Each year, the Texas Association of School Boards (TASB) honors businesses, organizations and individuals for their support and exceptional advocacy of public schools. This statewide honor, as part of "Stand Up for Texas Public Schools," recognizes local businesses and community organizations that partner with school districts, making a difference in the lives of public-school students. The North Central Texas College's (NCTC) nursing program has been a longtime supporter of Denton ISD, partnering with the district in a variety of capacities. Over the last two years, NCTC's nursing program has collaborated with Denton ISD to provide physicals at both of the district's annual Back-to-School fairs. In addition, the NCTC nursing program hosted a teddy bear clinic at Blanton Elementary last spring to educate students about the medical profession, as well as participating in Read Across America at various schools.
