The superintendent's decision will be final. Denied requests may be resubmitted if circumstances change or after 12 months, whichever is earlier.

Guidelines for exemption consideration:

1. Exemptions should only be approved for legitimate needs of students and their families, not mere convenience;
2. Exemptions should be consistently granted in a non-discriminatory manner;
3. Exemptions should be limited to address the specific need, with limitations communicated to the student regarding other possession and use;
4. Exemptions should only be approved when other communication methods and device availability (school phones, laptops, computers, available internet, etc.) are not adequate for the specific need;
5. Exemptions should be communicated to necessary staff in a way that protects student privacy;
6. Exemptions should minimize disruption to other students, staff and the educational environment.
