UNITED INDEPENDENT SCHOOL DISTRICT  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE  
STATEMENT OF NET POSITION  
AUGUST 31, 2024

EXHIBIT C-2

<b>Total Fund Balances - Governmental Funds</b>	\$	125,411,464
1 The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.		269,952
2 Capital assets and Right-to-Use Lease Assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$1,067,950,918 and the accumulated depreciation was (\$496,879,782). In addition, long-term liabilities, including bonds payable, Public Property Finance Contractual Obligations (PPFCO's), Right to Use leases and Loan Star Programs totaled (\$531,962,299) and other long-term liabilities of (\$6,565,500) are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities along with the deferred charge on refunding of \$22,684,509 is to increase net position.		55,227,846
3 Current year capital outlays of \$37,148,376 ( <i>\$94,887,669 from facilities acquisition and construction with an adjustment of \$57,739,293 coming from the various other functions</i> ), and long-term debt principal payments of \$21,579,996, amortization of premiums in the amount of \$8,141,674, the reductions of \$10,492,439 of other liabilities, the reduction on the Capital Appreciation Bonds of \$1,455,004, Right to Use leases and SBITA's of \$2,737,084, Loan Star IV payment of \$929,822 are the expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of the retirement of capital assets \$11,627,271, the amortization on deferred charge of (\$3,760,930), the accretion on Capital Appreciation Bonds of (\$63,677), the accumulation of other benefits of (\$10,291,485), the new PPFCO of (\$7,780,000), and the principal payments on Right to Use Lease Assets and SBITA Assets are not expenses, rather they are decreases in the Right to Use Lease Liabilities and the SBITA liabilities (\$569,366). These payments must be reclassified and shown as reductions to these liabilities increasing net position.		71,646,208
4 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$78,303,902, a deferred resource inflow in the amount of \$26,307,613, and a net pension liability in the amount of \$180,739,764. This resulted in a decrease in net position.		(128,743,475)
5 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. The net position related to TRS included a deferred resource outflow in the amount of \$41,952,687, a deferred resource inflow in the amount of \$142,041,348 and a net OPEB liability in the amount of \$75,268,626. This resulted in a decrease in net position.		(175,357,287)
6 The current year depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.		(29,737,946)
7 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.		4,290,568
<b>29 Net Position of Governmental Activities</b>	<b>\$</b>	<b>(76,992,670)</b>

The notes to the financial statements are an integral part of this statement.

UNITED INDEPENDENT SCHOOL DISTRICT  
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED AUGUST 31, 2024

EXHIBIT C-4

<b>Total Net Change in Fund Balances - Governmental Funds</b>	\$ (22,879,155)
The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The net income (loss) of internal service funds are reported with governmental activities. The net effect of this consolidation is to increase(decrease) net position.	96,954
<i>Current year capital outlays of \$37,148,376 (\$94,887,669 from facilities acquisitions and construction with an adjustment of \$57,739,293 coming from the various other functions), and long-term debt principal payments of \$21,579,996, amortization of premiums in the amount of \$8,141,674, the reductions of \$10,492,439 of other liabilities, the reduction on the Capital Appreciation Bonds of \$1,455,004, Right to Use leases and SBITA payment of \$2,737,084, Loan Star IV payment of \$929,822 are the expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of the retirement of capital assets \$11,627,271, the amortization on deferred charge of (\$3,760,930), the accretion on Capital Appreciation Bonds of (\$63,677), the accumulation of other benefits of (\$10,291,485), the new PPFCA of (\$7,780,000), and the principal payments on Right to Use Lease Assets and SBITA Assets are not expenses, rather they are decreases in the Right to Use Lease Liabilities and the SBITA liabilities of (\$569,366). These payments must be reclassified and shown as reductions to these liabilities increasing net position.</i>	71,646,208
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease the change in net position.	(29,737,946)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase the change in net position.	178,986
GASB 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$13,097,851. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in the change in net position totaling \$13,692,598. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense decreased the change in net position by \$16,044,366. The net result is a decrease in the change in net position.	(16,639,113)
GASB 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$2,789,293. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net OPEB liability. This caused a decrease in the change in net position totaling \$2,965,907. Finally, the proportionate share of the TRS OPEB on the plan as a whole had to be recorded. The net OPEB expense decreased the change in net position by (\$17,737,121). The net result is a decrease in the change in net position.	17,560,507
<b>Change in Net Position of Governmental Activities</b>	\$ 20,226,441
