RE: Additional ACT 18 Capital Expenditure

Student Services is requesting additional technology for students and staff for the 2020/2021 school year. These items have been approved by Wayne County RESA for our Act 18 programs: MOCI, ASD, WWCS and VI. I would like to bring this to the Committee of the Whole meeting scheduled for Monday August 17, 2020 for the Board's review.

Please let me know if you have any questions.
