**V. Board Training – Finance**

Joe Aliperto did a deeper dive into the September financials. There was discussion. Ms. Winter asked about the charter school “growth trap”; that charter schools have to keep growing to make their budget work. The 2% increase in funding from the state is not enough to keep up with other costs that increase at higher percentages. Mr. Aliperto also spoke about schools using the additional federal funding to start new programs, but when that funding goes away, most likely in the next year, they will have to stop the programs or find other sources of revenue. Nova has avoided that by using our federal grants for one-time larger purchases. Mr. Aliperto said this will be important to keep in mind as we continue with our strategic planning process. There was further discussion. Dr. Wedlund added that if we don’t want to be larger than what we are, we need to be very clear about that. There was further discussion regarding the challenges of charter school funding. Nova Classical has a little flexibility with around 10% of our budget which can make it even harder to handle financial difficulties. There was discussion.

E. **Discussion of the Strategic Plan Process**

Ms. Hernandez shared some concerns with the process to ensure that we're hearing from all of our families and that our BIPOC population is being represented. We did not hit 400 in the parent survey and there weren't a lot of parents were participating in the listening session. She would like to offer more opportunities for families to weigh in. Finally, Ms. Hernandez would like to use other data from alumni to consider in this process since there wasn't an alumni response. There was discussion. Although we can't tell our demographics from the survey results, we do have a higher percentage of parent involvement compared to other schools. We still don't know if there's an underrepresented group. There was further discussion.

Ms. Hernandez, "Resolved, that the Board charges the Executive Director to look into feedback given in a survey to last year's seniors to see if there is information that can be utilized in the strategic planning process." Dr. LaRusso seconded. There was discussion. Ms. Hansen, Ms. Hernandez, Dr. LaRusso, and Ms. Weston voted in favor. Ms. Lund, Ms. McInroy, Ms. Ruday, Ms. Winter voted against. The motion failed.
