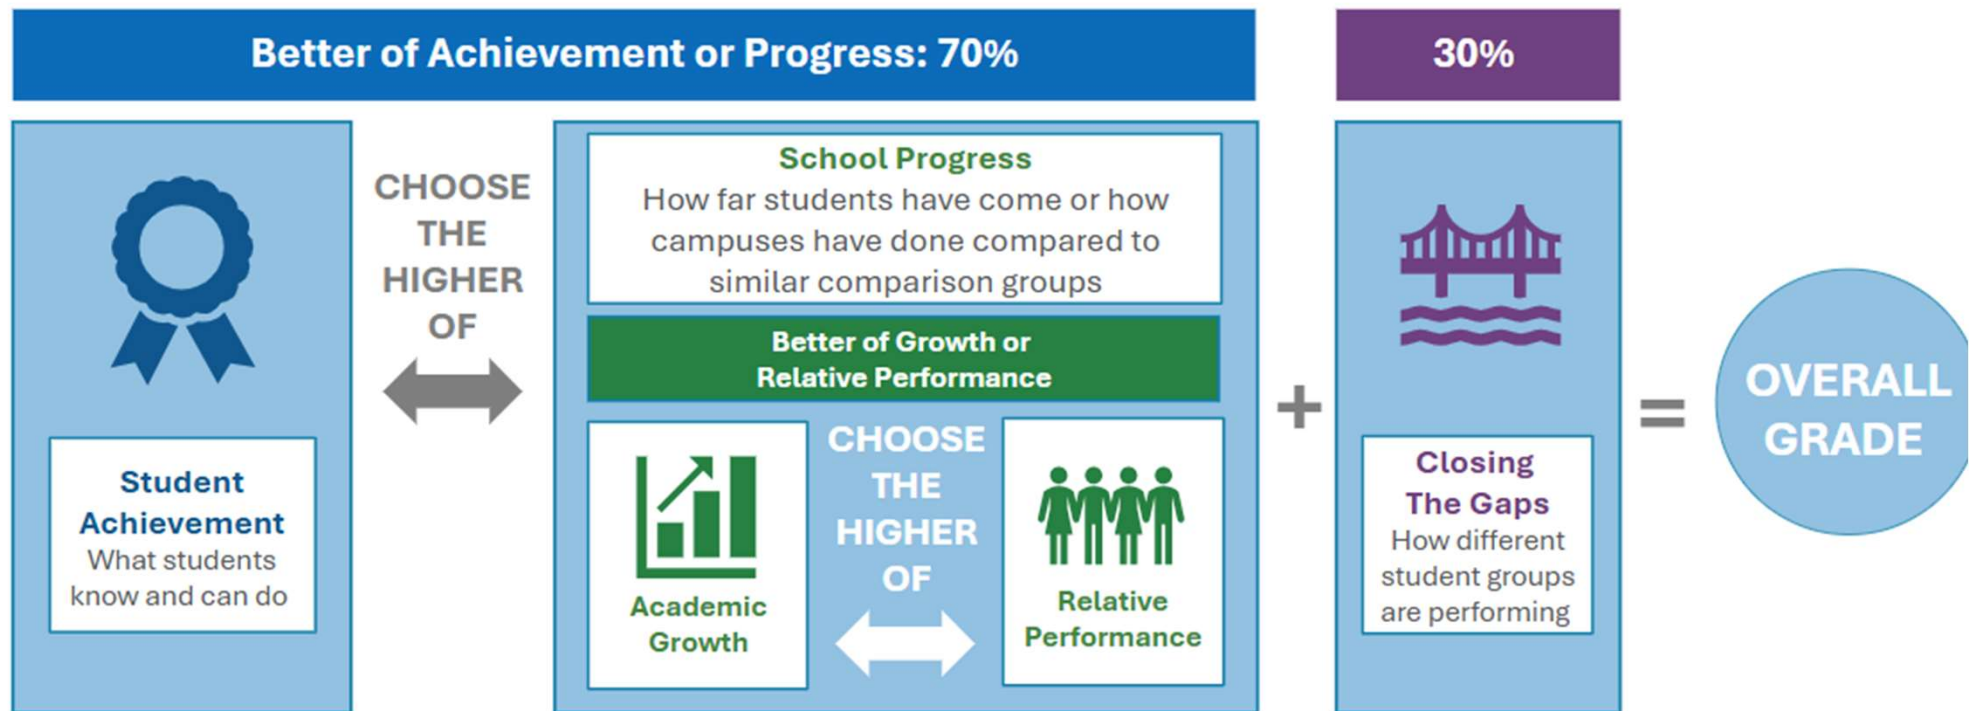

Texas A-F Accountability

A-F Ratings System:

- *School districts and campuses receive an annual performance rating from the Texas Education Agency, designed to take into account a variety of measures.*
- *This system provides parents, community members, and business leaders a window into how well a school is preparing students for the next grade level and success after high school.*
- *It also makes adjustments to better reflect the three objectives of the system---*
 - *Rigor for students,*
 - *Fairness for districts and campuses, and*
 - *Transparency for parents and the public*

Calculating Overall Ratings

Note: If a campus receives a D or an F for 3 of the 4 domains listed above, their final scale score is capped at 69 and 59 (respectively), unless the campus is not scored on all four domains, or the student achievement domain is above a D or F (respectively).
