

## Board Background Information

**Subject:** Consider approval of the school improvement strategies and curriculum selected through the Targeted Improvement Plans for Wylie Elementary School, Northside Intermediate School, and Henderson Middle School.

---

**Presented for:**            **Action**   X                      **Report Only**       

In the spring of 2023, certain campuses in HISD had the opportunity to apply for and were awarded the Effective Schools Framework Focused Support Grant. The February 2025 submission of the Targeted Improvement Plan requires that we share information with the board on the school improvement strategies the campuses are engaged in through the grant and that we obtain approval of curriculum selected for next school year.

**Recommendation:** Approve the school improvement strategies and curriculum selected through the Targeted Improvement Plans for Wylie Elementary School, Northside Intermediate School, and Henderson Middle School.
