What a great Veteran's Day affair we had on November 12! Also, congratulations to our 4th place state Cross Country team. We recently had our AVID family nights which were a great success.

Our main discipline issue continues to be attendance and tardies. Tardiness and absenteeism has dwindled somewhat. As you can see, our attendance is on the rise; however, it will take some time to recover from our current situation. The flu season is just around the corner, but I feel confident that our incentives will help make the difference.

Our math team is working on our Student level review. This is a mandate from the state that is designed to help us focus on data driven instruction.

Christmas is right around the corner
