*The goal for this year has been to develop an extensive program plan for our GT students. The program name will be changed from GCT (Gifted/Creative/Talented) to GT (Gifted/Talented) to align our language with the Wisconsin Department of Regulation. There will be multiple criteria to identify students who are GT, including general intellect, specific academic areas, creativity, leadership and visual performing arts. The program will also work to identify students who are twice exceptional (2E), meaning that they are gifted and talented with an IEP or 504 plan. GT students and their families will receive counseling support as part of the program. A board workshop on the GT program will take place in March.*
