

Memo

To: Dr. Karla Guseman
CC: Board of Education
From: Dr. Ilandus Hampton
Date: March 16, 2020
Re: Asbestos and Lead Abatement for Joliet Central Media Center and Joliet West Media Center

The objective of this project is to remove asbestos and lead containing materials in a safe, legal, and cost-effective manner. The asbestos and lead abatement specifications were developed to provide contractual procedures for a Contractor to complete the project according to the rules and regulations of the Illinois Environmental Protection Agency (IEPA), and the Illinois Department of Public Health (IDPH) Asbestos Abatement Act.

A Notice was published on February 9, 2020. The district received three bids on March 5, 2020. Based on the scope review, EHC is the lowest responsible bidder (see attachment) at a cost of \$239,800.00. The project is scheduled to begin after the last day of school.

The administration recommends the Board of Education approve hiring EHC to abatement asbestos and lead for the Joliet Central Media Center and Joliet West Media Center, in the amount of \$239,800.00.
