

SUBJECT: Consideration and possible approval of a material testing services agreement with Terracon Consultants, Inc. for the 2022 Bond New Williams Elementary School Replacement Project in the amount of \$120,205.

BACKGROUND: Material testing services are provided on construction projects to verify that the materials used during construction comply with the project specifications. Test results and opinions based on tests and field observations are provided to reduce project risk.

The Facilities and Construction Department is recommending Terracon Consultants, Inc. for approval.

Contract Amount: \$120,205

FINANCIAL IMPLICATIONS: Funding is provided by the New Williams Elementary School Replacement Project budget.

RECOMMENDATION: We recommend approval of a material testing services agreement with Terracon Consultants, Inc. for the 2022 Bond New Williams Elementary School Replacement Project in the amount of \$120,205.
