

GRADUATION REQUIREMENTS

Regular Education

A minimum of either twenty (20) units of credit or twenty-two (22) units of credit are required for graduation depending upon the year of graduation. Listed below are the units that must be completed before a student may receive a high school diploma. Each student shall demonstrate accomplishment of the standards in reading, writing, science, social studies, and mathematics adopted by the State Board of Education and pass each of the sections of the required competency test. A student not successfully passing the competency test shall graduate with a recognized diploma if the student meets the alternative graduation requirements established by A.R.S. 15-701.02. The Superintendent shall prepare regulations to implement the alternative graduation requirements and appoint a hearing officer for appeals.

Graduation requirements may be met as follows:

- By successful completion of subject area course requirements.
- By mastery of the standards adopted by the State Board of Education and other competency requirements for the subject as determined by the Governing Board in accord with A.A.C. R7-2-302.04 and rules established by the Superintendent.
- By earning credits through correspondence courses (limited to one [1] in each of the four [4] major subject areas) and/or by passing appropriate courses at the college or university level if the courses are determined to meet standards and criteria established by the Board and in accord with A.R.S. 15-701.01.
- An out-of-state transfer student is not required to pass the competency test to graduate if the student has successfully passed a statewide assessment test on state adopted standards that are substantially equivalent to the State Board Adopted Academic Standards.

Graduation requirements by year of graduation are:

2008-2009 through 2010-2011:

English -----	4.0 units
Math -----	2.0 units
Science -----	2.0 units
United States and Arizona Constitutions and United States and Arizona History -----	1.5 units
World History, Geography, and Apache History -----	2.0 unit
Free Enterprise -----	0.5 unit
Fine Arts or Vocational Education -----	1.0 unit
Electives -----	<u>7.0 units</u>
Total -----	<u>20.0 units</u>

2011-2012:

English -----	4.0 units
Math -----	3.0 units
Science -----	2.0 units
American Government and Arizona Government -----	0.5 unit

Total -----	<u>22.0 units</u>

* In lieu of one (1) credit of Algebra II or its equivalent course content a student may request a personal curriculum in mathematics following R7-2-302.03.

Special Education

Listed above, under "Regular Education," are the requirements that must be completed before a student may receive a high school diploma. Completion of graduation requirements for special education students who do not meet the required units of credit shall be determined on a case-by-case basis in accordance with the special education course of study and the individualized education program of the student. Graduation requirements established by the Governing Board may be met by a student as defined in A.R.S. 15-701.01 and A.A.C. R7-2-302.

Competency requirements. Any student who is placed in special education classes, grades nine (9) through twelve (12), is eligible to receive a high school diploma without meeting state competency requirements, but reference to special education placement may be placed on the student's transcript or permanent file.

REGULATION**REGULATION****GRADUATION REQUIREMENTS****(Determining Competency for Graduation Credit)**

Determination and verification of student accomplishment of subject-area course requirements and/or competencies for graduation credit shall be the responsibility of a subject-area teacher and, at a minimum, shall be in accord with the following:

- The student shall have successfully completed the subject-area course requirement incorporating the standards and competencies adopted by the State Board of Education from the course of study as determined by the Governing Board in accord with the District's designated grading system; or
- As an alternative to completing the course requirements, a student may request, upon a showing of familiarity with the subject matter of the course, an examination on the competencies of the course. The student may take an examination on a particular course one (1) time only in an academic year. The examination shall be prepared by a teacher of the subject matter who is designated by the Superintendent. To receive graduation credit, the student must demonstrate accomplishment of the standards and competencies adopted by the State Board of Education and the Governing Board, respectively. Demonstration of accomplishment of the skills and competencies shall be determined in accord with accepted practices in evaluation of students. A copy of the test results, verified by the appointed teacher, shall be filed with the student's records.

REGULATION**REGULATION****GRADUATION REQUIREMENTS****(Alternative Graduation Requirement)**

Pursuant to A.R.S. 15-701.02, A.A.C. R7-2-302.06 and R7-2-302.07, a pupil who fails to achieve a passing score on the State Board required competency test in reading, writing, and mathematics assessment for high school graduation during the 2007-2008 through the 2010-2011 school years and thereafter may graduate if the student meets the alternative graduation requirements. Using the state approved formula, this process allows a pupil to augment their State Board required competency test scores with additional points derived from classroom performance. The pupil must meet the eligibility requirements described below to be eligible to receive augmentation points. Points are calculated using grades of C or better in the state specified credits of required coursework.

- *Threshold determination:*
 - If a student's augmented assessment scores would not meet or exceed the "Meets the Standard" threshold if augmented by twenty-five percent (25%) for school years 2007-2008 and 2008-2009, by fifteen percent (15%) for school year 2009-2010, or by five percent (5%) for school year 2010-2011 and thereafter, no additional credit shall be calculated per A.R.S. 15-701.02(c).
- *Eligibility requirements for augmentation:*
 - The student must have completed with a passing grade all coursework and credits prescribed for the graduation of pupils from high school by the governing board of the student's school district or charter school.
 - The student must have taken the State Board standards assessment at every administration when the pupil was eligible to take the test after August 12, 2005.
 - The student must have participated in any academic remediation program available in the student's school in those subject areas where the student failed to achieve a passing score on the State Board competency test.
- *Failure to meet eligibility requirements - Appeal:*

REGULATION**REGULATION**

- If a student is not eligible for the standards assessment score augmentation due to failure to:

- ▲ Have taken the State Board competency test at every administration when the pupil was eligible to take the test after August 12, 2005. An appeal, following the procedures indicated below, may be requested in which the student or parent shall have the burden of demonstrating what circumstances prevented compliance with this requirement. An appeal should be granted only upon presentation of credible evidence that extreme circumstances made the student ineligible for each State Board competency test administration the student did not attend.

- ▲ Have participated in any academic remediation program available in the student's school in those subject areas where the student failed to achieve a passing score on the State Board competency test. An appeal, following the procedures indicated below, may be requested in which the student or parent shall have the burden of demonstrating what circumstances prevented compliance with this requirement. An appeal should be granted only upon presentation of credible evidence that the student participated in a least one state or school sanctioned remediation program in those subject areas where that student failed to achieve a passing score on the State Board competency test.

- *Appeal procedure:*

- If a senior student fails a subject matter competency test, that student may request an appeal by submitting a petition form prepared by the District to the high school principal within ten (10) days of being notified of failure to achieve "Meets the Standard" on any section of the State Board competency test. The principal shall be the hearing authority for all appeals.
- School officials shall provide adequate notice to the pupil and the pupil's parents or guardians regarding the date, time, and place of the appeal. A pupil or a pupil's representative may participate in the appeal either personally, by telephone, or by providing written documentation.

REGULATION**REGULATION**

- The student or parent shall have the burden of demonstrating what circumstances prevented compliance with the requirements.
- An appeal shall be granted only (see Suggested Basis for Appeal below):
 - ▲ Upon presentation of credible evidence that extreme circumstances made the student ineligible for each State Board competency test administration the student did not attend.
 - ▲ Upon presentation of credible evidence that the student participated in a least one (1) state or school sanctioned remediation program in those subject areas where that student failed to achieve a passing score on the State Board competency test.
- The response to the appeal shall be in writing within five (5) days of the appeal hearing.
- The decision of the principal is final.

Suggested Basis for Appeal

A student who has not satisfied the requisites of A.A.C R7-2-602.6 (C)(2) and/or (3) to qualify for the alternative graduation requirement may appeal the determination to the Governing Board when one (1) or more of the conditions listed below exist:

- The student was precluded from taking all available administrations of the AIMS assessment, or has not fully participated in the school's academic remediation program, due to a bona fide emergency. For the purpose of this policy a bona fide emergency is defined as a circumstance beyond the student's or the student's family's control. Examples of a bona fide emergency may include, but are not limited to the following:
 - The student's sudden serious illness or injury simultaneously with the assessment or remediation program offering as attested as affirmed by a licensed medical practitioner.
 - The sudden serious illness, injury, or death of an immediate member of the student's family, as defined in Board Policy GCCA, when such circumstance prevented the student's attendance for an assessment or a remediation program offering, and when affirmed by a licensed medical practitioner.

REGULATION**REGULATION**

- Weather or road conditions that interfered with the student's attendance at the assessment or remediation program offering when the condition was declared by or has been verified with appropriate public authorities.
- A religious event of the student's and/or the student's family's faith when the student and/or the student's family have historically and consistently participated in the religious event in lieu of any other event occurring at the same time.

The school principal must have received from the student's parent(s) written, dated, and signed notification within twenty-four (24) hours, or as soon thereafter as is practicable, of any event that prevented the student from participating in the assessment or the remediation program offering. Notification by telephone or other means may temporarily suffice, but must be validated by a written, dated, and signed notification not less than fourteen (14) calendar days from the date of the event.

Other extreme and extraordinary circumstances may be considered for appeal by the Board when credible evidence is provided affirming actual occurrence of the extreme and extraordinary circumstance.

GRADUATION REQUIREMENTS

ALTERNATIVE GRADUATION REQUIREMENTS APPEAL FORM

Appeal procedure:

- The student may request an appeal by submitting a request on a petition form prepared by the District to the high school principal within ten (10) days of being notified of failure to achieve "Meets the Standard" on any section of the State Board competency test. The principal shall be the hearing authority for all appeals.
- School officials shall provide adequate notice to the pupil and the pupil's parents or guardians regarding the date, time, and place of the appeal. A pupil or a pupil's representative may participate in the appeal either personally, by telephone, or by providing written documentation.
- The student or parent shall have the burden of demonstrating what circumstances prevented compliance with the requirements.
- An appeal shall be granted only:
 - Upon presentation of credible evidence that extreme circumstances made the student ineligible for each State Board competency test administration the student did not attend.
 - Upon presentation of credible evidence that the student participated in a least one state or school sanctioned remediation program in those subject areas where that student failed to achieve a passing score on the State Board competency test.
- The response to the appeal shall be in writing within five (5) days of the appeal hearing.
- The decision of the principal is final.

EXHIBIT**EXHIBIT****GRADUATION REQUIREMENTS****AUGMENTATION POINTS CALCULATIONS****Threshold Determination**

Multiply "Meets the Standard" for each section of the State Board competency test by the factor listed below by year of graduation to determine the score that must be met at a minimum before the augmentation procedure may be completed.

<u>Graduation year</u>	<u>Factor</u>
2007-2008 and 2008-2009	.75
2009-2010	.85
2010-2011 and thereafter	.95

Example: In the graduation year 2008-2009 if the "Meets the Standard" score for reading were to be 674. Then, multiplying 674 times .75 produces 505.5, rounded to 506, would produce the test score below which no augmentation scores will be calculated and for which no appeal would be allowed for the year 2008-2009. The "Meets the Standards Scores" will be determined the State.

Calculation of Augmentation points to be used for each competency test section failed when the threshold is met.

Only classes that satisfy the specifically required subject matter credits by the State Board for graduation shall be included in the calculation of the augmentation score. Use the highest grades earned or if advanced placement/honors courses the grade credited with the most points per R7-2-302.07(E)(b & c).
