

**School Board Workshop:**

**July 14, 2014**

**Subject:**

**Bond Issue Planning Update**

**Presenter:**

**Gary Kawlewski  
John Heltunen**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Discussion item only

**DESCRIPTION:**

As we explore the possibility of a bond issue election this fall, we have continued to review the steps that need to be completed for the process. We have also reviewed some of the proposed projects to further define the scope of the project and the associated costs. The main changes to the scope of the projects are as follows:

1. The BHS fly system is now replaced by a "Black Box Theater" at BHS
2. The high efficiency boiler replacement at TES is now included in the TES Classroom project
3. The main entrance at DES would be moved to the north side of the building by the boardroom

We have attached a timeline showing the necessary steps in order to call for the election. We have also attached a copy of the proposed sample ballot language that could be used for a possible November election.

We will review the changes to the project and walk through the action steps that will need to be completed at the August meeting to proceed with the election. The two action items at the August meeting will be to approve the review and comment document and to adopt a resolution calling for the November 4, 2014 election.
