Complete the form found in the Welcome to Our Meeting brochure (print legibly) and give it to the Presiding Officer or the Recording Secretary before the meeting is called to order.

The Superintendent reported the time of year when District staff carefully monitors numbers for class size to determine if changes in classroom sections are necessary. This is part of what the District does to keep a neighborhood school. He also reported that there have been issues at Mill Creek with the roof, and that they are planning to put in scuppers to address the issues. The District brought a firm out that worked along with our crews to run a camera down a drain pipe. It was determined that the drain pipe went into the floor, but did not connect to anything that would allow it to drain. This issue has been resolved by connecting the pipe to the storm water drain system.
