MEMORANDUM

TO: Dr. Jeff Stephens & Weber School District Board Members

FROM: Clyde Moore

DATE: October 28, 2020

SUBJECT: 2021-2022 School Calendar Proposal (1st Reading)

The calendar committee met recently to consider several possible calendars for the school year 2021-2022. School, district administration, parents, PTSA, WEA, classified employees and teachers were invited and allowed to give input at that meeting.

Additionally, these final calendar choices were sent to the schools and employee groups to allow them to obtain input on the local level.

Based on that input, the committee would like to recommend to the Board the attached Calendar C 2021-2022 calendar for consideration and approval on a first reading.
