School Improvement Plan Presentations –

This evening, three representatives from each of the District schools, DuJardin Elementary, Erickson Elementary, and Westfield Middle School will make presentations to the Board. These presentations will focus on the School Improvement Plan work they have engaged in since the beginning of the year.

The presentations will include:

- What the focus of their work was;
- Were they able to accomplish the goals within their plans, and;
- What the schools will address for improvement in the year to come.

Data submitted by the schools for your review is attached within the packet. There will be a time for members of the Board of Education to ask questions after each presentation.

Because Standard Based Grading was a goal for all three buildings, they will present their progress together. Due to the timing of publishing the Board Packet, the Standards Based Grading presentation will be included in your blue folder for the meeting.
