

Instruction

School Year Calendar and Day

School Calendar

The School Board, upon the Superintendent's recommendation and subject to State regulations, annually establishes the dates for opening and closing classes, teacher institutes and in-services, the length and dates of vacations, and the days designated as legal school holidays. The school calendar shall have a minimum of 185 days to ensure 176 days of actual student attendance.

Commemorative Holidays

The teachers and students shall devote a portion of the school day on each commemorative holiday designated in the School Code to study and honor the commemorated person or occasion. The Board may, from time to time, designate a regular school day as a commemorative holiday.

School Day

The Board establishes the length of the school day with the recommendation of the Superintendent and subject to State law requirements. The Superintendent or designee shall ensure that observances required by State law are followed during each day of school attendance.

Instruction

Curriculum Content

The curriculum shall contain instruction on subjects required by State statute or regulation as follows:

1. In kindergarten through grade 8, subjects include: (a) language arts, (b) reading, (c) other communication skills, (d) science, (e) mathematics, (f) social studies, (g) art, (h) music, and (i) drug and substance abuse prevention including the dangers of opioid abuse. A reading opportunity of 60 minutes per day will be promoted for all students in kindergarten through grade 3 whose reading levels are one grade level or more lower than their current grade level. Daily time of at least 30 minutes (with a minimum of at least 15 consecutive minutes if divided) will be provided for supervised, unstructured, child-directed play for all students in kindergarten through grade 5. Before the completion of grade 5, students will be offered at least one unit of cursive instruction. In grades 6, 7, or 8, students must receive at least one semester of civics education in accordance with Illinois Learning Standards for social science.
2. In grades 9 through 12, subjects include: (a) language arts, (b) writing intensive courses, (c) science, (d) mathematics, (e) social studies including U.S. history, American government and one semester of civics, (f) foreign language, (g) music, (h) art, (i) driver and safety education, and (j) vocational education.
Students otherwise eligible to take a driver education course must receive a passing grade in at least eight courses during the previous two semesters before enrolling in the course. The Superintendent or designee may waive this requirement if he or she believes a waiver to be in the student's best interest. The course shall include: (a) instruction necessary for the safe operation of motor vehicles, including motorcycles, to the extent that they can be taught in the classroom, (b) classroom instruction on distracted driving as a major traffic safety issue, (c) instruction on required safety and driving precautions that must be observed at emergency situations, highway construction and maintenance zones, including worker safety in those zones, and railroad crossings and their approaches, and (d) instruction concerning law enforcement procedures for traffic stops, including a demonstration of the proper actions to be taken during a traffic stop and appropriate interactions with law enforcement. Automobile safety instruction covering traffic regulations and highway safety must include instruction on the consequences of alcohol consumption and the operation of a motor vehicle. The eligibility requirements contained in State law for the receipt of a certificate of completion from the Secretary of State shall be provided to students in writing at the time of their registration.
3. In grades 7 through 12, as well as in interscholastic athletic programs, steroid abuse prevention must be taught.
4. In kindergarten through grade 12, provided it can be funded by private grants or the federal government, violence prevention and conflict resolution must be stressed, including: (a) causes of conflict, (b) consequences of violent behavior, (c) non-violent resolution, and (d) relationships between drugs, alcohol, and violence. In addition, anti-bias education and intergroup conflict resolution may be taught as an effective method for preventing violence and lessening tensions in schools; these prevention methods are most effective when they are respectful of individuals and their divergent viewpoints and religious beliefs, which are protected by the First Amendment to the Constitution of the United States.
5. In grades kindergarten through 12, age-appropriate Internet safety must be taught, the scope of which shall be determined by the Superintendent or designee. The curriculum must incorporate Board policy 6:235, *Access to Electronic Networks*, and, at a minimum, include: (a) education about appropriate online behavior, (b) interacting with other individuals on social networking websites and in chat rooms, and (c) cyberbullying awareness and response.

6. In all grades, students must receive developmentally appropriate opportunities to gain computer literacy skills that are embedded in the curriculum.
7. In all grades, character education must be taught including respect, responsibility, fairness, caring, trustworthiness, and citizenship in order to raise students' honesty, kindness, justice, discipline, respect for others, and moral courage. Instruction in all grades will include examples of behaviors that violate Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.
8. In all schools, citizenship values must be taught, including: (a) American patriotism, (b) principles of representative government (the American Declaration of Independence, the Constitution of the United States of America and the Constitution of the State of Illinois), (c) proper use and display of the American flag, (d) the Pledge of Allegiance, and (e) the voting process.
9. In all grades, physical education must be taught including a developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. Unless otherwise exempted, all students are required to engage in a physical education course with such frequency as determined by the Board after recommendation from the Superintendent, but at a minimum of three days per five-day week. For exemptions and substitutions, see Board policies 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students* and 7:260, *Exemption from Physical Education*.
10. In all schools, health education must be stressed, including: (a) proper nutrition, (b) physical fitness, (c) personal health habits, (d) dangers and avoidance of abduction, (e) age-appropriate and evidence-informed sexual abuse and assault awareness and prevention education in all grades, and (f) in grades 6-12, the dangers of fentanyl. The Superintendent shall implement a comprehensive health education program in accordance with State law.
11. In all schools, career/vocational education must be taught, including: (a) the importance of work, (b) the development of basic skills to enter the world of work and/or continue formal education, (c) good work habits and values, (d) the relationship between learning and work, and (e) if possible, a student work program that provides the student with work experience as an extension of the regular classroom. A career awareness and exploration program must be available at all grade levels. In grades 6-12, students engage in career exploration and career development activities to prepare them to make informed plans and decisions about their future education and career goals. In grades 9-12, a College and Career Pathway Endorsement is awarded to students who meet the requirements for a specific endorsement area.
12. In grades 9 through 12, consumer education must be taught, including: (a) financial literacy, including consumer debt and installment purchasing (including credit scoring, managing credit debt, and completing a loan application); budgeting; savings and investing; banking (including balancing a checkbook, opening a deposit account, and the use of interest rates); understanding simple contracts; State and federal income taxes; personal insurance policies; the comparison of prices; higher education student loans; identity-theft security; and homeownership (including the basic process of obtaining a mortgage and the concepts of fixed and adjustable rate mortgages, subprime loans, and predatory lending); and (b) the roles of consumers interacting with agriculture, business, labor unions and government in formulating and achieving the goals of the mixed free enterprise system.
13. In grades 9 through 12, intensive instruction in computer literacy, which may be included as a part of English, social studies, or any other subject.
14. In grades 9 through 12, a unit of instruction on media literacy that includes, but is not limited to, all of the following topics: (a) accessing information to evaluate multiple media platforms and better understand the general landscape and economics of the platforms, and issues

regarding the trustworthiness of the source of information; (b) analyzing and evaluating media messages to deconstruct media representations according to the authors, target audience, techniques, agenda setting, stereotypes, and authenticity to distinguish fact from opinion; (c) creating media to convey a coherent message using multimodal practices to a specific target audience that includes, but is not limited to, writing blogs, composing songs, designing video games, producing podcasts, making videos, or coding a mobile or software application; (d) reflecting on media consumption to assess how media affects the consumption of information and how it triggers emotions and behavior; and (e) social responsibility and civics to suggest a plan of action in the class, school, or community for engaging others in a respectful, thoughtful, and inclusive dialogue over a specific issue using facts and reason.

15. In grades 9 through 12, an opportunity for students to take at least one computer science course aligned to Illinois learning standards. Computer science means the study of computers and algorithms, including their principles, hardware and software designs, implementation, and impact on society. Computer science does not include the study of everyday uses of computers and computer applications; e.g., keyboarding or accessing the Internet.
16. In all schools, environmental education, including instruction on: (a) the current problems and needs in the conservation of natural resources and (b) beginning in the fall of 2026, instruction on climate change.
17. In all schools, instruction as determined by the Superintendent or designee on United States (U.S.) history must be taught, including: (a) the principles of representative government, (b) the Constitutions of the U.S. and Illinois, (c) the role of the U.S. in world affairs, (d) the role of labor unions, (e) the role and contributions of ethnic groups, including but not limited to, African Americans, Albanians, Asian Americans, Bohemians, Czechs, French, Germans, Hispanics (including the events related to the forceful removal and illegal deportation of Mexican-American U.S. citizens during the Great Depression), Hungarians, Irish, Italians, Lithuanians, Polish, Russians, Scots, and Slovaks in the history of this country and State, (f) a study of the roles and contributions of lesbian, gay, bisexual, and transgender (LGBT) people in the history of the U.S. and Illinois, (g) Illinois history, (h) the contributions made to society by Americans of different faith practices, including, but not limited to, Muslim Americans, Jewish Americans, Christian Americans, Hindu Americans, Sikh Americans, Buddhist Americans, and any other collective community of faith that has shaped America, (i) Native American nations' sovereignty and self-determination, both historically and in the present day, with a focus on urban Native Americans, and (j) beginning in the fall of 2024, the events of the Native American experience and Native American history within the Midwest and Illinois since time immemorial in accordance with 105 ILCS 5/27-20.05.
In addition, all schools shall hold an educational program on the United States Constitution on Constitution Day, each September 17, commemorating the September 17, 1787 signing of the Constitution. However, when September 17 falls on a Saturday, Sunday, or holiday, Constitution Day shall be held during the preceding or following week.
18. In grade 7 and all high school courses concerning U.S. history or a combination of U.S. history and American government, students must view a Congressional Medal of Honor film made by the Congressional Medal of Honor Foundation, provided there is no cost for the film.
19. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on the Holocaust and crimes of genocide, including Nazi atrocities of 1933-1945, the Native American genocide in North America, Armenian Genocide, the Famine-Genocide in Ukraine, and more recent atrocities in Cambodia, Bosnia, Rwanda, and Sudan.
20. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on the history, struggles, and contributions of women.
21. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on Black History, including the history of the pre-enslavement of Black people from

3,000 BCE to AD 1619, the African slave trade, slavery in America, the study of the reasons why Black people came to be enslaved, the vestiges of slavery in this country, the study of the American civil rights renaissance, as well as the struggles and contributions of African-Americans.

22. In all schools offering a secondary agricultural education program, the curriculum includes courses as required by 105 ILCS 5/2-3.80.
23. In all schools, instruction during courses as determined by the Superintendent or designee on disability history, awareness, and the disability rights movement.
24. In all schools, instruction as determined by the Superintendent or designee on the events of Asian American history, including the history of Asian Americans in Illinois and the Midwest, as well as the contributions of Asian Americans toward advancing civil rights from the 19th century onward, which must include the contributions made by individual Asian Americans in government and the arts, humanities, and sciences, as well as the contributions of Asian American communities to the economic, cultural, social, and political development of the United States.
25. In kindergarten through grade 8, education must be available to students concerning effective methods of preventing and avoiding traffic injuries related to walking and bicycling.

Instruction

Student Social and Emotional Development

Social and emotional learning (SEL) is defined as the process through which students enhance their ability to integrate thinking, feeling, and behaving to achieve important life tasks. Students competent in SEL are able to recognize and manage their emotions, establish healthy relationships, set positive goals, meet personal and social needs, and make responsible and ethical decisions.

The Superintendent shall incorporate SEL into the District's curriculum and other educational programs consistent with the District's mission and the goals and benchmarks of the Ill. Learning Standards. The Ill. Learning Standards include three goals for students:

1. Develop self-awareness and self-management skills to achieve school and life success.
2. Use social-awareness and interpersonal skills to establish and maintain positive relationships.
3. Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts.

The incorporation of SEL objectives into the District's curriculum and other educational programs may include but is not limited to:

1. Classroom and school-wide programming to foster a safe, supportive learning environment where students feel respected and valued. This may include incorporating scientifically based, age-and-culturally appropriate classroom instruction, District-wide, and school-wide strategies that teach SEL skills, promote optimal mental health, and prevent risk behaviors for all students.
2. Staff development and training to promote students' SEL development. This may include providing all personnel with age-appropriate academic and SEL and how to promote it.
3. Parent/Guardian and family involvement to promote students' SEL development. This may include providing parents/guardians and families with learning opportunities related to the importance of their children's optimal SEL development and ways to enhance it.
4. Community partnerships to promote students' SEL development. This may include establishing partnerships with diverse community agencies and organizations to assure a coordinated approach to addressing children's mental health and SEL development.
5. Early identification and intervention to enhance students' school readiness, academic success, and use of good citizenship skills. This may include development of a system and procedures for periodic and universal screening, assessment, and early intervention for students who have significant risk factors for social, emotional, or mental health conditions that impact learning.
6. Treatment to prevent or minimize mental health conditions in students. This may include building and strengthening referral and follow-up procedures for providing effective clinical services for students with social, emotional, and mental health conditions that impact learning. This may include student and family support services, school-based behavioral health services, and school-community linked services and supports.
7. Assessment and accountability for teaching SEL skills to all students. This may include implementation of a process to assess and report baseline information and ongoing progress about school climate, students' social and emotional development, and academic performance.

Instruction

Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s).
2. Processes that provide a student's parent(s)/guardian(s) with:
 - a. Written notification when their child is eligible for enrollment in accelerated courses; and
 - b. Notification of a decision affecting their child's participation in the APP.
3. Assessment processes that include multiple valid, reliable indicators.
4. The automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under 105 ILCS 5/2-3.64a-5, as follows:
 - a. A student who meets or exceeds State standards in English language arts shall be automatically enrolled into the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.
 - b. A student who meets or exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.
 - c. A student who meets or exceeds State standards in science shall be automatically enrolled into the next most rigorous level of advanced coursework in science.
5. Waiver of a course completion requirement under Board policy 6:300, *Graduation Requirements*, if the District determines that the student has demonstrated mastery of or competency in the content of the course or unit of instruction.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement, including strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework. Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

Transfers To and From Non-District Schools)

Instruction

Guidance and Counseling Program

The School District provides a guidance and counseling program for students. The Superintendent or designee shall direct the District's guidance and counseling program. School counseling services, as described by State law, may be performed by school counselors or licensed educators with a school support personnel endorsement in the area of school counseling.

[For Elementary and Unit Districts]

Each staff member is responsible for effectively guiding students under his/her supervision in order to provide early identification of intellectual, emotional, social, or physical needs, diagnosis of any learning disabilities, and development of educational potential. The District's counselors shall offer counseling to those students who require additional assistance.

[For High School and Unit Districts]

The guidance program will assist students to identify career options consistent with their abilities, interests, and personal values. Students shall be encouraged to seek the help of counselors to develop specific curriculum goals that conform to the student's career objectives. High school juniors and seniors will have the opportunity to receive career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

LEGAL REF.: 105 ILCS 5/10-22.24a and 5/10-22.24b.

Instruction

Student Testing and Assessment Program

The District student assessment program provides information for determining individual student achievement and instructional needs, curriculum and instruction effectiveness, and school performance measured against District student learning objectives and statewide norms.

The Superintendent or designee shall manage the student assessment program that, at a minimum:

1. Administers to students all standardized assessments required by the Ill. State Board of Education (ISBE) and/or any other appropriate assessment methods and instruments, including norm and criterion-referenced achievement tests, aptitude tests, proficiency tests, and teacher-developed tests.
2. Informs students of the timelines and procedures applicable to their participation in every State assessment.
3. Provides each student's parents/guardians with the results or scores of each State assessment and an evaluation of the student's progress. See policy 6:280, *Grading and Promotion*.
4. Utilizes professional testing practices.

Overall student assessment data on tests required by State law will be aggregated by the District and reported, along with other information, on the District's annual report card. All reliable assessments administered by the District and scored by entities outside of the District must be (1) reported to ISBE on its form by the 30th day of each school year, and (2) made publicly available to parents/guardians of students. Board policy 7:340, *Student Records*, and its implementing procedures govern recordkeeping and access issues.
