- ☒ Contributions that have promoted ROCORI's academics, arts, or athletics.
- ☒ Contributions that have impacted the economic sustainability of ROCORI and its programs.
- ☒ Contributions that have significantly impacted student achievement.

**REASON FOR NOMINATION: (WRITTEN STATEMENT OF SUPPORT) \***

Over the past year, Coldspring has been an amazing partner of ROCORI schools. In the spring of 2024, they worked with the Department of Labor and Industry to help ROCORI secure a Youth Skills Training grant to help support Advanced Manufacturing for the students of ROCORI high school. During back to school teacher workshops, Coldspring took time to present information about their company to the secondary staff and also opened their doors to provide three separate tours for the group as well. Leaders of Coldspring have taken time to present information on their Well Being 6 framework along with the operations of Human Resources in a business to the Work Based Learning students. A number ROCORI Personal Finance classes have toured Coldspring during the 2024-2025 school year and were introduced to the company and the products they manufacture. Coldspring hosts the Discovery Academy class and has worked hard to continue to provide this great opportunity to ROCORI juniors and seniors. They have a representative on the newly created CEO board and will also provide mentorship and financial support for the program. They have partnered with ROCORI as we plan to host our first Career Fair for students scheduled for September 25th, 2025.

The leaders of Coldspring have made a true investment in the ROCORI community and ROCORI secondary school greatly appreciates their generosity.

This form was created inside of Rocori Public Schools.
