

September 2023 Board Report

TO: NBCUSD #16 Board of Education, Mrs. Jill Larson, Superintendent

From: Hattie Llewellyn, High School Principal

School/Building Improvement:

- MTSS Grade Level teams have been meeting each week to discuss student concerns and supports that are provided through Advisory period.
- On September 15th, the NBHS students participated in Pretzels with a Purpose. This is a program that was designed and planned by last year's Instructional Leadership Team in which each grade level accesses the Major Clarity Program during one session, participates in SEL lessons through Nearpod during one session, and participates in Academic Goal Setting and Community Service Planning during one session. It was truly a team effort and every staff member played an integral role in making this happen. We plan to continue this for the remaining 3 SIP Dismissal days.
- SIP Inservice - during the afternoon sessions, staff participated in our NBHS Data Dive and were assigned to groups that analyzed last year's 5 Essentials Data, Panorama Survey Data, PBIS Data, Academic Failure Data, as well as a few other targeted areas. They provided feedback on our results and a plan on making improvements for this school year.
