September 5, 2017

As we begin the 2017-18 school year, I am pleased to share the MCA proficiency results recently released by the Minnesota Department of Education for math, reading, and science. Once again, Becker surpassed the state average in every grade level for every test. Furthermore, the school district continues to make progress toward every student achieving one year of academic growth in math and reading on an annual basis.

2017 MCA Math
