Re: Tupelo Public School District, Tupelo Middle School Addition & Renovations, Tupelo, MS

Dear Mr. Cantrell:

Please see the attached proposal from Dabbs Engineering Company for the site survey at the Tupelo Middle School. It is my recommendation to accept this proposal and proceed with the work.

If you are in agreement, please sign the proposal and return to our office.

Sincerely,

Charles Laney, Assoc. AIA

Re: Proposal for Geotechnical Investigation, Tupelo Middle School Classroom Addition,
Tupelo, Mississippi

Dear Charles:

First, let me thank you for the opportunity to offer our services to you on the proposed project. As requested, we are proposing to furnish the required geotechnical services necessary to develop foundation designs for the above referenced addition to the Tupelo Middle School for the Tupelo Public School District. This is anticipated to consist of a sufficient number of soil borings to determine the subsurface conditions. We will furnish a report of our findings along with foundation recommendations for the lump sum of \$2250. We can begin as soon as notified with a report within one week of the completion of field work.

Once again, we appreciate your considering us for this work. Should you need any further information, please do not hesitate to call.

Sincerely,

Thomas R. Dabbs, P.E.
