ACTION

BACKGROUND INFORMATION

Albert Walker presented recommendations for meal pricing for 2012-2013 previously for the Board. We must move forward toward USDA recommended pricing for equity. His recommended prices for this year get us the required step forward USDA expects without taking us all the way to maximum recommended – and reduces impact on families all at once.

Additionally, locally we agree with his recommendation to discontinue subsidizing adult meal prices and charge the full recommended \$3.00 / meal for lunch.

ADMINISTRATIVE RECOMMENDATION

Approve recommendations of WQS and Food Service for meal prices for 2012-2013.
