INTERNATIONAL TOUR PROPOSAL

Paris and the Riviera

Prepared for: Libby Mahoney
Mahtomedi High School

Your partner in global education

As the **World Leader in International Education**, we've partnered with educators around the world for over 50 years to help students gain new perspectives and build skills for the future through experiential learning. We provide a range of travel programs—Educational Tours, Language Immersion Tours, Service Learning Tours, Global Student Leaders Summits and Custom-Designed Tours—that help prepare students for the future by teaching them more about the world, themselves, and their place in the world. Combining the power of experiential learning with the thrill of global travel, our tours help students:

- Expand their knowledge of the world around them
- Understand new people, places, and cultures
- Discover more about themselves
- Grow more confident and independent

When students grow in these ways, they become more curious, more open-minded, and more excited about the future.

What we'll cover in this document

We've created this document specifically for you, your school, and your students. It outlines the details of your proposed tour and the life-changing experiential learning opportunities that await your students.

weShare: Personalized Learning

Every tour comes with weShare, a personalized learning experience powered by students' curiosity. Using EF's guided learning model, students use their strengths to investigate an issue or topic that inspires them. They reflect on what they've learned through a post-tour project that gives even more meaning to travel—and can earn them academic credit.

Earning credit

Students can earn credit by traveling on an EF tour and completing required coursework. We offer choices, so you can find the credit option that best fits you and your students' needs.

- Students in grades 6-12 can earn high school credit with weShare, EF's personalized learning experience, by developing an essential question to investigate on tour and creating a post-tour project. Successful course completion will earn students 0.5 elective high school credits.
- Students in grades 9-12 can earn university credit by completing a series of assignments and a final research project with EF's university partner, Southern New Hampshire University. Successful course completion will earn students 3.0 university credits.

We'll handle the details

As your educational travel partner, we work with teachers, students and parents to ensure a seamless experience—before, during and after tour. In other words, we're with you every step of the way.

BEFORE TOUR

Support Team and resources

Dedicated Tour Consultants guide teachers through the planning process, while Local Representatives from your area work face-to-face to provide support. We give teachers their own personal tour website with helpful tools to share tour information, manage deadlines and more. In addition to online resources, we also provide an array of printed materials for teacher, students and parents.

International Training Tours

Ensuring teachers are fully prepared to lead an EF tour is our commitment to your school community. Through our blended learning model, all first-time EF Group Leaders receive complimentary international training. Conducted by EF personnel and experienced EF Group Leaders, the program includes online, classroom and experiential learning components. In the event a Group Leader cannot attend one of these complimentary tours, we offer live webinars to prepare them and answer questions before they travel.
