

Career and Technical Education 2022-23

Career and Technical Education

Career and Technology Education Programs of Study are designed to prepare students in the technical and professional skills necessary to succeed in today's high-demand occupational environment.

Career and Technical Education

Mission Statement

Career and Technology Education will provide a positive difference in the lives of our students by making connections through technology-rich, academically rigorous curriculum and real-world applications that empower our students to become contributing members of the global community.

Vision

Empower our...

- students with the skills they need to compete in the job market
- students to be lifelong learners and productive global citizens
- teachers to be powerful life-change agents
- parents to be active partners in developing their student
- community to develop key partnerships for our students

Goal: To provide every student the opportunity to learn a workforce development skill and earn a certification and license.
