Request for Board Action

March 12, 2024

As Chairman of the Alcona County Land Bank Authority, I would like to request the Alcona County Board of Commissioners sign a Board Action approving the Alcona County Land Bank Authority use of Alcona County computers and printers to conduct Land Bank business going forward.

As the "Intergovernmental Agreement" states under Section 4.15 that "Alcona County may provide staff and other support, including but not limited to clerical and information technology services."

As Alcona County is providing Administrative/Clerical support through the Commissioner's Office - also using County technology services(computer, printer, storage, etc.).

As by statute the Alcona County Treasurer is the Chairman of the Land Bank - and the Land Bank Chairman is the Treasurer for the Land Bank in accordance with the Bylaws.

Sincerely,

Kimberly Ludlow

Alcona County Treasurer
