BOYS AND GIRLS SOCCER

District soccer kicks off this week! ⚽

The Ladycats open district play at home as they take on Texas High at Bobcat Stadium, while the Bobcats hit the road for a matchup in Texarkana.

Both squads are young but gained valuable experience and confidence during tournament season. They've learned a lot about themselves and are excited to put that growth to the test as district play begins.

We do have a plan in place to accommodate the construction on the home side of the stadium. All spectators will enter through the visitor side. Home fans will then walk across the south end zone to access the home bleachers. This designated path allows us to separate fan movement from team and official traffic and helps ensure a safe and organized flow throughout the event.

BOYS AND GIRLS GOLF

Ladycat and Bobcat Golf will begin again this coming Monday for the spring semester. The Ladycats are looking to repeat as defending district champions and return three of the five golfers from last year's team.

On the boys' side, the Bobcats return their lone regional qualifier, who is entering his senior season and aiming to qualify for regionals once again.

Ladycat Basketball is working hard to earn a playoff spot this season, which would be the first under head coach Bruce Harris. The Ladycats are battling for the No. 3 or No. 4 seed and, while currently on the outside looking in, they remain very much in the hunt. From a talent and competitiveness standpoint, this team is fully capable of earning a playoff berth and continues to push toward that goal.

Boys basketball standings following the first round of district play show that, while the Bobcats are not mathematically eliminated due to the parity within the league, they will need some help and a strong second half of district play to climb the standings.

UIL realignment dates to determine the 2026-2028 district and bi-district.

The 2026-28 alignments will be released February 2, 2026, 9am for football, basketball, and volleyball. District alignments for other activities will be released at a later date
