

CHS Board Report June 2023

Graduation 2023

It was bittersweet sending our 2023 graduates toward their futures. They are a class like no other, and we are grateful to have celebrated them so thoroughly at our commencement ceremony in May. Mrs. Nelson did a beautiful job as guest speaker, and four of our graduates took the stage for speeches. A special thanks goes to Ms. York and Mrs. Balcom who were this year's class advisors and to Mr. Jeffrey and Mr. Fairbanks for their help setting up and tearing down the gym.

CHS Handbook

The 2023-2024 CHS Handbook is included for your approval. Our staff went through a multi week's long process brining our handbook up to par. We started with every teacher annotating and editing the handbook individually. They were then paired to discuss and consolidate their choices. Finally, these were put into a draft for the entire staff to collaboratively go through line by line. The submitted final version is reflective of a desire for consistency, adherence to board policy, and promotes a school culture where high expectations for learning and behavior are paramount.

Eighth Grade Step-Up Day

After multiple visits by our school counselor down at CMS, our upcoming 9th graders visited CHS Tuesday, May 30. Admin, AD, counselor, teachers, and student representatives introduced them to all CHS has to offer. Students were then able to choose their classes.

Gratitude:

Thank you to the CHS staff for continuously remaining student and learning focused.
