

BOARD REPORT

TECHNOLOGY

October, 2025

The year is off to a great start. I am currently working on the OKAW budget. We are replacing computers and adding technology in Mr. Griffin's room, as well as other CTE classrooms. We are putting the old computers into the computer lab.

Training software for ROTC was installed in the library

A computer is being setup for the electrical class to work on circuit boards.

Working on completing the projector and screen in Bluffview Gym

A new hard drive was installed due to the NVR having some issues.

As needed, I am installing new computers, that were purchased with grant money, throughout the district.

A few more cameras were added to the network.

A Cyber Security phishing exercise was conducted and I will be talking to the staff about the results and the reason why we did the exercise.

A new static IP address was added for the E-Sports lab.

I am continuing to work on creating V-Lans for the wireless network.

Classroom switches are being replaced with faster devices.

Continuous updates are being done on classroom equipment and we are making sure everything is working properly.

I welcome any questions or comments from you. I can be reached at school at x2142, on the cell at 618-301-0487, or by email at laldridge@dupo196.org
