RE: Letter of Decision
Case # 21-SU-03 Telecommunication Tower Special Use Request

Dear Mary Catherine,

At the Planning Commission meeting dated December 14, 2021, the Planning Commission considered your request for the special use of a telecommunication tower at 703 W. Chisholm St.

This letter is to confirm the result of the meeting where the Planning Commission granted your special use request based on the Findings of Fact presented. The special use permit shall expire unless the use has begun within one year of approval. Please plan to submit three sets of drawings with your building permit application. Prior to construction beginning, the Plan Review must be complete and a Building Permit must be issued by the City of Alpena.

If you have any questions regarding this decision or if we can assist you further, please feel free to reach out to our department at your convenience.

Sincerely,

Montiel Birmingham
