

Schedules 101 @ GMR

GMR runs an 8-Period day with Full-Block options (typically for upper grade classes. Follow the table to determine times for both.

Periods	Times	Full Blocks
Period 1	8:20-9:00	Block 10
Period 2	9:05-9:45	
Period 3	9:50-10:30	Block 11
Period 4	10:35-11:15	
7-12 Lunch	11:15-11:45	
Period 5	11:45-12:25	Block 12
Period 6	12:30-1:10	
Period 7	1:15-1:55	Block 13
Period 8	2:00-2:40	
Home Room	2:45-3:05	

What are things to consider when checking into classes?

Taking a wide variety of classes prepares students for many options in the future. Thinking of a four-year degree? Many colleges look for a foreign language on high school transcripts and classes that are rigorous. Two-year? Several two-year degrees demand good problem solving, writing, math, and communication skills.

What does a Triple A - AAA - student mean?

AAA students are ones who are invested in Academics, Arts, and Athletics. A fourth "A" would be Activities. Dedication in all these areas are desirable for scholarships, colleges, and future careers. GMR encourages AAA involvement and has noted high success rates in and out of school for these students. ALL students are capable of becoming AAA students, and GMR has a large percentage of students striving for this.

The mission of the Greenbush Middle River School is to provide quality education which will prepare all students to meet success by developing self-directed thinkers who are productive, responsible, respectful, and accountable to themselves and others.

How are students scheduled?

Students are first scheduled into required classes for each grade.

Each grade has a required

- English
- Science
- Math
- Social Studies

Other required classes include these subjects for specific grade levels

- Art (Visual art classes and Band/Choir)
- Computer Skills
- PE/Health
- FACS

Other scheduling decisions are based on

- Class size
- Student test scores
- Student grade level
- Pre-requisite classes

Scheduling changes are limited by all the above factors.

Questions?

Students are encouraged to ask questions on their own about class expectations and possibilities.
