Title: Director of Technology

Subject: Verkada Camera Update

Description: We have run into a lot of damaged lines in the Phase 3 of this camera replacement. This is causing us to do a change order between 2500 and 5000. They will be bringing the boom in to finish on the week of June 10th and depending on the nature of the lines that are supposed to be a rip and replace. This is supposed to be the last time they come up here and I believe they actually should.
