B. 302 Superintendent	4
C. 211 Criminal or Civil Action Against School District, School Board Member, Employee, or Student	6
D. 401 Equal Employment Opportunity	9
E. 420 Communicable Diseases and Infectious Conditions	12
F. 604 Instructional Curriculum	15

5. REGULATIONS - Informational

6. OTHER

208 DEVELOPMENT, ADOPTION, AND IMPLEMENTATION OF POLICIES

I. PURPOSE

The purpose of this policy is to emphasize the importance of the policy-making role of the school board and provide the means for it to be an ongoing effort.

II. GENERAL STATEMENT OF POLICY

Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient, and consistent manner. A set of written policies shall be maintained and modified as needed. Policies should define the desire and intent of the school board and should be in a form that is sufficiently explicit to guide administrative action.

III. DEVELOPMENT OF POLICY

- A. The school board has jurisdiction to legislate policy with the force and effect of law for the school district. School district policy provides the school board's general direction for the school district while delegating policy implementation to the administration.
- B. The school district's policies provide guidelines and goals to the school community. The policies are the basis for guidelines and directives created by the administration. The school board shall determine the effectiveness of policies by evaluating periodic reports from the administration.
- C. Policies may be proposed by a school board member, employee, student, or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review prior to possible placement on the school board agenda.

IV. ADOPTION AND REVIEW OF POLICY

- A. The school board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two school board meetings. The proposals shall be distributed and public comment will be allowed at both meetings.
- B. The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the school board at a meeting after the two meetings at which public input was received. The policy will be effective on the latter of the date of passage or the date stated in the motion.
- C. In an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the school board in a single meeting. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The policy adopted in an emergency shall expire within one year following the emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The school board shall have discretion to determine what constitutes an emergency.
- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

V. IMPLEMENTATION OF AND ACCESS TO POLICY

- A. The superintendent shall be responsible for implementing school board policies, other than the policies that cover how the school board will operate. The superintendent shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. These guidelines and directives, including employee and student handbooks, shall be subject to annual review and approval by the school board.
- B. Each school board member shall have access to school district policies. An electronic copy of the school district policies shall be placed on the district website. Paper copies shall be placed in the Superintendent's office and shall be available for reference purposes to other interested persons.
- C. The superintendent, employees designated by the superintendent, and individual school board members shall be responsible for keeping the policy current.
- D. The school board shall review policies at least once every three years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one third of the policies annually. In addition, the school board shall review the following policies annually: 506 Student Discipline; 722 Public Data Requests; and 806 Crisis Management Policy.
- E. When no school board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping in mind the mission, educational philosophy, and financial condition of the school district. Under such circumstances, the superintendent shall advise the school board of the need for a policy and present a recommended policy to the school board for approval.

302 SUPERINTENDENT

I. PURPOSE

The purpose of this policy is to recognize the importance of the role of the superintendent and the overall responsibility of that position within the school district.

II. GENERAL STATEMENT OF POLICY

The school board shall employ a superintendent who shall serve as an ex officio, nonvoting member of the school board and as chief executive officer of the school system.

III. GENERAL RESPONSIBILITIES

- A. The superintendent is responsible for the management of the schools, the administration of all school district policies, and is directly accountable to the school board.
- B. The superintendent **or designee** shall annually evaluate each principal assigned responsibility for supervising a school building in the district.
- C. The superintendent may delegate responsibilities to other school district personnel, but shall continue to be accountable for actions taken under such delegation.
- D. Where responsibilities are not specifically prescribed, nor school board policy applicable, the superintendent shall use personal and professional judgment, subject to review by the school board.
- E. **Inform and make available to all School Board members prospective or other legal suits filed by or against the School District; offers to purchase school property; and petitions received by the School District.**

211 CRIMINAL OR CIVIL ACTION AGAINST SCHOOL DISTRICT, SCHOOL BOARD MEMBER, EMPLOYEE, OR STUDENT

I. PURPOSE

The purpose of this policy is to provide guidance about the school district's position, rights, and responsibilities when a civil or criminal action is pending against the school district, or a school board member, school district employee, or student.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that, when civil or criminal actions are pending against a school board member, school district employee, or student, the school district may be requested or required to take action.
- B. In responding to such requests and/or requirements, the school district will take such measures as are appropriate to its primary mission of providing for the education of students in an environment that is safe for staff and students and is conducive to learning.
- C. The school district acknowledges its statutory obligations with respect to providing assistance to school board members and teachers who are sued in connection with performance of school district duties. Collective bargaining agreements and school district policies may also apply.

III. CIVIL ACTIONS

- A. Pursuant to Minnesota Statutes section 466.07, subdivision 1, the school district shall defend and indemnify any school board member or school district employee for damages in school-related litigation, including punitive damages, claimed or levied against the school board member or employee, provided that the school board member or employee was acting in the performance of the duties of the position and was not guilty of malfeasance, willful neglect of duty, or bad faith.
- B. Pursuant to Minnesota Statutes section 123B.25(b), with respect to teachers employed by the school district, upon written request of the teacher involved, the school district must provide legal counsel for any school teacher against whom a claim is made or action is brought for recovery of damages in any tort action involving physical injury to any person or property or for wrongful death arising out of or in connection with the employment of the teacher with the school district. The school district will choose legal counsel after consultation with the teacher.

- C. Data Practices

Educational data and personnel data maintained by the school district may be sought as evidence in a civil proceeding. The school district will release the data only pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 and to the Family Educational Rights and Privacy Act, 20 United States Code section 1232g, and related regulations. When an employee is subpoenaed and is expected to testify regarding educational data or personnel data, the employee will inform the building administrator or designated supervisor, who shall immediately inform the superintendent or designee. No school board member or employee may release data without consultation in advance with the school district official designated as the responsible authority for the collection, use, and dissemination of data.

D. Service of Subpoenas

School district officers and employees will normally not be involved in providing service of process for third parties in the school setting.

E. Leave to Testify

Leave for employees appearing in court, either when sued or under subpoena to testify, will be considered in accordance with school district personnel policies and applicable collective bargaining agreements.

IV. CRIMINAL CHARGES OR CONDUCT

A. Employees

1. The school district expects that its employees serve as positive role models for students. As role models for students, employees have a duty to conduct themselves in an exemplary manner.
2. If the school district receives information relating to activities of a criminal nature by an employee, the school district will investigate and take appropriate disciplinary action, which may include discharge, subject to school district policies, statutes, and provisions of applicable collective bargaining agreements.
3. Pursuant to Minnesota Statutes section 123B.02, subdivision 20, if reimbursement for a criminal defense is requested by a school district employee, the school board may, after consulting with its legal counsel, reimburse the employee for any costs and reasonable attorney fees incurred by the employee to defend criminal charges brought against the employee arising out of the performance of duties for the school district. The decision whether to reimburse shall be made in the school board's discretion. A school board member who is a witness or an alleged victim in the case may not vote on the reimbursement. If a quorum of the school board is disqualified from voting on the reimbursement, the reimbursement must be approved by a judge of the district court.

B. Students

The school district has an interest in maintaining a safe and healthful environment and in preventing disruption of the educational process. To promote that interest, the school district will take appropriate action regarding students convicted of crimes that relate to the school environment.

C. Criminal Investigations

1. The policy of the school district is to cooperate with law enforcement officials. The school district will make all efforts, however, to encourage law enforcement officials to question students and employees outside of school hours and off school premises unless extenuating circumstances exist, the matter being investigated is school-related, or as otherwise provided by law.
2. If questioning at school is unavoidable, the school district will attempt to maintain confidentiality to avoid embarrassment to students and employees and to avoid disruption of the educational program. The school district will attempt to notify parents of a student under age 18 that police will be questioning their child. Normally, the superintendent, principal, or other appropriate school official will be present during the interview, except as

otherwise required by law (Minnesota Statutes section 260E.22), or as otherwise determined in consultation with the parent or guardian.

D. Data Practices

The school district will release to juvenile justice and law enforcement authorities educational and personnel data only in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) and 20 United States Code section 1232g (FERPA).

V. STATEMENTS WHEN LITIGATION IS PENDING

The school district recognizes that when a civil or criminal action is commenced or pending, parties to the lawsuit have particular duties in reference to persons involved or named in the lawsuit, as well as insurance carrier(s). Therefore, school board members or school district employees shall make or release statements in that situation only in consultation with legal counsel.

401 EQUAL EMPLOYMENT OPPORTUNITY

I. PURPOSE

The purpose of this policy is to provide equal employment opportunity for all applicants for school district employment and school district employees.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide equal employment and promotional opportunities for all applicants and employees. The school district does not unlawfully discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, sexual orientation, including gender identity or expression, age, family care leave status, or veteran status. The school district also makes reasonable accommodations for employee with a disability.

[NOTE: The Minnesota Human Rights Act defines states, "sSexual orientation" means to whom someone is, or is to include "having or being perceived as being, emotionally, physically, or sexually attracted to based on sex or gender identity. A person may be attracted to men, women, both, neither, or to people who are genderqueer, androgynous, or have other gender identities.having a self image or identity not traditionally associated with one's biological maleness or femaleness." Minnesota Statutes, section 363A.03, subdivision 44.]

The School District, in accordance with all applicable federal, state, and local anti-discrimination laws, including Chapter 363A of Minnesota Statutes, will use approved traditional and non-traditional methods to recruit, employ, train, assign, transfer, retain, and to promote equity in employment of women, people of color and other legally protected characteristics.

- B. The school district prohibits the harassment of any individual for any of the categories listed above. For information about the types of conduct that constitute impermissible harassment and the school district's internal procedures for addressing complaints of harassment, please refer to the school district's policy on harassment and violence.
- C. This policy applies to all areas of employment including hiring, discharge, promotion, compensation, facilities, or privileges of employment.
- D. Every school district employee shall be responsible for following this policy.
- E. *Refer to District [Policy 103 Complaints – Students, Employees, Parents, Other Persons](#) for complaint and grievance procedures.*
- F. Any person having a question regarding this policy should discuss it with the ~~Executive~~ Director of Human Resources ~~and Operations~~, the Title IX Coordinator or the Section 504 Coordinator.

420 COMMUNICABLE DISEASES AND INFECTIOUS CONDITIONS

I. PURPOSE

To ensure the health and safety of all students, staff, and contractors within our school district, the school board is committed to implementing measures that prevent the spread of serious communicable and infectious diseases. This policy aims to balance the need to protect public health with the rights of all individuals, including those who may be infected. By adopting these measures, we can create a safe and welcoming learning environment for everyone.

II. GENERAL STATEMENT OF POLICY

A. Students

The policy of the school board is that students with communicable diseases not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

The policy of the school board is that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally, and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission, such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether a contagious individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case by case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the carrier is infectious), the severity of the risk (what is the potential harm to third parties), and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student is disabled, such a determination will be made in consultation with the educational planning team.
2. The school board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious conditions than other persons infected with the same illness. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions, or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee by consulting with the Commissioner of Health, the physician of the student or employee, and the parent(s)/guardian(s) of the student.

D. Students with Special Circumstances and Conditions

The school licensed nurse, along with the infected individual's physician, the infected individual or parent(s)/guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by the state epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular, and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals taking into consideration any guidelines of the Minnesota Department of Education and the Minnesota Department of Health. (These precautionary procedures shall be consistent with the school district's procedures regarding blood-borne pathogens developed pursuant to the school district's employee right to know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational interest (including health and safety) in such information and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right to know requirements.
2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a medical condition of student or staff threatens public health, it must be reported to the Minnesota Commissioner of Health.

I. Prevention

The school district shall, with the assistance of the Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with Minnesota Statutes section 121A.23 that includes:

1. planning materials, guidelines, and other technically accurate and updated information;
2. a comprehensive, developmentally appropriate, technically accurate, and updated curriculum that includes helping students to abstain from sexual activity until marriage;
3. cooperation and coordination among school districts and Service Cooperatives;

4. a targeting of adolescents, especially those who may be at high risk of contracting sexually transmitted diseases and infections, for prevention efforts;
5. involvement of parents and other community members;
6. in-service training for district staff and school board members;
7. collaboration with state agencies and organizations having a sexually transmitted infection and disease prevention or sexually transmitted infection and disease risk reduction program;
8. collaboration with local community health services, agencies and organizations having a sexually transmitted infection and disease risk reduction program; and
9. participation by state and local student organizations.
10. The program must be consistent with the health and wellness curriculum.
11. The school district may accept funds for sexually transmitted infection and disease prevention programs developed and implemented under this section from public and private sources, including public health funds and foundations, department professional development funds, federal block grants, or other federal or state grants.

J. Vaccination and Screening

The school district will develop procedures regarding the administration of Hepatitis B vaccinations and Tuberculosis screenings in keeping with current state and federal law. The procedures shall provide that the Hepatitis B vaccination series be offered to all who have occupational exposure at no cost to the employee.

604 INSTRUCTIONAL CURRICULUM

I. PURPOSE

The purpose of this policy is to provide for the development of course offerings for students.

II. GENERAL STATEMENT OF POLICY

- A. Instruction must be provided in at least the following subject areas:
 - 1. basic communication skills including reading and writing, literature, and fine arts;
 - 2. mathematics and science;
 - 3. social studies, including history, geography, economics, government, and citizenship;
 - 4. health and physical education;
 - 5. the arts;
 - 6. career and technical education; and
 - 7. world languages.
- B. The basic instructional program shall include all courses required for each grade level by the Minnesota Department of Education (MDE) and courses required in all elective subject areas. The instructional approach will be nonsexist and multicultural.
- C. Public elementary and middle schools must offer at least three and require at least two, of the following five art areas: dance, media arts, music, theater, and visual arts. High schools shall offer at least three, and require at least one, of the following five arts areas: dance, media arts, music, theater, and visual arts.
- D. The school district must establish and regularly review its own standards for career and technical education (CTE) programs. Standards must align with CTE frameworks developed by the Department of Education, standards developed by national CTE organizations, or recognized industry standards.
- E. The school board, at its discretion, may offer additional courses in the instructional program at any grade level.
- F. Each instructional program shall be planned for optimal benefit taking into consideration the financial condition of the school district and other relevant factors. Each program plan should contain goals and objectives, materials, minimum student competency levels, and methods for student evaluation.
- G. The superintendent shall have discretionary authority to develop guidelines and directives to implement school board policy relating to instructional curriculum.
- H. The school district may not discriminate against or discipline a teacher or principal on the basis of incorporating into curriculum contributions of persons in a federally protected class or state protected class when the included contribution is in alignment with standards and benchmarks adopted under Minnesota Statutes, sections 120B.021 and 120B.023.

III. REQUIRED ACADEMIC STANDARDS

- A. The following subject areas are required for statewide accountability:
 - 1. language arts;
 - 2. mathematics, encompassing algebra II, integrated mathematics III, or an equivalent in high school, and to be prepared for the three credits of mathematics in grades 9 through 12, the grade 8 standards include the completion of algebra;
 - 3. science, including earth and space science, life science, and the physical sciences, including chemistry and physics;
 - 4. social studies, including history, geography, economics, and government and citizenship that includes civics;
 - 5. physical education;
 - 6. health, for which locally developed academic standards apply; and
 - 7. the arts.
- B. Elementary and middle schools must offer at least three and require at least two of the following five arts areas: dance, media arts, music, theater, and visual arts. High schools must offer at least three and require at least one of the following five arts areas: media arts, dance, music, theater, and visual arts.

IV. PARENTAL CURRICULUM REVIEW

The school district shall have a procedure for a parent, guardian, or an adult student, 18 years of age or older, to review the content of the instructional materials to be provided to a minor child or to an adult student and, if the parent, guardian, or adult student objects to the content, to make reasonable arrangements with school personnel for alternative instruction. Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

V. CPR AND AED INSTRUCTION

The school district will provide onetime cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) instruction as part of its grade 7 to 12 curriculum.

- A. In the school district's discretion, training and instruction may result in CPR certification.
- B. CPR and AED instruction must include CPR and AED training that have been developed:
 - 1. by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or

2. using nationally recognized, evidence-based guidelines for CPR and incorporate psychomotor skills to support the instruction. "Psychomotor skills" means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.
- C. The school district may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training.
- D. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability.

VI. COLLEGE AND CAREER PLANNING

- A. The school district shall assist all students by no later than grade 9 to explore their educational college and career interests, aptitudes, and aspirations and develop a plan for a smooth and successful transition to postsecondary education or employment. All students' plans must:
 1. provide a comprehensive plan to prepare for and complete career and college-ready curriculum by meeting state and local academic standards and developing career and employment-related skills such as teamwork, collaboration, creativity, communication, critical thinking, and good work habits;
 2. emphasize academic rigor and high expectations and inform the student, and the student's parent or guardian if the student is a minor, of the student's achievement level score on the Minnesota Comprehensive Assessments that are administered during high school;
 3. help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college-ready goals and postsecondary education and employment choices;
 4. set appropriate career and college-ready goals with timelines that identify effective means for achieving those goals;
 5. help students access education and career options;
 6. integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;
 7. help identify and access appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;
 8. help identify collaborative partnerships among pre-kindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transitions to postsecondary education and employment and provide students with applied and experiential learning opportunities; and

9. be reviewed and revised at least annually by the student, the student’s parent or guardian, and the school district to ensure that the student’s course-taking schedule keeps the student on track for graduation, making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.
- B. The school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.
 - C. Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career and college ready.
 - D. When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, school districts must recognize the unique possibilities of each student and ensure that the contents of each student’s plan reflect the student’s unique talents, skills, and abilities as the student grows, develops, and learns.
 - E. If a student with a disability has an Individualized Education Program (IEP) or standardized written plan that meets the plan components herein, the IEP satisfies the requirement, and no additional transition plan is needed.
 - F. Students who do not meet or exceed the Minnesota Academic Standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of the compulsory attendance law. A student’s plan under this provision shall continue while a student is enrolled.
