

DUNCANVILLE ISD

Writing success stories, one student at a time.

TO: Duncanville ISD School Board
FROM: Dr. T. Lamar Goree
ORIGINATOR: Mari Zamora
DATE: March 23, 2026
SUBJECT: Approval of Nash Industries for Daniel & Hardin Elementary School Brick Repair

Executive Summary: Daniel & Hardin Elementary Brick Wall Repair

During last year's remodeling projects, the Architecture & Engineering team encountered some issues with brick movement at Daniel and Hardin exterior facade. While these areas are currently safe for students and staff, repairs are necessary to maintain the long-term structural integrity of the buildings. After evaluation, a sketch was issued to fix this brick work.

These repairs will reinforce structural elements, protect the building envelope, and ensure the continued safety and durability of both facilities. While both campuses require structural column supports, the scope at Daniel Elementary also includes additional exterior wall restoration, including masonry repairs, waterproofing, insulation, and coping.

The district solicited a proposal from Nash Industries, an approved vendor through the Choice Partners cooperative.

Daniel brick repair	\$194,999.22
Hardin brick repair	\$40,037.25
TOTAL	\$235,036.47

The total price of \$235,036.47 is to be funded with Bond funds.
