

Consent Action Item – F2

Subject: Consider/Approve Budget
Amendments

ACTION

Background Information:

In compliance with the Financial Accountability System Resource Guide, the administration presents amendments to current year's budget along with other grant programs information.

Administrative Consideration:

The Service Center accounts for each program separately to meet grant reporting requirements or for management's use by detailing anticipated receipts and expenditures.

The official budget adopted by the Service Center consisted of the General Fund. Other individual grant program budgets included in the following pages are provided for grant participation information and/or approval.

Amendments made to the adopted budget along with information regarding other grant programs follow for your review.

Administrative Recommendation:

It is recommended the Board approve amendment to the Service Center's adopted budget and other grant participation information as presented.

Board Action Requested:

Motion for approval.
