Re: Stevenson High School Construction Project - Balance of Awards

We would like to discuss the bid responses received for the Stevenson High School 2013 Bond project; balance of awards for painting, signage, and testing and balance at the next Building and Site Committee meeting on Monday, April 11, 2016.

The original RFB for the construction project at Stevenson High School was made available on January 11, 2016. Our Owner's Representative Plante Moran Cresa conducted a pre-bid conference on January 12 and January 28, 2016. The bid responses were due on February 9, 2016. It was decided to bring the painting, signage, and testing and balance bid awards at a later date. We received many responses for the three divisions of work. The process for evaluation will be in accordance with the criteria that were established previously.

The bid responses will be available in the Business Office conference room for any Board member that would like to look at the documents provided by the various firms. We will have a week between the committee and the regular meeting to answer any questions you may have.

On Monday, April 11, 2016 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the vendors for the painting, signage, and testing and balance for the Stevenson High School construction project. As always, please let me know if there are any additional questions.
