May:	May:

### **Strengths:**

Teachers are working well with students, families, and other staff supporting both colony schools. Parent-Teacher Conferences will be held the first week of November. The colony schools typically have 100% parent participation in fall and spring parent-teacher conferences. School has started well, benchmarking assessment has been completed for grades 2-8, and WIDA EL screening has been completed. SEPTEMBER and Teacher ATTENDANCE IS AMAZING!

### **Concerns/Needs:**

At this time, the colony schools have no additional needs. They will begin preparing for their Christmas program during the month of November.

## **Glendale Colony School**

Glendale Colony School was very busy during the month of October. We completed the MAST and District Writing Assessments. Red Ribbon Week was very busy. Cinnamon visited us to educate about the harm vaping will cause. Afterwards, we celebrated Halloween with musical chairs, bobbing for apples, pies in the face, and balloon races. It has been a busy but fun October.

## **Big Sky Colony School**

Submitted by: Jackie Racine

Big Sky colony students have had a busy month with testing, crafting, and gearing up for our Christmas program already. The students completed their first Aimsweb testing of the year as well as the first District Writing Assessment. For the first time since we've been completing the assessment on My Access, we had a student get a score of 5.9! We couldn't be prouder of our 8th grader for achieving that!

For Halloween, we had Albertsons in Cut Bank donate pumpkins to our school and we spent part of an afternoon having fun carving them. As I have said every year, I want this year's Christmas Program to be the

best one ever so we have gotten an early start planning and rehearsing our songs and plays so we can achieve that goal. We are very excited!

The month of October had a 96% attendance rate and our routine is getting smoother as the weeks go by. We will meet with parents next week for conferences and are looking forward to telling them how their students are doing.

Sincerely,

Jackie Gregoire
