RE: Staff housing budget

Currently there is \$3,293,345 left for the staff housing project. 521 funds will cover \$3,293,345. Once the project is completed this will put approximately 2.6 to 3 million back in the reserve account. July 10th is the first training for the SDE's facilities condition assessment tool. This is a required step before submitting the documentation and receiving the funds. MDSD will submit for funds after approved at the August board meeting. The State department of Education reports that funds will be distributed in Oct/Nov of 2024.

Eric Pingrey Ed.S.
