

BP 1140 Responsibilities of the Board

The responsibility of the Board is the management and control of the district's schools. The Board's prime functions are the formulation of policies and the judgment of results. Its ultimate goal is the maintenance and upgrading of the educational standards and ~~resources~~ facilities so that the best possible education will be available to the children of the community.

(cf. 9300 - Governance)

The local school district has been created as a unit of state government. The Board is, therefore, responsible to the local community and to the state government. The Board may take a public position on legislation which will directly affect the education program within the community.

Members of the Board individually will refer compliments, suggestions and constructive criticism about operational matters directly to the Superintendent or designee for appropriate consideration and action. Comments affecting policy will be routed through regular channels to the Board meeting agenda for consideration by the Board as a whole.
