**Ryan High School**

**2023-2024 Improvement Plan**

# Mission Statement

Billy Ryan High School seeks to provide its diverse student population with a sense of well-being and a sense of belonging. Because of students' individual needs, Billy Ryan High School stresses individual attention to each student to allow each individual to develop to his/her fullest potential. In a safe school climate, the entire school faculty and staff work together to produce individuals who are aware, concerned, knowledgeable and responsible. Therefore, Billy Ryan High School seeks to foster citizenship, promote literacy, produce workers and cultivate personal fulfillment in its student body.

## Vision

The vision of Billy Ryan High School is to produce productive citizens in the community. We pledge to prepare our students as thoroughly as possible for the needs of today and tomorrow. We will prepare them to be communicators, problem solvers, and contributors in the community after high school. Upon graduation, Ryan students will be prepared to take on their next step in life, regardless of whether they choose college, the work force, or the military.

# Comprehensive Needs Assessment

## Needs Assessment Overview

### Needs Assessment Overview Summary

See addendum RHS Closing the Gaps.

## Demographics

### Demographics Summary

RHS currently has a very diverse student body. The makeup of the school community is a tradition-rich one, marked by years of success at all levels of the educational process. The actual student makeup is consistent in an average enrollment between 2050-2220 over the previous three years. An overall high number from over a decade ago saw RHS at 2,550 students, and a recent lower attendance number reflects a total of 1840.

The diversity of the campus includes the following: 2194 enrollment. Of that number, 61% are Economically Disadvantaged. 45.5% of those students are At-Risk. The makeup of the campus includes 22% African-American, 45% Hispanic, 28.8% White, 0.68% American Indian, 1.78% Asian, 0.18% Pacific Islander, and 3% Two or More Races.

Staff at RHS is comprised of 57.3% with Bachelor's degrees. 39.7 with Master's degrees, and 1.3% with Doctoral degrees. Experience make-up is as follows: 1st year: 5.0%, 1-5 years: 14.0%, 6-10 years: 24.3%, 11-20 years: 33.8%, over 20 years: 24.3%. The average years of experience for RHS staff is 13 years.

### Demographics Strengths

Strengths of the demographic makeup of the RHS campus embrace attention to many areas of the academic, social-emotional, and overall growth of the student. The staff at RHS recognizes that the diverse makeup of the campus allows for a variety of teaching and learning opportunities for teachers and students. Programming to meet the needs of the campus is a critical component of the RHS team. The RHS counseling team will use psychoeducational groups to increase understanding and coping skills

among students. Groups will be led by members of the counseling team with a focus on the social-emotional development and regulation of our students and engaging in positive alternative activities to promote behavior, health, and wellness.

The EB programs increased with staffing allowing the school to focus on many varied needs of the EB program. ESL classes for English Language Learners have been a focal point for the school for several years. In addition, there have been increases in many programs that introduce new curricular areas for the needs and interest levels of the student body at Ryan. CTE programming for the capturing of the CCMR and state accountability have added to the overall progress of the school as it relates to the growth of the individual student.

#### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** RHS continues to work to improve and enhance the ability to meet the varied educational needs of the At-Risk student population **Root Cause:** Various social, emotional, academic, and other academic needs associated with the school population.

## Student Learning

### Student Learning Summary

Student learning at RHS remains the number one priority for each school year. The 2023-2024 school year will bring unique and challenging opportunities that the staff will embrace with enthusiastic energy. As has been the case in previous years, the academic progress of RHS consists of planning to address numerous focus areas. As the campus is accustomed to each year, a review of academic standards from the previous year's assessment tools is utilized. Due to the varied learning formats that were implemented to start the 2020-2021 school year, normal learning expectations were altered as we continue to address the learning gaps that occurred due to COVID. Therefore, when reviewing the previous year's assessment data, the campus is using a combination of state assessment data and individual teacher accumulated records.

One of the top learning targets of the school will be the continued effort to close the gaps in both Algebra as well as English 1 and 2. The focus on Algebra 1 passing rates and the improvement in the overall writing and reading skills necessary for English classrooms remains a top priority. The effective use of tutorials, extended school days, and blended learning models is a necessary component of the efforts of the school staff to continuously improve the skill levels for both subject areas. The use of IXL diagnostic testing serves as an introductory starting point for many of the Algebra, English 1, and English 2 domains and creates an individualized performance path focusing on the individual student's strengths in addition to the areas of remediation and or review. In addition to using IXL, staff, and students have access to SIRIUS as an additional intervention tool to address specific skills related to student weaknesses.

With the ELA / English 1 and 2 learning goals, the strongest emphasis remains on the ability to show improvement in the areas of writing both expository essays as well as persuasive essays. Writing and paragraph development remain a target for students of RHS. Attention to the details of the well-

developed essay and the skill sets required for the development of coherent writing pieces remains a top priority for teachers in this subject area.

RHS will follow HB4545 and HB1416 guidelines to address the day-to-day instruction in the areas of English Language Art, Biology, Algebra, and US History. The use of a designed curriculum to meet the needs of 15-30 hours of accelerated study in all areas of EOC assessments for all students who have not been previously successful. This requirement will be met through the use of IXL, SIRIUS, tutorials, classroom one on one strategies, and opportunities to attend Saturday school.

The ability of teachers to attend workshops, share ideas in the Professional Learning Communities, and explore various other resources to help struggling writers write and help struggling readers improve is a top priority for the campus.

#### **Student Learning Strengths**

Consistency is the method by which the ELA department has approached the importance of evidence-based writing. This has enabled the students to progress over their time at RHS. The ability of the students to understand that with each piece of writing that they complete, there is an expectation that if you write it, you support it with facts and elaboration. Additionally, it is important for students to continue to understand the rules of grammar in completing quality assessment-level writing.

Regarding Algebra 1 and the DISD goal of continuing to work toward 90% mastery of Algebra 1 skills, RHS has implemented numerous supplemental areas of study for students. IXL and consistent use of Desmos and SIRIUS, as well as various other skill-building practice materials, are used daily. Implementing Strategic Learning HS Math using the Agile Mind program into the

master schedule is another intervention tool used to help close the gaps of our Algebra 1 learners. RHS Algebra 1 teachers will implement the Blended Learning/Station Rotation model as well as meet weekly in their PLC to review progress and plan for upcoming units of study to develop consistent methods of teaching Algebra 1 skill-building. Review of standardized testing results and district-wide benchmarks are also utilized to plan for the continued improvement of the Algebra 1 population for the year.

#### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** With the number of students being served, scheduling time is a variable between the framework of the master schedule and other academic classes, creating a challenge to get every student access. **Root Cause:** The number of students requiring accommodations equals various methods of interventions that must be used to accommodate the needs of all students.

## **School Processes & Programs**

### **School Processes & Programs Summary**

Ryan High School has a long-standing tradition of excellence in all academic and extra-curricular programs. One of the primary reasons that the success has been maintained is through the retention and recruitment of highly qualified staff. The TEA TAPR report indicates that RHS is above the state average in years of experience and is also above average in those teachers who currently hold Master's and Doctoral degrees. With regard to years of experience, the following statistics are recorded for RHS:

Over 20 years of experience: 23.3%

11-20 year experience: 33.4%

6-10 years experience: 24.3%

1-5 years: 14.0%

1st year: 5%.

The average years of experience for Ryan High School is currently 12.9 years. The daily absentee rate for the campus last year was 7%.

The teacher turnover rate for 2023-2024 year was 10.8%. With new student enrollment totaling 167.

### **School Processes & Programs Strengths**

Ryan High School continues to utilize its ability to find the strengths of its staff to best fit the needs of its student body. The added support for the Emergent Bilingual learning population continued to produce positive gains. Adding staff to meet the needs of all core subject areas for the EB population is at an all-time high for the campus. Core areas have consistent ESL-certified and content-area-certified teachers

across all curricula. Programming has allowed for the ability to utilize the EB team to work collaboratively with teachers developing professional development that in turn produces strategies that have been effective in the past year's growth. Increased parent involvement has also been a priority. EB Interventionist has continued to mold many aspects of the job, has influenced the position across the district, and made RHS one of the innovators in high school EB programming.

In addition to the District establishing a Mentor program for new teachers, Ryan High School will support the new growth of teachers new to the profession and/or new to the campus by continuing a mentor action plan that will allow for collaboration on solutions to questions and concerns that have and will occur during daily operations of the school day.

#### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** Retention and recruitment of highly qualified staff. Through this process the ability to continue to produce high-quality educators, while at the same time remaining innovative and creative with a high at-risk student population. **Root Cause:** The effect of the Pandemic and school closure put increasingly difficult demands on all teachers. Teachers continue to close the gaps created by the loss of face-to-face time during the 19-20 and 20-21 school years.

## Perceptions

### Perceptions Summary

Ryan High School is a tradition-rich school. The school has long been an established pillar of the community, enabling its students to have many opportunities for their educational goals. The school participates in a number of extracurricular programs intended to extend the overall development of the total student experience. With a community of RHS graduates, the overall support system for the school and its programs is superb. The Ryan community provides numerous opportunities for work programs, donations to the school, involvement in the PTSA, and various other forms of teacher appreciation and staff awareness. The Raider Renaissance program was designed many years ago to begin a system of recognition for students and staff. The Renaissance program continues to honor students for their outstanding classroom accomplishments, leadership endeavors, and attendance. This has become a consistent tradition of the school to pay tribute to teachers and students for the work well done. Numerous community members and parent volunteers dedicate their time and talents to honor and pay tributes to teachers and students four or five times per year.

### Perceptions Strengths

Strengths of the Ryan High School culture and climate would indicate that much community support in many forms is consistent. The school has excelled in both academic and athletic endeavors over two decades. The work that is supported by all stakeholders is indicated in the various surveys that are part of the district-wide school and building evaluation. Parents, students, and staff indicate that they have very high regard for the communication and dedication that Ryan offers to students and families. Surveys indicate that students and families have confidence in the staff and leaders of the school. For the most recent staff engagement survey, high levels of satisfaction were affirmed for the overall effectiveness of the school leadership and teachers of the campus. Another strength of the campus has long been that students feel that they can always find a person on the campus willing to listen and help them with their

concerns. Additionally, the school is a very welcoming and trusting environment. This is a long-standing tradition and strength of the school and one that has fostered solid relationships for all Ryan High School community.

#### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** Continued recognition and rewarding of students and staff for their academic and leadership accomplishments during the school year. Finding ways to be creative and proactive in the way we honor the work of teachers and students for both leadership and academics. Raider Media will capture students and staff's small successes. **Root Cause:** Finding ways to be creative in honoring teachers and continuing to show support for the work being done to close gaps and work with many learning platforms.

# Guiding Outcomes

## Guiding Outcome 1: Teaching & Learning

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our first priority
- \* Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** Increase the passing rate for each semester for Algebra 1 students for the 2023-2024 school year. Continue work toward 90% mastery of Algebra 1 for both semesters for all incoming 9th-grade students. Continue work on improved EOC ratings for students in both English 1 and English 2. The goal of above 75% passing rate for EOC 9th and 10th-grade state assessment.

1	1	2	Follow HB4545 guidelines to address the day-to-day instruction of students in the areas of English Language Arts, Biology, Algebra, and US History. Use of curriculum designed to meet with a minimum of 15-30 hours of accelerated study in all areas of EOC assessments for all students who have been previously unsuccessful. Accounts of students with all lessons of study and curriculum that are designed to review TEKS and practice EOC strategies that will aid in upcoming EOC testing. This will be achieved by implementing specially designed courses in the master schedule to supplement Algebra 1, English 1, and English 2 in addition to the use of SIRIUS, IXL, tutorials, night school, and Saturday school. Algebra 1 will implement the station-to-station rotation model to provide individualized feedback.
2	1	2	In addition to the District Mentor program, RHS will provide a campus-based mentor program for first-year teachers and/or teachers new to the campus to collaborate on solutions to questions and concerns that have and will occur in the daily operation of the school day.
3	1	2	Student Assistant Counselor is working to close e the social-emotional learning gaps of our students and engage in positive alternative activities to promote behavior, health, and wellness.

Dear Parents/Guardians:

Welcome! Thank you for the opportunity to serve your family for the 2022-2023 school year. Our teachers returned to campus this week and are hard at work prepping classrooms and collaboration spaces for learning. We are excited to see students return on Aug. 11 and wanted to share details with you in advance of our first day together.

It has been an unseasonably hot summer, please know that to keep students safe from potentially harmful weather, administrators and nurses at Denton ISD have guidelines for excessive heat/cold weather that may affect outdoor student activities. We have the option to cancel or limit outdoor recess/activities for any situation that may be unsafe.

Please encourage your child to stay hydrated and even bring a refillable water bottle to school. We have several water fountains/bottle filling stations on campus. And don't forget to visit with our school's nurse if you have questions or concerns about your student or activities.

During the summer months, the district's five partnering law enforcement agencies including the Corinth Police Department, Denton County Sheriff's Office, Denton Police Department, Little Elm Police Department, Oak Point Police Department hosted officer training/drills on Denton ISD campuses. By conducting the drills during school closure, officers worked to become familiar with the facilities as well as practice clear and consistent communication, should the need arise.

All Denton ISD campuses, including ours, conduct safety drills of all types to routinely affirm safety protocols as well as establish a clear chain of command. Students and staff practice drills regularly and document their procedures to ensure best practices are in place. Audits of safety procedures are conducted and are on file with the Texas Education Agency, including the recent inspection of locks on exterior doors.

Our district maintains an anonymous reporting system that is monitored 24 hours a day. Any student, staff or community member may report an incident of bullying, discrimination, drug or alcohol-related issue, potential threat/violence or cyber abuse by text, image or video through our system. More information is available via [www.dentonisd.org/stopit](http://www.dentonisd.org/stopit)

For the past two years, the U.S. Congress authorized funds that allowed schools to serve free meals for all students. Those funds are no longer available for this year. As a result, the district must return to charging for school meals and offering free and reduced-price meals based on student eligibility. Please visit [www.dentonisd.org/childnutrition](http://www.dentonisd.org/childnutrition) for more information.

Again, we are excited about starting a new school year together. Know that we value our partnership and the trust you place in us. We look forward to working with you to meet the educational needs of your child by making this a great year together!

Sincerely,

Vernon Reeves, Principal

Ryan High School

## Demographics

### Demographics Summary

Fred Moore High School is a comprehensive Denton ISD high school located in the center of Denton, Texas. The school has a rich and long-standing history in the community as well as in the school district, providing alternative educational opportunities for students from across all comprehensive high schools across the district. The school is named after its founder and long-time Denton community leader, Dr. Fred Moore. Dr. Moore was an important figure in the local African American community. Fred Moore had a remarkable career in education and actually became the Principal of Fred Douglas school in 1915. During his career as an educator and leader in the country, Dr. Moore stressed the importance of the rules of conduct for students, a premise established then and used today in the school settings across the nation. Fred Moore High School construction of the building used today was established in 1948 and operated as Fred Douglas High School. In 1991-92, the building, having been renovated, was re-opened for the 1991-92 school year. Fred Moore High School has remained opened as DISD's Accelerated Comprehensive High School of Choice.

The current enrollment of FMHS is approximately 75 students per semester, with rolling enrollments which approaches 100 at certain intervals during any given semester. There are currently two graduations held at the school in each calendar year, one in December and one in May. Students range in grade level from 9th grade through 12th grade, with the predominant number of students falling in the 11th and 12th classification. The school is open to all students from all situations and backgrounds, and an admission process precedes enrollment in the school. The non-traditional format of the school allows for students to work on five to six classes each day and work on those at a pace that encourages acceleration as well as providing opportunities for recovering lost credit from previous attempts. Currently there are 60 students enrolled and 15 awaiting enrollment. Both totals will fluctuate throughout the year.

### Demographics Strengths

Accelerated graduation pathway, with accelerated rigorous coursework

Individualized graduation plans

Student centered focus not only on academics but on social emotional needs

Ongoing referrals from past FM graduates and their families

High rate of success of our graduates (Acceptance and attendance to Community Colleges, Universities, and Trade Schools)

Community Partnerships:

\*UNT- Career Connects

\*UNT - Go Center

\*Lake Cities Rotary/Interact and Community Services

Tutoring program from retired DISD teachers, ESSER funding used for weekly tutoring

Community resources continue to increase for scholarships and grant potentials

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** Ability to reach all district campuses to discuss the areas in which FMHS can help serve more students, increasing overall enrollment and graduation rates, but at the same time not overpopulate the current classroom environment. Finding a good balance of serving and gradually increasing key staff to help with this process, understanding that staffing differences do still limit some services. **Root Cause:** Years of serving in the format that has been afforded the school without seeking "outside the box" alternatives.

# Student Learning

## Student Learning Summary

At Fred Moore over 85% of students are classified as At-Risk. Many of the students who are accepted have failed multiple core classes and have developed poor attendance habits. Many times, students are one to two years behind academically. By providing accelerated learning opportunities, many times students can graduate on time. With direct teach opportunities, which are STAAR test prep, students with multiple failed attempts finally obtain a passing score. Qualitative data from student feedback indicates concern that if some had stayed on their traditional campus, they most likely would have dropped out. Fred Moore has made steady progress in increasing enrollment number of students in special populations, specifically the area of special education, and the At-Risk numbers have increased in the previous two years. Increased efforts are continuing with visiting campuses across the four comprehensive high schools. Additionally, over 325 students from across the district have been identified as potential FMHS candidates. These students, with the approval from their campus principals, will be given information about the Fred Moore program. During these visits, updated guidelines for the admission process, and transcript review will be discussed with potential students as well as campus counseling teams. Additional enrollment pushes are underway. Each comprehensive high school in the district has been contacted with FMHS criteria for application for enrollment. Each campus has a person in charge of reviewing potential applicants, and a pool of over 225 applicants for the year is currently in process.

## Student Learning Strengths

Student mastery of content is the norm. Students must meet course passing standards before moving forward in the curriculum. The online platform makes very close monitoring possible. Go Guardian is used by staff to monitor daily.

Direct instruction classes are provided for all STAAR-tested subjects and required for all students needing the related test. (Please see STAAR Readiness Report in Addendums)

District-approved tutors have been hired for FMHS to assist students with their Math remediation.

The teacher Professional Learning Community meets regularly to collaborate on strategies to help struggling learners.

Teachers offer students various learning platforms, including online instruction, paper-based curriculum, videos, direct teaching.

Teachers work with district curriculum teams to ensure lessons are aligned vertically and horizontally within the district.

Due to Fred Moore's flexible scheduling, students receive differentiated instruction as needed within their school day. This may be in their scheduled class or in the Learning Center.

Students are offered different elective choices through E-Dynamic Learning. FMHS uses this for our career and elective courses to evaluate its effectiveness.

Last year extracurricular clubs and service organizations available for students increased with additional club offerings made available by staff.

CCMR coursework for all students ensures every graduate is college, career, or military ready. FMHS has expanded the opportunities offered to allow different pathways for students to meet the CCMR standard. Additions include: Security Certification, Floral Design

(Please see CCMR chart in Addendums). Additional Fine Arts courses have been added to the curriculum with the addition of Art 1 and Art 2. Theatre Arts 1 and 2 courses have been added in addition to two Social Studies offerings in Psychology and Sociology.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** Finding ways to continue to implement additional coursework to serve an even larger population both on FMHS campus and across the district. Finding ways to increase the advanced academic course offerings through cooperative learning opportunities with NCTC/UNT/TWU. Add PSAT, SAT, TSI to the testing areas for students during the school day. **Root Cause:** Non traditional format of scheduling and making contact with key persons on all four campuses to ensure support staff on those campuses are informed about FMHS.

**Problem Statement 2 (Prioritized):** Continue work with Algebra students to close gaps and prepare for accelerated learning as they complete coursework for additional graduation requirements. Prepare Algebra students for EOC Algebra testing at all three testing opportunities. Use ESSR funding to continue our tutoring programs throughout the school year to supplement Algebra mastery. HB 4545 required remediation. **Root Cause:** Need to build on the instruction that various campuses from which we enroll students have used for Algebra instruction. and supplement the learning with trying to cover the gaps which exist with our students.

## School Processes & Programs

### School Processes & Programs Summary

Fred Moore has created a positive caring environment for students, faculty, staff, and families. The Fred Moore administration strives to get input from all staff and always informs all stakeholders about decisions made at the campus level and why those decisions were made. Staff feels comfortable coming to the administration with concerns or comments and together work to obtain solutions. Typically, there is rare teacher turnover, as teachers feel comfortable and enjoy their work environment. The administration also provides opportunities for teachers and staff to take on leadership roles within the campus and at the district level to tackle projects and support the campus. There has been consistent support for the staff to take on new responsibility as the need arises. Continued emphasis has been discussed and will be implemented to deliver professional development for teachers both on campus and off. Teachers have been asked to help develop their professional learning throughout the year and will be supported by budgeting through administration.

### School Processes & Programs Strengths

- Every teacher is Highly Qualified and certified in their teaching area
- Additional courses offered in Fine Arts, Sociology, Theatre
- Teachers are provided with professional learning opportunities
- Decision making is site based to the extent possible with teacher and staff input respected
- Staff feels supported and heard by the administrator
- Shared vision of Professional Learning consistently practiced

- Campus funds are utilized in support of meeting the needs of students
- Flexibility of scheduling promotes acceleration of credits earned
- Teachers, staff, and parents are active members of the Campus Leadership Team

#### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** Consistently being able to meet the demands of the campus staff while continuing to offer new programs, courses, and opportunities for students and teachers. Maintaining the balance of growth with continued support for culture and nurturing environment. **Root Cause:** Many staff contributing to the growth and improvement of the campus, while still trying to focus on the immediate needs of the classroom. Continuing to look at ways to add without getting too far away from the basics of accelerated learning.

# Perceptions

## Perceptions Summary

Fred Moore High School offer the same high educational standards and graduate diploma options that are available at Denton ISD's traditional high schools, but in a smaller, more supportive setting. At FMHS, the entire staff is focused on the needs, success, and well-being of each individual student.

FMHS teachers are highly qualified in their fields of instruction and provide rigorous coursework with self-paced instruction. By focusing on the credits needed for advancement, students can progress steadily towards their graduation goal. When students graduate, they will be ready for the next step in life, whether it is a college/ university, trade school, the military, or the workforce.

The FMHS school motto is Dedication, Direction, Discovery, we explain to our students that the motto truly describes the Fred Moore Experience. Students **MUST** be dedicated to be successful at Fred Moore. Students are provided the road map, giving them the direction needed to accomplish their goal.

## Perceptions Strengths

Fred Moore High School has a number of highly-dedicated individuals who serve the school community in a variety of ways. From the teaching staff and their commitment to serving all students, and meeting the needs of a variety of situations, to the support staff who are always willing to lend a hand and work with faculty and students each day. Fred Moore High School's overall strength is commitment. Staff and community seek many possible avenues to reach out and provide educational choices for the students. Always keeping graduation and student progress at the front of the day's goals, Fred Moore has been a success for many years. Looking at innovative ways to serve more students and provide continued support and resources for the teachers remains a top priority at all times.

What we offer to our students at Fred Moore:

- **Early graduation.** We offer two graduation ceremonies each year in the Fall and Spring. Commencement is held at The Fine Arts Center at Ryan High School.
- **Recommended and distinguished diplomas.** Fred Moore students receive the same high-school diplomas offered by the district's traditional campuses. These are accepted at all accredited colleges and universities.

- **Rigorous curriculum.** Coursework is provided online, and each FMHS student is provided a device on which to work. Lessons are completed independently with teacher tutoring and support.
- **Accelerated pacing.** Students are enrolled in the next course on their graduation plan as soon as they are ready to begin, rather than at the end of the semester.
- **Mentoring program.** In collaboration with UNT's High School Career Connect Department, students are assigned a mentor who helps prepare them to navigate the world beyond high school.
- **College and Career Center.** We provide test preparation (STAAR, ACT, SAT, TSI, ASVAB), resume writing assistance, and application support for jobs, colleges, and the FAFSA.
- **Clubs and organizations.** Our school provides a variety of clubs and leadership organizations that allow students to support their campus and community, foster friendships, and learn new skills.
- **Field trips.** We offer outings that promote STEM enrichment, cultural awareness, and college and career readiness.
- **Leadership and Attendance incentives.** We are a rewards-based campus that recognizes student achievements both inside and outside the classroom.
- **Scholarship opportunities.** Our staff encourages and assists with scholarship opportunities and applications.
- **College and Career Fairs** for both Fall and Spring semesters.
- **Industry Leaders** visit the campus and meet with students to discuss their goals and after graduation plans

### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** Continuing to provide professional development and teacher support to meet the growing needs of students. Seeking ways to implement increases in the number of those students being served, while maintaining the manageable classroom numbers presently in place. Bringing professional development to the campus and offering off campus teacher-selected professional development ideas and workshops. **Root Cause:** Need for growth without sacrificing the smaller teacher to student ratio. Continued variation of accelerated learning model without sacrificing established norms.

# Guiding Outcomes

## Guiding Outcome 1: Teaching & Learning

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our first priority
- \* Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** Continue to look at various formats for delivery to enhance continued engagement of students. Adjust curriculum to include project-based learning.

**Evaluation Data Sources:** Course completion rate, student course survey.

**Guiding Outcome 2: Culture & Climate**

In pursuit of excellence, we will:

- \* Honor the dedication and professionalism of all staff
- \* Celebrate, respect and promote the value of diversity in our Denton ISD Community
- \* Support a working environment ensuring open and transparent communication
- \* Establish high expectations for success
- \* Instill in students a love of lifelong learning
- \* Foster a positive, welcoming environment encouraging parent and community partnerships
- \* Promote health, wellness and emotional well-being
- \* Effectively communicate achievements and recognitions to the Denton ISD community

**Performance Objective 1:** Continued support for teachers and staff for the service to the Fred Moore community. Recognition and rewards for beginning, middle, and end of year accomplishments. Addition of Fred Moore Family Center to aid families of the community with any social/emotional needs that might arise.

**Guiding Outcome 3: Growth & Management**

In pursuit of excellence, we will:

- \* Recruit, employ and retain high quality teachers
- \* Work with the community in planning and facility development
- \* Utilize citizens' advisory committees to focus on short and long-term tasks
- \* Adjust policies and procedures to address rapid growth and changing demographics, nurturing our strong sense of community
- \* Demonstrate effective and efficient management of district resources
- \* Provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements
- \* Encourage teachers and staff to pursue advanced degrees
- \* Develop a budget focused on student and professional learning
- \* Maintain a diverse workforce

**Performance Objective 1:** Fred Moore High School will implement strategies to maintain its TEA campus accountability rating. Maintain focus on the College, Career Readiness measure, encouraging students to pursue coursework that promotes college and career readiness. Encourage local college campus visits to see the opportunities for Seniors during the early portions of each semester. Bring local professionals in to speak with students about career choices.

# Engagement Hierarchy

## **Growth - How can I grow?**

Employees need to be challenged to learn something new and find better ways to do their jobs. They need to feel a sense of movement and progress as they mature in their roles.

## **Teamwork - Do I belong here?**

Employees need to feel like they belong and are a good fit with their team. They need to know they are part of something bigger than themselves. As a manager, encourage opportunities for teamwork and a sense of belonging.

## **Individual - What do I give?**

Employees want to know about their individual contributions and their worth to the organization. Manager support is especially important during this stage because managers typically define and reinforce value.

## **Basic Needs - What do I get?**

Employees need to have a clear understanding of what excellence in their role looks like so they can be successful. Groups with high scores on the first element are more productive, cost-effective, creative and adaptive.

## GLOSSARY

The glossary provides high-level definitions of terms within the engagement report. Because of the dynamic nature of this site, not all terms will be applicable to or displayed on your report. Please use the terms that are relevant to your team when discussing and interpreting the data.

### ENGAGEMENT DEFINED

**EMPLOYEE ENGAGEMENT:** Employee engagement refers to how committed an employee is to their organization, their role, their manager and their co-workers. Engagement drives performance. Gallup's research shows that more highly engaged employees give more discretionary effort at work and have higher productivity, profitability and customer service, as well as reduced turnover and safety incidents.

### THE SURVEY ITEMS/QUESTIONS

**OVERALL SATISFACTION:** Overall Satisfaction is a measure of how content your team is with the overall company as a place to work. Overall Satisfaction is not included in the Overall Workgroup Engagement (GrandMean) score. Being a satisfied employee does not equate with being engaged, though the two are highly related.

**Q01-Q12:** These items are Gallup's proprietary workgroup engagement questions (commonly referred to as the Q<sup>12</sup>®). These items were selected for their strong connection to performance outcomes and the ability to take action at the workgroup level.

**INDICES:** In addition to the Q<sup>12</sup>® items, Gallup has created a number of empirically-derived sets of indices, which are comprised of 3-4 questions each. Individual scores of each index item are provided, along with a combined index score, which measures the strength of the core index construct. These indices help companies strategically pinpoint and improve specific focus areas relevant to their current situation.

**CUSTOM ITEMS:** These items are unique to your company and can vary across companies and surveys. While these "additional" questions link to the Gallup Engagement hierarchy, they are not always within the power of the workgroup to influence or change. These questions can provide additional insights into employees' perceptions, the situational workplace environment or company-specific initiatives.

### EMPLOYEE ENGAGEMENT RESULTS

**GRANDMEAN:** The GrandMean measures overall Workgroup Engagement, which is an average of the 12 Workgroup Engagement items (Q01-Q12). The higher your score (with a maximum possible score of 5), the more engaged your fellow employees are.

**ENGAGEMENT INDEX:** The Engagement Index (EI) is a macro-level indicator of an organisation's health that allows leaders to track the engagement levels of employees. This analysis identifies the percentage of participants who are engaged, not engaged and actively disengaged based on their responses to the Q<sup>12</sup>® survey items. You must have 100 employees participate to receive the full spectrum of responses for the EI. If you have 30<100 employees, the report will include the percentage of engaged employees only.

**ENGAGEMENT HIERARCHY:** Every employee has a distinct set of needs that follows a hierarchy, with basic needs at the foundation and growth at the top. Employees feel more or less engaged depending on how well they believe their needs are being met in the workplace.

### UNDERSTANDING THE SCORES

**THE SURVEY SCALE:** The engagement survey utilises a 5-point scale with 1=Strongly Disagree and 5=Strongly Agree. For each question, employees have the option to also select

“Don’t know” or “Does not apply”.

**TOTAL N:** The total number of employees who responded to the survey.

**MEAN SCORES:** The average score using the 5-point survey scale, with 5.00 being the highest score and 1.00 being the lowest.

**TOP BOX/%5:** The percentage of employees who responded “5 – Strongly Agree” to the survey item.

**DISTRIBUTION OF RESPONSES:** The percentage of employees who responded “1”, “2”, “3”, “4” or “5” to an item. If 10 or more employees respond to the survey, the report could display a full distribution of responses. Otherwise, only the percentage of employees who responded with a “5” (TopBox) and item means will display.

**SUPPRESSED DATA:** Confidentiality of responses is extremely important to Gallup. If too few employees respond to a survey item, the data will be suppressed (not published) and an asterisk (“\*”) will appear in its place.

## COMPARISONS

**EXTERNAL BENCHMARKING:** (Gallup Overall): Used as a benchmark to determine how your team’s results compare to other workgroups within the Gallup Overall of clients.

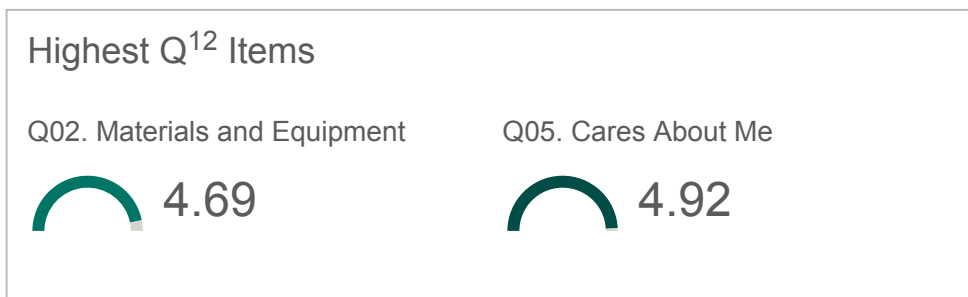

**PERCENTILE RANKING:** The 25th percentile indicates 75% of workgroups fell above this score; the 50th percentile indicates 50% of workgroups fell above and below this score; the 75th percentile indicates only 25% of workgroups fell above this score. The higher your percentile, the stronger the item is in relation to the database. Used as a benchmark to determine how your team's results compare to internal and external workgroups.

## Engagement Index

There is a powerful link between employees who are engaged in their jobs and the achievement of crucial business outcomes.

Engagement Index is unavailable for the currently selected scorecard.

My supervisor creates an environment that is trusting and open.

## FOOTNOTES

\* - Scores are not available due to data suppression.

Questions with zero responses for the selected team and/or reporting group do not appear on the report.

Respondents can select multiple responses for multi-select questions.

Not shown if  $n < 4$  for Mean, Top Box, Verbatim Responses, and Sentiment,  $n < 10$  for Frequency, or data is unavailable.

Meaningful change is represented by a green or red arrow if the score changes by 0.2 or more between survey periods.

Percentile Rank in Gallup Overall Database  < 25th Percentile  25-49th Percentile  50-74th Percentile  75-89th Percentile   $\geq$  90th Percentile

Percent Engaged available when  $n \geq 30$ . All categories available when  $n \geq 100$ .

Sentiment Distribution  Positive  Negative  Neutral  Mixed

Sentiment Distribution is not available when  $n < 50$

All text analytics are machine generated. Because we use machine learning to generate sentiments, results may not be 100% accurate.

## GLOSSARY

The glossary provides high-level definitions of terms within the engagement report. Because of the dynamic nature of this site, not all terms will be applicable to or displayed on your report. Please use the terms that are relevant to your team when discussing and interpreting the data.

### ENGAGEMENT DEFINED

**EMPLOYEE ENGAGEMENT:** Employee engagement refers to how committed an employee is to their organization, their role, their manager and their co-workers. Engagement drives performance. Gallup's research shows that more highly engaged employees give more discretionary effort at work and have higher productivity, profitability and customer service, as well as reduced turnover and safety incidents.

### THE SURVEY ITEMS/QUESTIONS

**OVERALL SATISFACTION:** Overall Satisfaction is a measure of how content your team is with the overall company as a place to work. Overall Satisfaction is not included in the Overall Workgroup Engagement (GrandMean) score. Being a satisfied employee does not equate with being engaged, though the two are highly related.

**Q01-Q12:** These items are Gallup's proprietary workgroup engagement questions (commonly referred to as the Q<sup>12</sup>®). These items were selected for their strong connection to performance outcomes and the ability to take action at the workgroup level.

**INDICES:** In addition to the Q<sup>12</sup>® items, Gallup has created a number of empirically-derived sets of indices, which are comprised of 3-4 questions each. Individual scores of each index item are provided, along with a combined index score, which measures the strength of the core index construct. These indices help companies strategically pinpoint and improve specific focus areas relevant to their current situation.

**CUSTOM ITEMS:** These items are unique to your company and can vary across companies and surveys. While these "additional" questions link to the Gallup Engagement hierarchy, they are not always within the power of the workgroup to influence or change. These questions can provide additional insights into employees' perceptions, the situational workplace environment or company-specific initiatives.

### EMPLOYEE ENGAGEMENT RESULTS

**GRANDMEAN:** The GrandMean measures overall Workgroup Engagement, which is an average of the 12 Workgroup Engagement items (Q01-Q12). The higher your score (with a maximum possible score of 5), the more engaged your fellow employees are.

**ENGAGEMENT INDEX:** The Engagement Index (EI) is a macro-level indicator of an organisation's health that allows leaders to track the engagement levels of employees. This analysis identifies the percentage of participants who are engaged, not engaged and actively disengaged based on their responses to the Q<sup>12</sup>® survey items. You must have 100 employees participate to receive the full spectrum of responses for the EI. If you have 30<100 employees, the report will include the percentage of engaged employees only.

**ENGAGEMENT HIERARCHY:** Every employee has a distinct set of needs that follows a hierarchy, with basic needs at the foundation and growth at the top. Employees feel more or less engaged depending on how well they believe their needs are being met in the workplace.

### UNDERSTANDING THE SCORES

**THE SURVEY SCALE:** The engagement survey utilises a 5-point scale with 1=Strongly Disagree and 5=Strongly Agree. For each question, employees have the option to also select

“Don’t know” or “Does not apply”.

**TOTAL N:** The total number of employees who responded to the survey.

**MEAN SCORES:** The average score using the 5-point survey scale, with 5.00 being the highest score and 1.00 being the lowest.

**TOP BOX/%5:** The percentage of employees who responded “5 – Strongly Agree” to the survey item.

**DISTRIBUTION OF RESPONSES:** The percentage of employees who responded “1”, “2”, “3”, “4” or “5” to an item. If 10 or more employees respond to the survey, the report could display a full distribution of responses. Otherwise, only the percentage of employees who responded with a “5” (TopBox) and item means will display.

**SUPPRESSED DATA:** Confidentiality of responses is extremely important to Gallup. If too few employees respond to a survey item, the data will be suppressed (not published) and an asterisk (“\*”) will appear in its place.

## COMPARISONS

**EXTERNAL BENCHMARKING:** (Gallup Overall): Used as a benchmark to determine how your team’s results compare to other workgroups within the Gallup Overall of clients.

**PERCENTILE RANKING:** The 25th percentile indicates 75% of workgroups fell above this score; the 50th percentile indicates 50% of workgroups fell above and below this score; the 75th percentile indicates only 25% of workgroups fell above this score. The higher your percentile, the stronger the item is in relation to the database. Used as a benchmark to determine how your team's results compare to internal and external workgroups.

# Comprehensive Needs Assessment

Revised/Approved: August 16, 2023

## Demographics

### Demographics Summary

LaGrone Academy is a Denton ISD school of choice that opened in August 2021 serving 11th & 12th grade students full-time and all DISD campuses part-time with a focus on career and industry. Our gender enrollment consists of 58% female and 42% male. The majority of our students are white (52%) with Hispanic/Latin (30%) and Black/African American (15%) rounding out the top 3. 10% of our students are served with an IEP and 7% of the LaGrone population are Emerging Bilingual. 27% of the LaGrone students are served under Section 504. Most of our staff members are teaching CTE courses, with all CTE instructors joining us from Industry. Eight teachers are responsible for our core subjects (2 each in Math, Science, Social Studies, and English) and one designated teacher for Special Education support and instruction.

### Demographics Strengths

LaGrone Academy is a School of Choice for DISD, providing students with an educational environment specifically focused on the student's areas of career-interest.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** LaGrone Academy is a school of choice with no students zoned to this campus. Increasing the number of students depends wholly on students attending the 4 home campuses, knowing that the opportunity to attend this campus exists. **Root Cause:** Inadequate communication to all 9th and 10th grade students concerning the benefits of attending the LaGrone Academy.

**Problem Statement 2 (Prioritized):** Campus identity takes time to form yearly. Students take time to acclimate to the LaGrone way. **Root Cause:** Students come to the LaGrone Academy from many different schools. Our full-time students come from 4 different DISD high schools. Part time students come from even more.

# Student Learning

## Student Learning Summary

LaGrone Academy serves 11th and 12th grade students. The US History EOC is the only state exam administered, based on grade level needs. However, EOCs of other content exams are administered for students in need of re-testing. In addition, other campus/grade level exams administered include: PSAT, TSI and SAT. Academic support classes are provided within the school day to support student needs regarding credit recovery as well as EOC instructional support. LaGrone focuses on CCMR accountability measures, as evidenced, with an 80% CCMR point acquisition in the 2022-2023 school year. CCMR will continue as our focus for the 2023-2024 school year.

## Student Learning Strengths

**Master Schedule** - Our strengths include built in academic support through a carefully crafted master schedule. Additionally, academic support is provided through an 85-minute mid-day section between 2nd and 3rd period.

**Smaller Learning Environment** – Our setting is designed to accommodate 11th and 12th grades only. There is a current enrollment of 180 with an expected maximum capacity of approximately 500.

**Career-Focused** – Traditional high schools, with a focus on the core curriculum, often find elective coursework in isolation from core curriculum. Students have proven to be more engaged when new information can be related to areas of interest. Thus, the LaGrone Academy focuses on career pathways. In doing so, our staff seeks opportunities for the core to simultaneously support and strengthen the career content, allowing students to achieve the essential knowledge and skills of both. Students have opportunity through internships and practicums, certifications, and relevant student organizations related to their fields of study.

**Culture & School of Choice** – Our school of choice model significantly benefits the LaGrone learning environment. Because all students have chosen to attend LaGrone, a strong and positive culture is evident.

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** Results for AP testing are lower than desired. **Root Cause:** Teachers are in need of professional development, focused on teaching AP courses.

**Problem Statement 2 (Prioritized):** Incoming LaGrone students arrive on campus with deficits regarding previous STAAR tests. (sometimes multiple tests) **Root Cause:** Student's home campuses are large with limited staffing to lean in on needed supports that are focused to individual need.

# School Processes & Programs

## School Processes & Programs Summary

The primary focus of LaGrone Academy is career and industry with our core classes acting as a supplement to student learning. We offer several CTE Programs of Study: Architecture & Construction; Arts, A/V Technology & Communications; Education & Training; Health Science; Hospitality & Tourism; Human Services; Information Technology; Law, Public Safety, Corrections & Security, Government; Manufacturing; Science, Technology, Engineering & Mathematics; Automotive; Transportation, Distribution & Logistics. While the curriculum for each program and course is vertically aligned, we strive to connect our core teachers to our career teachers by engaging in cross-curricular opportunities as often as possible. Doing so enhances student engagement, allowing students to recognize the connection between their chosen career area and their core subjects.

## School Processes & Programs Strengths

LaGrone Academy's strength concerning school processes and the programs it offers is in the cross-curricular opportunities between CTE courses and core subjects. Students recognize the connections between the two, resulting in enhanced engagement, and an *All In* attitude!

## Problem Statements Identifying School Processes & Programs Needs

### Problem Statement 1 (Prioritized):

While extra-curricular opportunities are available, including clubs and organizations, they are limited. Additionally, with a smaller group of full-time students, the clubs and organizations have a smaller number of student participants. **Root Cause:** The leaders of clubs and organizations on the LaGrone campus did not collaborate in scheduling events that do not conflict with one another, keeping students from participating in multiple groups without conflict.

**Problem Statement 2 (Prioritized):** LaGrone Academy is a school of choice with no students zoned to this campus. Increasing the number of students depends wholly on students attending the 4 home campuses, knowing that the opportunity to attend this campus exists. **Root Cause:** Inadequate communication to all 9th and 10th grade students concerning the benefits of attending the LaGrone Academy.

**Problem Statement 3 (Prioritized):** Incoming LaGrone students arrive on campus with deficits regarding previous STAAR tests. (sometimes multiple tests) **Root Cause:** Student's home campuses are large with limited staffing to lean in on needed supports that are focused to individual need.

**Problem Statement 4 (Prioritized):** Results for AP testing are lower than desired. **Root Cause:** Teachers are in need of professional development, focused on teaching AP courses.

**Problem Statement 5 (Prioritized):** Campus identity takes time to form yearly. Students take time to acclimate to the LaGrone way. **Root Cause:** Students come to the LaGrone Academy from many different schools. Our full-time students come from 4 different DISD high schools. Part time students come from even more.

# Perceptions

## Perceptions Summary

LaGrone has focused efforts to engage our students in a variety of ways. Daily, we have staff members greet students as they arrive (our "first impressions" team) while upbeat music plays throughout our atrium area. On Fridays, we dance! Students and staff enthusiastically participate in group dances and encourage others to do so. In 2023/2024, we will be hosting *Coffee Talk* with administration and parents. We have surveyed the students to gain insight into interests and have several clubs and events in the works based upon the results. We frequently welcome outside visitors as all teachers are encouraged to invite speakers/experts to share experiences and ideas. In addition, and while it is informal, we daily make an effort to question students on how we're doing, how they are feeling, asking for suggestions on how to make LaGrone Academy better.

## Perceptions Strengths

We have a positive vibe on the LaGrone campus. Students are slowly opening up to the freedoms that a smaller campus with a solid campus culture can offer them. Students that were struggling on the traditional campus are making good choices, good friends, good connections with their teachers, and good grades!

## Performance Objective 1 Problem Statements:

### Demographics

**Problem Statement 1:** LaGrone Academy is a school of choice with no students zoned to this campus. Increasing the number of students depends wholly on students attending the 4 home campuses, knowing that the opportunity to attend this campus exists. **Root Cause:** Inadequate communication to all 9th and 10th grade students concerning the benefits of attending the LaGrone Academy.

### School Processes & Programs

**Problem Statement 2:** LaGrone Academy is a school of choice with no students zoned to this campus. Increasing the number of students depends wholly on students attending the 4 home campuses, knowing that the opportunity to attend this campus exists. **Root Cause:** Inadequate communication to all 9th and 10th grade students concerning the benefits of attending the LaGrone Academy.

**Guiding Outcome 3: Growth & Management**

In pursuit of excellence, we will:

- \* Recruit, employ and retain high quality teachers
- \* Remain committed to providing equitable and outstanding opportunities for every student on every campus
- \* Work with the community in planning and facility development
- \* Utilize citizens' advisory committees to focus on short and long-term tasks
- \* Adjust policies and procedures to address rapid growth and changing demographics, nurturing our strong sense of community
- \* Demonstrate effective and efficient management of district resources
- \* Provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements
- \* Encourage teachers and staff to pursue advanced degrees
- \* Pursue energy efficiency and conservation principles

## Needs Assessment Overview

### Needs Assessment Overview Summary

For the 2023-2024 overview, the Campus Leadership Team made the following observations:

For our school culture and climate, Myers will empower all staff leadership, provide consistency and accountability for campus procedures and policies, continue authentic communication, mentor our teachers, continue to provide a voice for our students to feel heard, and recognize our students beyond academics. Additionally, in the beginning of the year, staff will review their five strengths and the way they like to receive feedback or mentorship. This was done at a faculty meeting at the beginning of the year through a strengths presentation. We did a favorite things spreadsheet that included how you feel appreciated. Myers will continue to provide staff feedback: This can be utilizing team leads. Every nine weeks they informally interview their hallway. The leads could use an adapted form of the questions from the Gallup survey. Then, this feedback can be presented every nine weeks at the Team Lead meeting. Finally, the leads can then revisit teacher needs. Bettye Myers will also continue to showcase students of the month: Randomly pooling students by grade level. We will continue to spotlight our students by intentionally choosing the student. This can be teacher picked or administration picked. This does not have to be completed every month. This would showcase students who are making a difference on campus.

For student achievement, Myers will continue to increase attendance at Wednesday and Thursday after school. We will efficiently use MAP data and common assessments at the Beginning, Middle, and End of the Year to increase student achievement.

Bettye Myers will continue to meet staff needs by continuing communication and collaboration among all departments, involving all teachers in the DTSS process, teacher recognition and appreciation, recognizing support staff, para-professionals, and substitute teachers, creating professional development opportunities, supporting and mentoring new to campus teachers, and hiring/retaining experienced teachers.

For curriculum, instruction, and assessment, Myers will train all teachers for alignment of assessments and backwards design, continue to revisit campus expectations and procedures for learning and assessment, enhance our evidence of data discussion during PLC's, and increase bell to bell instruction with classroom walkthroughs for personal growth.

Bettye Myers will meet the need of school context and organization by continuing strengths training for staff, having staff visible in all hallways during passing periods and advisory, continuing programs like UNT campus visits, the LaGrone campus visit, and College and Career night. We will continue to spend dedicated time during the school day for Professional Learning Communities.

For technology, the Digital Learning Specialist will continue working with teachers to create engaging lessons and integrating purposeful technology including displaying student work. We will increase students time collaborating with teachers and others outside the classroom online.

Bettye Myers family and community involvement will include working as a campus to collaborate with families and involve all stakeholders in family night activities and continuing to promote parents and the community involvement in campus decisions.

# Engagement Hierarchy

## **Growth - How can I grow?**

Employees need to be challenged to learn something new and find better ways to do their jobs. They need to feel a sense of movement and progress as they mature in their roles.

## **Teamwork - Do I belong here?**

Employees need to feel like they belong and are a good fit with their team. They need to know they are part of something bigger than themselves. As a manager, encourage opportunities for teamwork and a sense of belonging.

## **Individual - What do I give?**

Employees want to know about their individual contributions and their worth to the organization. Manager support is especially important during this stage because managers typically define and reinforce value.

## **Basic Needs - What do I get?**

Employees need to have a clear understanding of what excellence in their role looks like so they can be successful. Groups with high scores on the first element are more productive, cost-effective, creative and adaptive.

## GLOSSARY

The glossary provides high-level definitions of terms within the engagement report. Because of the dynamic nature of this site, not all terms will be applicable to or displayed on your report. Please use the terms that are relevant to your team when discussing and interpreting the data.

### ENGAGEMENT DEFINED

**EMPLOYEE ENGAGEMENT:** Employee engagement refers to how committed an employee is to their organization, their role, their manager and their co-workers. Engagement drives performance. Gallup's research shows that more highly engaged employees give more discretionary effort at work and have higher productivity, profitability and customer service, as well as reduced turnover and safety incidents.

### THE SURVEY ITEMS/QUESTIONS

**OVERALL SATISFACTION:** Overall Satisfaction is a measure of how content your team is with the overall company as a place to work. Overall Satisfaction is not included in the Overall Workgroup Engagement (GrandMean) score. Being a satisfied employee does not equate with being engaged, though the two are highly related.

**Q01-Q12:** These items are Gallup's proprietary workgroup engagement questions (commonly referred to as the Q<sup>12</sup>®). These items were selected for their strong connection to performance outcomes and the ability to take action at the workgroup level.

**INDICES:** In addition to the Q<sup>12</sup>® items, Gallup has created a number of empirically-derived sets of indices, which are comprised of 3-4 questions each. Individual scores of each index item are provided, along with a combined index score, which measures the strength of the core index construct. These indices help companies strategically pinpoint and improve specific focus areas relevant to their current situation.

**CUSTOM ITEMS:** These items are unique to your company and can vary across companies and surveys. While these "additional" questions link to the Gallup Engagement hierarchy, they are not always within the power of the workgroup to influence or change. These questions can provide additional insights into employees' perceptions, the situational workplace environment or company-specific initiatives.

### EMPLOYEE ENGAGEMENT RESULTS

**GRANDMEAN:** The GrandMean measures overall Workgroup Engagement, which is an average of the 12 Workgroup Engagement items (Q01-Q12). The higher your score (with a maximum possible score of 5), the more engaged your fellow employees are.

**ENGAGEMENT INDEX:** The Engagement Index (EI) is a macro-level indicator of an organisation's health that allows leaders to track the engagement levels of employees. This analysis identifies the percentage of participants who are engaged, not engaged and actively disengaged based on their responses to the Q<sup>12</sup>® survey items. You must have 100 employees participate to receive the full spectrum of responses for the EI. If you have 30<100 employees, the report will include the percentage of engaged employees only.

**ENGAGEMENT HIERARCHY:** Every employee has a distinct set of needs that follows a hierarchy, with basic needs at the foundation and growth at the top. Employees feel more or less engaged depending on how well they believe their needs are being met in the workplace.

### UNDERSTANDING THE SCORES

**THE SURVEY SCALE:** The engagement survey utilises a 5-point scale with 1=Strongly Disagree and 5=Strongly Agree. For each question, employees have the option to also select

“Don’t know” or “Does not apply”.

**TOTAL N:** The total number of employees who responded to the survey.

**MEAN SCORES:** The average score using the 5-point survey scale, with 5.00 being the highest score and 1.00 being the lowest.

**TOP BOX/%5:** The percentage of employees who responded “5 – Strongly Agree” to the survey item.

**DISTRIBUTION OF RESPONSES:** The percentage of employees who responded “1”, “2”, “3”, “4” or “5” to an item. If 10 or more employees respond to the survey, the report could display a full distribution of responses. Otherwise, only the percentage of employees who responded with a “5” (TopBox) and item means will display.

**SUPPRESSED DATA:** Confidentiality of responses is extremely important to Gallup. If too few employees respond to a survey item, the data will be suppressed (not published) and an asterisk (“\*”) will appear in its place.

## COMPARISONS

**EXTERNAL BENCHMARKING:** (Gallup Overall): Used as a benchmark to determine how your team’s results compare to other workgroups within the Gallup Overall of clients.

**PERCENTILE RANKING:** The 25th percentile indicates 75% of workgroups fell above this score; the 50th percentile indicates 50% of workgroups fell above and below this score; the 75th percentile indicates only 25% of workgroups fell above this score. The higher your percentile, the stronger the item is in relation to the database. Used as a benchmark to determine how your team's results compare to internal and external workgroups.

## GOALS OF DENTON ISD's ATTENDANCE POLICY

- Increase student attendance
- Increase academic achievement
- Reduce truancy
- Create consistency in all attendance practices and reporting
- Ensure accuracy and timelines in attendance/truancy procedures on each campus
- Utilize the courts in a meaningful and expeditious way
- Comply with state law and district mandates, policies and procedures

## **Campus Procedures for Attendance**

- Automated phone calls and emails are sent to parents/guardians daily notifying them when a student has been marked absent.
- Warning Letters are issued to students when attendance records reflect that the student has absences with an excuse on three days or parts of days in a four week-period.
- This is also when the campus begins implementation of Truancy Prevention Measures, which include:
  - Parent/Student Conference
  - Truancy Prevention Class (Online or In-Person)
  - Attendance Behavior Plan
  - Referral to Counselor
  - Referral to student services
  - Home Visits

Summary of Needs

- Continue to find ways to meet the needs of a diverse student population with an increasing number of economically disadvantaged students.
- What are ways to help newly economically disadvantaged students as a result of the pandemic. Find ways to provide help to those students and families through our food pantry, connections to local organizations that provide aid, and support from Communities in Schools.
- During hiring, continue to search for candidates who could increase the diversity in our staff demographics to better align with our student demographics.
- Strickland has 36% of teachers who have taught less than 5 years. How can we support them to become strong, veteran teachers?

### Demographics Strengths

- Diverse and resilient student population with a high number of students who are LEP, SPED, Economically Disadvantaged and at-risk.
- This diversity creates unique learning opportunities and valuable real world training.
- An experienced staff where 75% of the faculty has worked at least 5 years in education.
- Several platforms used to contact parents/guardians to keep them informed of school information and activities to encourage parent involvement

### Problem Statements Identifying Demographics Needs

**Problem Statement 1:** Fine Arts lose half their numbers by 8th grade **Root Cause:** Students need multiple levels of classroom intervention

# Student Learning

## Student Learning Summary

Overall, Strickland test scores are trending upward since we have pulled through the pandemic. The use of mister schedule, PLC, teacher planning, intervention, tutoring, online materials, and flex time have assisted in getting Strickland students back up to speed.

## Student Learning Strengths

### Strengths

- Strong focus on interventions for struggling students.
  - Outperformed comparison campuses in almost every performance level for 6th grade math, 6th grade reading, 7th grade math, and 8th grade Social Studies.
  - Progress on closing gaps for student subgroups
  - More students in advanced math classes than our comparison campuses.
  - Over ½ of our 7th and 8th graders enrolled in Honors classes.
  - Number of students considered college and career ready based on lexile climbed 8.5%.
- 
- Strong teacher participation in summer professional development.

### Needs

- Increased emphasis on tutoring and reteaching next year for struggling students.
  - Continue practices to maintain or increase STAAR performance levels.
  - Continue closing gaps for student subgroups, especially LEP, Black/African American and SpEd.
  - All Practice STAAR tests in Aware need accurate “Approaches,” “Meets,” and “Masters” percentages.
  - Return of flex tutoring to address absences, failures, etc.
  - Strategies and incentives to improve student effort on IXL.
- 
- Despite campus-wide programs, only 20-30% of students considered college ready according to Lexile & MAPS.

# School Processes & Programs

## School Processes & Programs Summary

### Personnel - Policy and Procedures

#### Process of Recruiting:

- Posts or From a Pool
- Social media and Word of mouth
- Application process with screener
- Principal pulls names and creates interview team
- Team interviews with question bank to ensure good fit for students and colleagues

#### Assigning and Retaining:

- Collaboration
- Support systems
- 1st year Mentor Program/Instructional Support

### Process of Developing Improvement Plan

- Comparing subgroups
- Comparing individual students
- Looking at data in teams; subjects; etc.
- Student ownership: reflection and goal setting

#### How to use stakeholders:

- Communication to parents: emails, Viking Times, newsletters, phone calls, Social Media posts (Learning Spotlights), Green and Gold Student Newspaper
- Team leads bring input from their teams.
- Need to include more community members

### Integrating CTE, College, Career, Blended Learning

- Hands on lessons in classes - science, the arts, CTE, History (8th), etc.
- Talent Search-College Readiness and career units/discussions in classes,
- CTE: real-life experiences/projects
- ATC and UNT tour
- Guest speakers in various classes

### Ensuring equity for all students

Are the demographics of our school represented in our advanced/honors classes, all of the offered electives, and educated about the same after high school options including college, trade school, and career opportunities.

- Advanced Math and EXPO
- Honors Science, ELAR, History
- Dual-Language Program
- Fine arts

Educating teachers on equity and opportunity for all students and how to identify ESL/special populations for honors

- Talent Search-College Readiness and career units/discussions in classes,
- CTE: real-life experiences/projects
- ATC and UNT tour

#### Discipline Trends

- Trends: some teachers placing most of the referrals. More teachers provide lunch detention to curb behaviors more immediately.
- Improve communication concerning proper procedures for teacher referrals.
- Improve providing proactive measures.

#### Grade level transition

##### 5th to 6th

- Counselor visits to 5th grade
- Jump Start
- 6th grade 1st day Orientation
- WEB activities throughout the year

##### 8th to HS

- Start early in the year with CCMR lessons
- Students work in Schoolinks to identify their interests and create career and college goals.
- Field trip to LaGrone Academy and UNT so they can see what opportunities are available to them in high school and beyond.
- Counselors work with students on individualized goals and personal success plans, and then in January high school counselors come over and we create their personalized graduation plans with each student in planning for high school.
- Transition meetings for students and parents as well on the high school level.
- What procedures are in place to support students during transitions from one grade to the next and one campus to the next?

#### Staff Viewpoints on CNA

This is dependent on the level that staff want to be involved in the CNA process. This can be increased through Viking Squad's continued development and influence on Campus wide systems.

### **Process to address low performance**

- Broad and small scale interventions (double-blocked ELAR; math intervention; reading intervention; ESL interventions)
- Grade level have a team time; core subjects have common planning time
- Integration of PLC ½ Days
- Tutorial time for core classes
- Jump Start Summer School
- CIS/ACE
- The development of Viking Squad this school year (23/24) is the foundation for addressing the root causes of low performance at Strickland.

### **Alignment of Programs to Mission Vision and Values**

Our programs have been aligned to these in the past and it was reviewed by the CLT. However, moving into the 23/24 school year and into the future, Viking Squad in addition to the CLT will monitor the alignment of Strickland's Programs to the vision, mission, goals and values.

### **Matching Educators' Strengths with Classroom Need**

Educators that are hired for positions are highly qualified in their subject and the hiring team will insure a good fit for our students and Strickland's culture. Strengths of educators may lead to them being a better fit with other teams, grade levels, or subjects.

### **Opportunities for At-Risk Students**

- Highly qualified teachers scaffolding district curriculum that is guided by TEKS
- CIS or ACE program.
- Improvement in student belonging.
- Enrichment through electives, and clubs.
- Acceleration through course selection and UIL
- Ways to Grow: looking at the alignment of scope and sequence for certain topics to allow for cross curricular collaboration.
- Equity piece will continue to be monitored and matched to school demographics.

### **School Safety**

- BERT: Lead by B. Moore; teacher volunteers to help address school safety issues and share out at grade level/ department meetings.

- School Drills: All drills practiced on Viking Day and some drills periodically throughout the year.
- SMS Safety Overview: Sent out by Officer Adams to be reviewed by each staff member.
- For best practice, classroom doors can be locked during the school day and key card entry for exterior doorways.

## **Roles and Responsibilities**

### Master Schedule:

- Distributed and available to entire staff.
- Designated times to collaborated with like subject areas and grade levels.
- Defines roles of Team leads and department heads

### Viking Hub

- Provides roles and responsibilities supervision of students in the morning afternoon and during the school day.
- Provides resource sheet for school professionals responsible for specific topics ( ex. Money, discipline, technology, testing,)

## **Systems in Place for New Teachers**

### First Year Teacher Program

- Provides required monthly informational session to discuss and train teachers on classroom management, T-Tess, and other school systems.
- First Year Teachers are assigned an experienced mentor.
- One- on -one conferences bi-monthly to discuss success and concerns in the classroom.
- Provide school apparel to help teachers become a part of the school community.

## **Social Emotional Learning**

SEL PD for all new Hires to learn SEL strategies.

Treatment Agreement highly recommended for each classroom.

## **Overall Areas of Strength**

- Improving each year due to feedback.
- Using a variety of ways to reach all populations.
- Poverty Simulation to assist with awareness of our lower socioeconomic population.
- Progress Monitoring Parent Meeting
- Talent Search with UNT
- CIS and ACE
- GOAL

- Clubs: Chess, Dungeons and Dragons, Garden Club, Fiddle Club, Mariachi, Student Council, NJHS (clubs help provide a sense of belonging to the students)

Provide school apparel to help teachers become a part of the school community.

##### Overall Areas of Growth

Allowing input from stakeholders and continuing to strengthen communication for community members, teachers (and their roles), and administrators.

Review how to create classroom procedures and expectations, how and when to reinforce, and what to do when behavioral expectations are not met as a proactive measure for discipline.

Communicate expectations to teachers on what constitutes a referral vs. what should be handled by the teacher. This keeps “power” in the teacher’s hands therefore and keeps kids in class.

Advertise open positions as early as possible and utilize secondary pools to fill positions with high quality educators.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** 30% of student report they sometimes do not feel safe in the hallways or restroom **Root Cause:** Staff supervise restrooms by being in the hallway or near restroom entrance. Strickland has a very long hallway where no classes feed into it. This is supervised by teachers, admin and counselors and is crowded at times.

**Problem Statement 2:** 29% of students say they sometimes feel like they belong at Strickland. 5% say they never feel that way. **Root Cause:** Middle school is a time of adjustment and growth and old kids become young adults. We are looking for more ways to connect students to school

**Problem Statement 3:** Often times, teacher feel like there is not enough time to do what needs to get done, and they would like to feel recognized more. **Root Cause:** There is a lot on teachers' shoulders, whether it be grading, conferencing, classroom management, and lesson planning. What ways can we show appreciation and that we value their time?

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

Ginnings Elementary was built in 1968 and is known as one of the district’s “heritage schools” for its longstanding place in the community and even celebrated its 50th anniversary of serving Denton students. It is named after J.L. Ginnings, a local resident home builder whose family donated the land on which the campus stands.

The staff at Ginnings has built a strong relationship with the families and businesses in its community through various programs that assist its students in and out of the classroom. Programs like Food Drive, Angel Tree and Clothes Closet help the economically disadvantaged students, while partnerships with local businesses and universities provide outlets for all students to learn, grow and be recognized for their achievements.

Ginnings students have access to multiple forms of learning technology through computers, mobile devices and other applications as well as interactive displays in most classrooms to keep them engaged. That engagement also continues in the arts with a fifth-grade orchestra, an honors choir and award-winning art programs being popular on campus.

The staff, students and families celebrate their differences and nationalities, allowing for various multicultural themes for typical school events like book fair, PTA meetings and fundraisers, while also allowing for special events like hot dog socials and technology-free nights where everyone feels like a part of the Ginnings family.

# School Processes & Programs

## School Processes & Programs Summary

Ginnings Elementary has several systems and programs to ensure efficacy in daily operations and learning.

- Student clubs are offered to students from kinder to 5th.
- Restorative practices are included as part of the daily curriculum.
- Interventions, enrichment, and extension opportunities.

The instruction that takes place in all classrooms is in alignment with the district curriculum and state standards. By implementing PLC strategies and components teachers are able to identify the essential skills to be taught and to be assessed.

All classrooms are equipped with technology that allows teachers to create and deliver interactive instruction. The use of technology helps students connect to real-world experiences, including post-secondary opportunities.

Ginnings has committees that collaborate in the decision-making process and help in the overall function of the school, ensuring that quality, rigorous, and relevant academic instruction is provided to students.

Ginnings provides a support system for new teachers to the campus and new teachers to the education field as well. A highly rigorous system has been established to hire and recruit highly-effective staff.

## School Processes & Programs Strengths

### CURRICULUM, INSTRUCTION and ASSESSMENT

- Master schedule that includes specific times for interventions for Tier II and Tier III students
- Creation of JAG (Jaguars are Great) time to address HB4545 intervention
- C&I support in all areas for all grade levels
- PLC process to develop the 15-day challenge
- PLC crucial conversations
- MTSS sessions to report and address the academic and behavioral needs of students
- Common formative assessments developed according to identified essentials and 15 Day Challenge
- Zone assessments developed according to the district curriculum and established learning outcomes

- Weekly collaboration and planning in all subject areas and programs including interventions
- Effective use of district-provided resources
- Bilingual resources and bilingual classroom libraries provide for every bilingual classroom
- Implementation of workshop models
- Instructional vertical committees that meet every 9 weeks to analyze alignment within the instruction across grade levels
- 2 Instructional coaches that provide coaching, guide, and support to all teachers
- 3 interventionists and paraprofessionals that provide intervention services for HB4545 and tier II students
- ESSER tutor and K-2 tutor serving at-risk students.

#### TECHNOLOGY

- Technology is used for instruction, intervention, enrichment, and extensions.
- Staff attend training to improve their technology skills
- 1/1 Chromebook per student
- Promethean Boards in all classrooms

#### SCHOOL CONTEXT and ORGANIZATION

- 6 teachers are part of the district curriculum writers team.
- Effective communication between parents, teachers, and administrators is conducted by diverse methods such as email, TAC, Class Dojo, Sewsaw, phone calls, and newsletters.

#### STAFF QUALITY, RECRUITMENT, and RETENTION

- Detailed Duty schedules

# Guiding Outcomes

## **Guiding Outcome 1: Teaching & Learning**

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our priority
- \* Advocate and practice proper accountability based on the measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility, and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology, and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** Ginnings Elementary School will focus on ensuring at least one year's growth in Reading and Math for every student while ensuring the scores for meets and masters increase as evidenced in the Beginning of the Year (BOY) to End of the Year (EOY) data during the 2023-2024 school year.

**Problem Statement 1:** Students struggling with their social and emotional behavior. **Root Cause:** Higher student enrollment and lingering effects of school closures.

**Perceptions**

**Problem Statement 1:** The social and emotional needs of our students have increased. **Root Cause:** Students' behavioral support need has increased. More students have higher emotional needs than before.

**Problem Statement 2:** Students need extracurricular activities and clubs to increase their activity level and be more engaged learners. **Root Cause:** Lingering effects of COVID and school closure.

**Guiding Outcome 3: Growth & Management -**

In pursuit of excellence, we will:

- \* Recruit, employ and retain high quality teachers
- \* Remain committed to providing equitable and outstanding opportunities for every student on every campus
- \* Work with the community in planning and facility development
- \* Utilize citizens' advisory committees to focus on short and long-term tasks
- \* Adjust policies and procedures to address rapid growth and changing demographics, nurturing our strong sense of community
- \* Demonstrate effective and efficient management of district resources
- \* Provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements
- \* Encourage teachers and staff to pursue advanced degrees
- \* Pursue energy efficiency and conservation principles
- \* Develop a budget focused on student and professional learning
- \* Maintain a diverse workforce

## Demographics

### Demographics Summary

Demographics: Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implemented strategies, initiatives, programs, and services to meet their needs.

Hodge is a Two Way Dual Language school that is also a Title I campus. Hodge has a large percentage of At Risk and Limited English Proficient learners that require various intensive interventions to be successful, including academic interventions, social and emotional interventions, and behavioral interventions. About 80% of the student population is economically disadvantaged. About half of the student population do not have English as their first language. Additionally, there has been an influx of newcomers, many of which are coming from situations where they have experienced various traumas. Their academic and emotional needs, on top of needing to learn English, are often high requiring additional resources. The emotional demands on teachers and staff are incredibly high and we continue to need additional staff in an effort to alleviate the added demands and stress. The additional staff will provide additional services as well as allow for reduced teacher/student ratios. Hodge needs staff members who can serve bilingual special education students as well as bilingual dyslexic students. Hodge needs staff who can intervene and teach appropriate and healthy behaviors and support students and their families with social adjustment difficulties.

Established: 1987

Mascot: Hawk

Colors: Red, Black, and White

Mission: Teach, Learn, Grow, Serve

Vision: A school that cultivates an inclusive, supportive community by valuing and incorporating students' life experiences while encouraging ownership of learning.

Motto: Whatever it takes, no excuses.

The overall campus demographics are:

Group	Count	Percent
All	644	100
PreK	17	3

White	48%
Other	5%

### Demographics Strengths

- We have a high percentage of Bilingual Staff, including teachers, support personnel, interventionists in comparison to other campuses with similar demographics.

- We have a high percentage of Behavior Intervention/Counseling/SEL Staff in comparison to other campuses with similar demographics.
- ACE/CIS After School Program
- CIS Daytime Program
- Multicultural Events and Family Nights
- Teacher sponsored after school clubs and programs including Taekwondo, GOAL, Ballet Folkloriko, Readers' Theatre, Choir, Book Club.
- Overall, the racial/ethnic demographics of the staff are similar to that of the students.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** Hodge continues to need highly trained staff to meet the diverse needs of our student population: - bilingual certified and paraprofessional staff, - including those trained to work with Newcomers, - counseling staff, - behavior/SEL intervention staff, and - special education certified and paraprofessional staff.

**Problem Statement 2 (Prioritized):** Hodge continues to need to build our student and community culture and pride by ensuring students and families take ownership of improving our school by providing students with schoolwide responsibilities as well as extra curricular clubs and providing parents with volunteer opportunities.

**Problem Statement 3 (Prioritized):** Hodge continues to need technology/software that supports Oral Administration and Translation extensions to support the students in accessing the curriculum and producing original work products for students with various accommodations.

**Problem Statement 4 (Prioritized):** Hodge will develop a parent survey using QR codes that parents complete during grade level performances and other parent events in order bring in community abilities and strengths to the school.

# Student Learning

## Student Learning Summary

Student Achievement - Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Hodge students are making strides in their social emotional, behavioral, and academic learning. We have identified a strong need for improvement of "Meets" across all grade levels and subject areas on state assessments. We have systems in place to allow teachers time for planning (PLC), intervening (WIN), and monitoring student progress (MTSS) that are built in to our master schedule. We have identified a need to increase student access to books, especially in Spanish. We value continuous professional development in the areas of Assessment for Learning, Dual Language, PLC, and Social Emotional Well Being. Our staff is engaging in the Texas Lesson Study, self directed professional development processes to learn and implement their learning into the lessons they craft. We need to find ways to better reach low-income, disadvantaged students with technology both via communication and their learning. We need to increase and update our available technology for students and teachers.

Data points include STAAR, Benchmarks, Common Formative Assessments, and Report Card grades to address our students' learning gaps from previous years.

See below for specifics to the 22-23 STAAR results we are using to address strengths, challenges, and gaps.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** To continue increasing student achievement in Reading and Math, the school has highly trained and skilled interventionists and instructional coaches to support increased student achievement.

**Problem Statement 2 (Prioritized):** To continue increasing student achievement in Reading and Math, and in response to HB4545/HB1416, the school is implementing a schoolwide system of targeted, accelerated learning instruction during WIN/tutorial time using part time/temporary staff to help tutor the students.

# School Processes & Programs

## School Processes & Programs Summary

Curriculum, Instruction and Assessment - The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Technology - Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

School Context and Organization - School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Staff Quality, Recruitment and Retention - Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns.

Hodge ES has several systems and programs in place to support students and teachers.

- \* STEAM clubs for all students every Friday.
- \* Restorative/Relational practices in classrooms for prevention and resolution of social issues.
- \* Reflection/Reset spaces for students to prepare emotionally and physically to participate successfully in class.
- \* RISE (social emotional) lessons are provided daily in all classrooms using CharacterStrong curriculum.
- \* Focus Groups for Shared Leadership and Decision Making
- \* Teacher Directed Professional Development Sessions with Texas Lesson Study practices.
- \* We need to increase positive visibility on social media to promote the success of our school. We will continue refreshing the building, such as replacing the carpet mural.
- \* Morning clubs that consist of Fine Arts (PE, Art, Yoga, Reading).
- \* After School Clubs: Martial Arts, Readers' Theatre, Ballet Folklorico, GOAL, Choir, Reading Club.
- \* Awards Assemblies on the half day Fridays.
- \* Classroom Behavior Support from Administration/Counseling Team

## School Processes & Programs Strengths

### Curriculum, Instruction and Assessment

- Creation of a Master Schedule that allows all grade level teachers to have the same conference period to collaborate and have PLCs during the school day
- Use of WIN Time to address HB4545/HB1416 intervention
- Common assessment data is analyzed during PLC's to guide instruction and assessment
- Classroom instruction and assessments are based on TEKS
- Teachers track data from multiple sources and collaborate within an academic team to address the whole student
- Experienced staff with a track record of successful standards-based instruction
- Opportunities for staff-led researched based, professional development
- Weekly collaboration in grade-level subject areas to review standards and create instructional strategies
- Utilization of released STAAR materials to establish sufficient rigor for instruction
- Implementation of Dufours' PLC model in our grade levels
- Effective use of technology within classrooms
- Implementation of Reading and Writing Workshop in our ELAR classrooms
- Utilizing Learning Targets and Language objectives with fidelity in all contents
- Continued PD and implementation of AFL strategies (Learning Targets, Strong and Weak Work, Descriptive Feedback, Co-Creating Success Criteria, Student Goal Setting, and Effective Questioning)

## Technology

- All staff trained in Seesaw, Google Classroom, and other apps on the Denton ISD portal to allow student access to material
- An increased use of technology for assessment and immediate feedback
- An increased use of technology to facilitate 504 and SpEd accommodations
- Willingness of staff to improve technology skills and integrate technology in lessons
- Strong support from campus technology staff
- We are a 1:1 Chromebook campus

#### School Context and Organization ~

- All Hodge certified staff have a leadership role on campus.
- Effective communication between staff and parents through TAC emails and school newsletters.
- Organized duty stations
- Supervision inside and outside the campus is actively monitored by staff
- Student/teacher interactions are positive.

#### Staff Quality, Recruitment and Retention

- "Welcome to Our School" Pamphlet provided to interviewees
- Professional development hours
- Student teacher recruitment
- Staff recruitment through word-of-mouth
- New Teacher Mentor Support and Monthly Meetings

#### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** Teachers need more time to work as a PLC and learn together through teacher directed activities through ongoing, job embedded professional development opportunities.

# Perceptions

## Perceptions Summary

Family and Community Involvement - Family and Community Involvement refers to how these stakeholders are informed, invested, and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

School Culture and Climate - School culture refers to the organization's values, beliefs, traditions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff, and students feel about the school and affects how people interact within the system.

Hodge ES has several wonderful opportunities for families to engage with the school personnel, through evening events, clubs, and other family outreach events. The staff and students take pride in the mission and motto of our school. The campus needs in this area include increased parent communication and additional staff to support students and their families, such as another full time counselor. To help meet students' needs additional training on strategies for working with students who have experienced ACEs and/or living in extreme poverty is needed. Additionally, strategies to develop school pride, appreciation for others, and finding joy in everyday work need to be intentionally employed with students and staff. The school needs to support PLC work by ensuring that it is goal driven and data fueled, continuing to emphasize support for bilingual students with special needs, and providing resources for WIN.

## Perceptions Strengths

Family and Community Involvement -

- Weekly/monthly communication from staff with parents and guardians
- Social Media communication has increased
- Positive and negative communication home
- Parents are responsive to needs of teachers and staff
- Lots of opportunity for parents to be involved within the classroom, sporting events, academic events and more
  
- High levels of social media and email and phone blast are keeping parents in the loop
  
- Celebration of Learning/ Winter Wonderland Family Nights
  
- Ballet Folklorico Club
  
- Holiday Support for Families

School Culture and Climate ~

- Relationships built by staff with students
- Committed staff
- Staff is happy to be at work
- High but achievable expectations that allows students to reach goals
- Staff is helpful
- Teachers are involved
- Students living out our inclusive culture by helping peers and teachers
- Staff feels that administration is creating a positive culture
- Staff and students know, and live by, the school Mission and Motto

#### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** Teachers need to drive their professional learning and have opportunities to shape our school through shared decision making. The school will have a greater presence on a variety of social media platforms in order to more successfully communicate with the greater Hodge community.

**Problem Statement 2 (Prioritized):** Students and families will be empowered to take ownership of improving our school by providing students with schoolwide responsibilities as well as extra curricular clubs and providing parents with volunteer opportunities.

# Priority Problem Statements

**Problem Statement 1:** Hodge continues to need highly trained staff to meet the diverse needs of our student population: - bilingual certified and paraprofessional staff, - including those trained to work with Newcomers, - counseling staff, - behavior/SEL intervention staff, and - special education certified and paraprofessional staff.

# Guiding Outcomes

Revised/Approved: September 20, 2023

## **Guiding Outcome 1:** Teaching & Learning

In pursuit of excellence, we will:

- \*Develop and maintain a culture where learning remains our first priority
- \*Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \*Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \*Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \*Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \*Incorporate best practices into teaching, learning, technology and leadership
- \*Foster and support an advanced digital learning environment
- \*Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** To increase student achievement for all students by a minimum of one year's growth in reading and math as evidenced by iReady through engaging teachers in shared decision making, leadership, and teacher directed professional development through the PLC process.

### **High Priority**

### **HB3 Guiding Outcome**

**Evaluation Data Sources:** STAAR Simulation & STAAR summary reports, ELI/SELI data, PNA data, iReady data, Data and anecdotal conversations from PLC, Common Formative Assessment Data, Walk through data, Enrollment Data, IEP/504 Data, Teacher self assessments, Professional Development Data, T-TESS evaluation data

**Performance Objective 1 Problem Statements:**

<b>Demographics</b>
<p><b>Problem Statement 1:</b> Hodge continues to need highly trained staff to meet the diverse needs of our student population: - bilingual certified and paraprofessional staff, - including those trained to work with Newcomers, - counseling staff, - behavior/SEL intervention staff, and - special education certified and paraprofessional staff.</p>
<p><b>Problem Statement 3:</b> Hodge continues to need technology/software that supports Oral Administration and Translation extensions to support the students in accessing the curriculum and producing original work products for students with various accommodations.</p>
<b>Student Learning</b>
<p><b>Problem Statement 1:</b> To continue increasing student achievement in Reading and Math, the school has highly trained and skilled interventionists and instructional coaches to support increased student achievement.</p>
<p><b>Problem Statement 2:</b> To continue increasing student achievement in Reading and Math, and in response to HB4545/HB1416, the school is implementing a schoolwide system of targeted, accelerated learning instruction during WIN/tutorial time using part time/temporary staff to help tutor the students.</p>

### School Processes & Programs

**Problem Statement 1:** Teachers need more time to work as a PLC and learn together through teacher directed activities through ongoing, job embedded professional development opportunities.

### Perceptions

**Problem Statement 1:** Teachers need to drive their professional learning and have opportunities to shape our school through shared decision making. The school will have a greater presence on a variety of social media platforms in order to more successfully communicate with the greater Hodge community.

**Guiding Outcome 2: Culture & Climate**

In pursuit of excellence, we will:

- \* Honor the dedication and professionalism of all staff
- \* Celebrate, respect and promote the value of diversity in our Denton ISD Community
- \* Support a working environment ensuring open and transparent communication
- \* Establish high expectations for success
- \* Instill in students a love of lifelong learning
- \* Foster a positive, welcoming environment encouraging parent and community partnerships
- \* Promote health, wellness and emotional well-being
- \* Effectively communicate achievements and recognitions to the Denton ISD community

**Performance Objective 1:** To improve the culture and climate for teaching and learning as evidenced by a 10% increase in the Staff & Campus Engagement results through engaging students and parents in the school community and teachers in shared decision making, leadership, and teacher directed professional development through the PLC process.

# Mission Statement

## Shultz Elementary Mission Statement

Learning for Life

Aprendizaje por vida

## Vision

### Shultz Elementary Vision

Working together in a unified school community, we are committed to doing whatever it takes for all students to learn and achieve at high levels. We accept collective responsibility to help every child acquire the essential academic and nonacademic skills that will prepare them to lead impactful, successful, and fulfilling lives.

Trabajando juntos en una comunidad escolar unificada, estamos comprometidos a hacer lo que sea necesario para que todos los estudiantes aprendan y alcancen altos niveles. Aceptamos la responsabilidad colectiva de ayudar a cada niño a adquirir las habilidades esenciales académicas y no académicas que los prepararán para tener vidas impactantes, exitosas y valiosas.

## Values

### Shultz Elementary Values

Our school is a unified family of caring and committed educators, parents, and community members working together for the success of every student. We are intentional in cultivating trustful, positive, respectful relationships with our students and families. The support and involvement of our parents and community are crucial to our success.

All students, staff, and families are important members of our school family. We embrace our school's diversity and seek ways for all children and families to feel welcomed, included, and valued at our school. Our community is stronger when students are empowered to celebrate and value their own culture and the cultures of others.

We collaborate in teams to set goals and analyze data to maximize student learning. We value continuous learning for all students and staff members, and we

are innovative in our use of best practices to meet the individual learning needs of our children.

We maintain high standards and expectations for students, staff, and parents. As we believe that all children are capable of learning and achieving at high levels, we hold all students to high expectations for their learning, effort, quality of work, and behavior. As adults, we hold one another to high standards and model the positive character traits we seek to cultivate in our students.

We understand that creating a safe, challenging, and engaging learning environment at school is crucial to students reaching their full potential. We value teaching in ways that inspire curiosity, creativity, independence, and critical thinking in our children. We model vulnerability and excitement for learning that encourage students to ask questions and view mistakes as opportunities for growth.

We value meeting the needs of the whole child, including their academic, artistic, musical, physical, social, and emotional development. We provide students the tools they need to take ownership of their own learning and grow in their leadership skills.

We actively celebrate the effort, achievement, and growth of all members of our school community. We affirm students and one another for positive character and leadership behaviors, and we strive to support all people in our Mustang family.

Nuestra escuela es una familia unida que consiste de educadores, padres y miembros de la comunidad solidarios y comprometidos a trabajar juntos para el éxito de cada estudiante. Somos intencionales en cultivar relaciones de confianza, positividad y respeto con nuestros estudiantes y familias. El apoyo y la participación de nuestros padres y la comunidad son cruciales para nuestro éxito.

Todos los estudiantes, el personal y las familias son miembros importantes de nuestra familia escolar. Aceptamos la diversidad de nuestra escuela y buscamos formas para que todos los niños y las familias se sientan bienvenidos, incluidos y valorados en nuestra escuela. Nuestra comunidad es más fuerte cuando los estudiantes están empoderados para celebrar y valorar su propia cultura y las culturas de los demás.

Colaboramos en equipos para establecer objetivos y analizar datos para maximizar el aprendizaje de los estudiantes. Valoramos el aprendizaje continuo para todos los estudiantes y miembros del personal, y somos innovadores en nuestro uso de las mejores prácticas para satisfacer las necesidades de aprendizaje individuales de nuestros niños.

Mantenemos altos estándares y expectativas para los estudiantes, el personal y los padres. Como creemos que todos los niños son capaces de aprender y alcanzar altos niveles, mantenemos a todos los estudiantes con altas expectativas en cuanto a su aprendizaje, esfuerzo, calidad de trabajo y comportamiento. Como adultos, nos mantenemos unos a otros con altos estándares y modelamos los rasgos de carácter positivos que buscamos cultivar en nuestros estudiantes.

Entendemos que crear un ambiente de aprendizaje seguro, desafiante y atrayente en la escuela es crucial para que los estudiantes alcancen su máximo potencial. Valoramos la enseñanza de maneras que inspiren curiosidad, creatividad, independencia y pensamiento crítico en nuestros niños. Modelamos la vulnerabilidad y el entusiasmo por el aprendizaje que alientan a los estudiantes a hacer preguntas y ver los errores como oportunidades de crecimiento.

Valoramos satisfacer las necesidades del niño en su totalidad, incluyendo su desarrollo académico, artístico, musical, físico, social y emocional. Brindamos a los estudiantes las herramientas que necesitan para apropiarse de su propio aprendizaje y desarrollar sus habilidades de liderazgo.

Celebramos activamente el esfuerzo, el logro y el crecimiento de todos los miembros de nuestra comunidad escolar. Afirmamos a los estudiantes y unos a otros

por comportamientos positivos de carácter y el liderazgo, y nos esforzamos por apoyar a todas las personas en nuestra familia Mesteño.

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

Nette Shultz Elementary, formerly Woodrow Wilson Elementary, first opened its doors in 1960. In 2021, our Mustang community transitioned to a new school building under our new school name. This is our 64th year serving the north Denton community. Shultz Elementary is a Title 1 school and proudly serves a diverse community of students, staff, and families. Just over half of our students qualify to receive free or reduced price meals at school.

The first two-way dual language program in Denton ISD was established at our school. Our campus serves 709 students in September 2023, experiencing significant growth in our student population in recent years. The majority of our emergent bilingual / English language learners are served in dual language classrooms. We have two Adaptive and Functional Skills classrooms and one Stepping Up Communications classroom that serve students receiving special education services from across the district. Our students are served by highly qualified, experienced, talented, and dedicated educators. Nearly three fourths of our teachers have more than five years of experience, and over half of our teachers have more than ten years of experience.

#### Percent of Active Students by Federal Race/Ethnicity

- American Indian or Alaska Native - 0.2%
- Asian - 1.1%
- Black or African American -10%
- Hispanic/Latino - 36.6%
- Two or More Races - 5.3%
- White - 46.9%

Economically Disadvantaged Student Group - 50.8%

Special Education - 13.9%

Emergent Bilingual / English Language Learners - 15.9%

#### Percent of Teachers by Race/Ethnicity

- Black or African American -4.1%
- Hispanic/Latino - 24.6%
- White - 71.3%

### Demographics Strengths

The campus staff has several members that have 20+ years of experience in education with the majority having more than ten years with a high staff retention rate. The Campus

Leadership Team makes decisions that are based on data, which leads to staff development that focuses on the campus needs. The administration actively recruits highly qualified teachers who are committed to serving at our campus for many years into the future. New teachers are supported through a robust campus and district mentor program. The campus supports student learning through staff development and instructional coaches and interventionists. Our campus has math, literacy, and bilingual/ESL instructional coach/interventionists as well as dyslexia, reading recovery, and DLL specialists to support struggling learners. Our gifted and talented teachers provide learning opportunities for students to help build background knowledge and provide equity. The Campus Leadership Team uses data to determine the best use of the Title 1 funds that support the students through supplemental learning opportunities, resources, and real world learning experiences through field trips. Supplemental resources are provided for all students to support learning in math, reading, writing, science, and social studies. Through the campus Multi-Tiered System of Supports team decisions are made to provide the appropriate intervention and resources for student learning and behavior.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Our emergent bilingual and English language learning student population performs significantly below the general population of students academically.

**Root Cause:** Systems of academic progress monitoring, clarification around essential learning outcomes, and strong intervention systems in all grade levels need to be strengthened to support this specific student group.

**Problem Statement 2:** The racial/ethnic makeup of our teachers and staff does not closely align with the makeup of our student population. **Root Cause:** Priority needs to be placed on recruiting and hiring teachers from more diverse backgrounds.

### Student Learning Strengths

Our school earned an A rating on our school report card for our 21-22 academic performance. Our campus also earned five distinction designations for academic achievement in English/language arts/reading, academic achievement in mathematics, academic achievement in science, postsecondary readiness, and top 25%: comparative closing the gaps.

We use a robust Multi Tiered Systematic System of supports to review every student. All students not performing on grade level receive supplemental support either in the classroom for Math, Reading, and Bilingual literacy. We review student progress and adjust instruction as needed based on data. Programs such as Reading Counts and Study Island are used and need to be available quickly for student access as soon as they start school. To help support student learning, teachers work collaboratively through their Professional Learning Community. Time is provided for them to work together and serve small groups of students by using substitutes to cover their classrooms. Saturday school is also provided as an additional time for student learning.

97% of monolingual and 82% of bilingual kindergarten students ended the year on level with their level ID, with 92% and 88% respectively on level with their letter sound knowledge. From February to May, our kindergarten students grew from 51% to 86% reading on grade level. The vast majority of our kindergarten students ended the year on level for their forward counting. From October to May, our first grade monolingual students grew from 63% to 83% reading on level, and emergent bilingual first graders grew from 50% to 92% reading on level. In second grade, the percentage of students performing at-risk in addition and subtraction fact fluency was significantly reduced. In third grade, the percentage of students performing on level on addition and subtraction computation grew significantly from October to May. Fourth grade teachers significantly reduced the percentage of students performing at-risk in addition and subtraction computation over the course of the school year. Finally, the percentage of fifth grade at risk in their reading levels was significantly reduced from October to May.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** More than half of our emergent bilingual students were reading below grade level expectations in May 2023. In multiple grade levels, the percentage of emergent bilingual students reading below grade was higher in May 2023 than in October 2022. **Root Cause:** More systematic multi-tiered reading and literacy supports are needed to support our emergent bilingual population, which includes many students new to the United States in the past two school years.

**Problem Statement 2:** For monolingual students in May 2023, 11% in kindergarten, 20% in first grade, 13% in second grade, 19% in third grade, 17% in fourth grade, and 12% fifth grade were performing at-risk in their independent reading level. **Root Cause:** While significant growth has been made in the percentage of students reading on grade level in recent years, there remains room for improvement in strong reading instruction and intervention for all students in need.

# School Processes & Programs

## School Processes & Programs Summary

Our campus uses data gathered from a variety of resources such as campus and zone based assessments for all grade levels, report card assessments, teacher developed assessments, on-line inventories, STAAR, and other resources to determine student needs based on state standards. Teachers collaborate together during their Professional Learning Community time where they discuss what do we expect our students to learn, how will we know they are learning, how will we respond when they don't learn, and how will we respond when they learn it? Every student is discussed in our Multi-Tiered System of Supports. Their strengths and weaknesses that are based on data is reviewed.

For struggling students, supplemental support is given and progress is reviewed as needed. The campus leadership team collaborates to provide guidance on using funds and to review campus procedures. Funds are used to increase student learning support in areas of need based on data. The master schedule, developed in collaboration with the CLT, is designed to maximize instructional time and minimize classroom interruptions. Shultz Elementary has a high teacher retention rate. Consistently throughout the past 20 years, the majority of teachers that leave the campus is due to retirement and not school to school transfers. The majority of our staff has 10 or more years of teaching experience. Beginning in the 22-23 school year, all K-5 teachers are planning units of instruction using the 15-Day Challenge model, resulting from a Solution Tree PLC training in the summer of 2022. Teachers collaborate in teams to identify the most essential learning standards, develop common formative assessments, and work together to provide intervention to students during the unit of instruction. Also beginning in the 22-23 school year, teacher PLC teams identify essential learning skills in literacy (e.g. reading level) and math (e.g. primary numeracy skills), and teachers set goals for their classes and individual students and track their progress on a monthly basis over the course of the school year.

## School Processes & Programs Strengths

The campus PLC and MTSS processes are revised as needed to meet the needs of the students and teachers. Data that is used from assessments such as campus and zone based assessments for all grade levels, report card assessments, teacher developed assessments, on-line inventories, STAAR, and other resources is used to identify student strengths and weaknesses. This data is used to help create small groups for targeted intervention and provide direct services for qualified students. Supplemental services start early in the fall semester and continue throughout the school year. Supplemental resources are provided for STEM (Science, Technology, Engineering, and Math) as well as Reading, Writing, Social Studies, and emotional/behavioral learning. Technology is used as a teaching tool with additional use of a 3-D printer and daily use of computer labs. Supplemental on-line learning opportunities are provided such as Reading Counts and Study Island. Professional Development opportunities are provided to meet the curriculum needs. Our campus has a part-time technology instructional specialist that provides professional development for the teachers. Students gain additional learning through the STEAM club as well as having access to our Maker Space Classroom. We have a veteran teaching staff with high retention rates. The administrative staff recruits highly qualified teachers by attending job fairs and advertising through the district recruitment website.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1 (Prioritized):** Our campus MTSS systems and processes require improvement to provide more clarity to grade level teachers and specialists regarding expectations for intervention and documentation to ensure all students receive the systematic support they need to learn at high levels. **Root Cause:** Recent changes in campus administration have resulted in weakening of MTSS processes, requiring a renewed focus on systems in the 2023-24 school year.

# Perceptions

## Perceptions Summary

For the perceptions portion of the CNA, surveys were collected from employees and families. Going into the 2023-24 school year, our staff retention rate was 96%, with only three staff members leaving their positions from the 2022-23 school year, along with two additional positions related to growth in our student population.

Shultz Elementary has a strong connection with the community and provides multiple events throughout the year to increase parental engagement and showcase student learning. Some of the programs include Grandparents Night, dual language events, science fair, fine arts night, STEAM nights, All-Star Choir events, and Ballet Folklorico performances. We have many staff volunteers for Chess Club, Natural Science Society, and STEAM Club. Our PTA events such as book fairs, Fall Carnival, family picnic, dances, and other events are highly attended by students, families, and staff. Community volunteers and partners help support student learning, teacher support, and mentor students. Community wide events on campus include the family and friends picnics. Teachers communicate through email, newsletters, phone calls, and parent conferences. Teachers are provided with substitutes during the spring semester so they can have conferences with their students' parents to discuss student progress. For school-wide information, monthly parent newsletters are sent home to keep families involved, and teachers communicate with families more frequently throughout the year.

Student and staff success is celebrated in the classroom and school wide through announcement and assemblies. Student social and emotional needs are being met during social skills training, lunch bunch, and guidance lessons. This school year, we showed great improvement in involving our Spanish-speaking families with additional school events focusing on our dual language families, as well as Spanish versions of school newsletters, surveys, and other communication being shared with all families.

## Perceptions Strengths

District level Gallup and campus level employee survey data were used to assess staff engagement over time. From November 2021 to May 2023, positive responses grew in employee satisfaction to work at Shultz Elementary, having the materials needed to do work right, having the opportunity at work to do what I do best every day, someone at work caring about me as a person, someone at work encouraging my development, mission or purpose of organization making me feel my job is important, colleagues committed to doing quality work, having a best friend at work, someone talking about my progress in last six months, supervisor creating a trusting and open environment, and having open communication throughout all levels in my organization. Positive responses declined in several areas, including my opinions seem to count at work, knowing what is expected of me at work, and I have received recognition or praise in the last seven days for doing good work. In May 2023, the Shultz Campus Leadership Team recommended setting a Campus Improvement Plan goal in the area of staff employee engagement.

All Shultz Elementary parents and guardians were invited to complete a Family Involvement Survey in the spring of 2023 as part of our CNA, and 34 responded. Families reported finding value in events like Field Day, the PTA Family Dance, Ballet Folklorico performances, Multicultural Night, Fine Arts Night, the PTA Fall Carnival, the Science Fair, Awards Assemblies, Dual Language events, the PTA Book Fair, and various field trips. In addition to the fantastic events that have long been successful at our school, families suggested that our school consider holding additional events for Mother's Day, Dia del nino, game nights, reading events, and service events for the community. Also on the survey, 69% of families reported receiving timely and helpful feedback from their children's teachers about their work and learning, and 73% shared that their child's teachers communicated with them when their child is struggling in their learning. 76% reported that teachers at Shultz Elementary share ways they can support their children's learning at home. 85% were proud that their children attend Shultz Elementary, 91% report being warmly greeted and feel welcome by the staff, and 97% rated the school as good or excellent.

### Problem Statements Identifying Perceptions Needs

**Problem Statement 1 (Prioritized):** While our campus has shown growth in our Employee Engagement Survey feedback over the past 18 months, there is still much room for improvement, particularly in the areas of receiving recent recognition or praise for doing quality work, opinions seeming to count at work, and having enough time at work to complete everything needed. **Root Cause:** With new campus leadership being in place for two years in our new school building, stronger systems are needed for staff recognition and appreciation, feedback related to quality work, and involving all staff in campus-level decision making.

**Problem Statement 2:** Compared to other items on the Family Involvement Survey, Shultz Elementary parents reported lower ratings in receiving timely and helpful feedback from teachers regarding students work and learning and ways they can support learning at home. **Root Cause:** Working together with families, the staff of Shultz Elementary will focus on systems of ongoing parent communication regarding student academic progress and supports received at school, including ways parents can support their children's learning growth.

# Priority Problem Statements

**Problem Statement 1:** More than half of our emergent bilingual students were reading below grade level expectations in May 2023. In multiple grade levels, the percentage of emergent bilingual students reading below grade was higher in May 2023 than in October 2022.

**Root Cause 1:** More systematic multi-tiered reading and literacy supports are needed to support our emergent bilingual population, which includes many students new to the United States in the past two school years.

**Problem Statement 1 Areas:** Student Learning

**Problem Statement 2:** Our campus MTSS systems and processes require improvement to provide more clarity to grade level teachers and specialists regarding expectations for intervention and documentation to ensure all students receive the systematic support they need to learn at high levels.

**Root Cause 2:** Recent changes in campus administration have resulted in weakening of MTSS processes, requiring a renewed focus on systems in the 2023-24 school year.

**Problem Statement 2 Areas:** School Processes & Programs

**Problem Statement 3:** While our campus has shown growth in our Employee Engagement Survey feedback over the past 18 months, there is still much room for improvement, particularly in the areas of receiving recent recognition or praise for doing quality work, opinions seeming to count at work, and having enough time at work to complete everything needed.

**Root Cause 3:** With new campus leadership being in place for two years in our new school building, stronger systems are needed for staff recognition and appreciation, feedback related to quality work, and involving all staff in campus-level decision making.

**Problem Statement 3 Areas:** Perceptions

# Guiding Outcomes

**Guiding Outcome 1:** Through the implementation of multi-tiered systems of support by Professional Learning Teams, Shultz Elementary students will make at least one year's worth of growth in essential reading and math fluency skills from September 2023 to May 2024. All grade levels will experience at least a 5% growth in the percentage of students performing on grade level in essential reading and math skills during this time period.

**Performance Objective 1:** Shultz Elementary students will make at least one year's worth of growth in essential learning skills, and all grade levels will experience at least a 5% growth in the percentage of students performing at grade level expectations in these skills, from September 2023 to May 2024.

Our campus guiding outcome supports the district's guiding outcomes of students reading on grade level by the end of 3rd grade and increasing the percentage of students mastering algebra 1.

**Guiding Outcome 2:** The staff of Shultz Elementary will work together to increase staff ratings on the Gallup Employee Engagement Survey relating to feeling valued, heard, recognized, and appreciated in the workplace.

**Performance Objective 1:** Shultz Elementary will show significant improvement in staff ratings related to Q4 of the Gallup Employee Engagement Survey: "In the last seven days, I have received recognition or praise for doing good work." By May of 2024, we will improve to an average response of at least 3.75 on this item.

In November 2022, the average response on this item for Shultz Elementary staff was 3.37 out of 5.00, reflecting 68 respondents. The overall Denton ISD mean in November 2022 on this item was 3.46 out of 5.00.

**High Priority**

**Evaluation Data Sources:** Gallup Q12 Employee Engagement Survey results from fall 2023 and spring 2024, as well as campus-initiated Gallup pulse surveys measuring Q4 responses more periodically the school year.

#### Demographics Strengths

- Pecan Creek Elementary serves its diverse student population through multiple programs, including 1- and 2-Way Dual Language programs, GOAL, SLT, SEL, EXPO, therapy dog, mentorship, high school helpers, and Teach Denton
- Pecan Creek Elementary teachers have a wide range of teaching experiences to meet the needs of all students.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Students continue to need support for emotional regulation and appropriate responses to social interactions. **Root Cause:** There is a need for common schoolwide vocabulary and strategies to teach campus expectations and emotional regulation.

# School Processes & Programs

## School Processes & Programs Summary

### School Processes & Programs Strengths

- PLC time is focused on completing 15 day challenges, including planning for student needs for intervention and enrichment
- Met intervention goals for HB 4545 students
- Revised MTSS process to better meet the needs of students
- Scheduled intervention time across all grade levels
- Revised procedures for common areas that decrease discipline issues
- 100% staff membership in PTA

### Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** The collection of data regarding behavioral needs of students is showing that their academic progress is being impacted and increases the need for Tier II intervention. We will continue the MTSS process to monitor and support academic and behavioral success of students. **Root Cause:** Need for tools to manage behaviors that impede academic growth

# Perceptions

## Perceptions Summary

Our campus completed a Campus Needs Assessment in May 2023. The staff then met in August 2023 to review the strengths and areas of need to problem solve and discuss collective solutions.

# Guiding Outcomes

## **Guiding Outcome 1: Teaching & Learning**

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our first priority
- \* Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** All students will make at least one years growth in Reading and Math by May 2024.

- \* K-2 students will end the year with at least 85% of the grade level on level in Reading and Math as measured by overall placement score on IReady.
- \* 4-5 students will move one threshold in Reading and Math as measured by STAAR assessments.

## Demographics

### Demographics Summary

Rivera Elementary was built in 1994 and received two additions since it opened, most recently in 2009. The school is named for Tomas Rivera, an award-winning poet and author from Texas who later became the first Mexican-American chancellor in the University of California system.

Rivera Elementary is one of Denton ISD's most culturally diverse schools and builds on that with a welcoming and nurturing environment for students and their families. The school offers academic instruction in bilingual classrooms and uses technology-based programs such as Think Through Math and Classworks to give students unique ways to learn and understand various concepts.

Making a connection with students and their families is stressed at the school, with staff members offering monthly Practical Parenting Nights and Communities in Schools of North Texas working with community volunteers to provide students with academic and social support during and after school. Community partners see the value in supporting Rivera as well with many local business and organizations offering students rewards for attendance, academic success and good citizenship.

Rivera students have a number of opportunities to showcase their talents as well through participation in numerous academic and extracurricular clubs, choir and orchestra. A burgeoning mentorship program provides students with role models and defines career aspirations, while the nearby MLK Recreation Center often offers social and athletic support to the school's families through games and programs.

- Rivera Elementary is a one way dual language campus.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Not all demographic populations have achieved their full potential academically and behaviorally. **Root Cause:** A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations at school.

**Problem Statement 2:** There continues to be academic gaps for some student populations. **Root Cause:** Lack of school experience and trauma for some students are causing behavior challenges.

# Student Learning

## Student Learning Summary

Rivera staff has committed to becoming a Professional Learning Community. There are systems in place to allow teachers time to plan for assessing, teaching, and intervention, as well as systems to monitor student progress through MTSS.

*Data points considered: progress monitoring sheets by grade level, reading level growth, STAAR, district benchmarks, common assessments, report card assessments.*

--	--	--	--	--	--

## Student Learning Strengths

There are effective strategies and practices to support high quality student learning and intervention:

- Instructional Framework that includes Assessment for Learning Strategies, Professional Learning Teams, and Understanding by Design
- Workshop Model
- Units of Study
- Phonics Instruction
- 1-to-1 Technology
- Quality Assessments and Screeners that drive and inform instruction

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1:** Special Education students under perform compared to their peers on state achievement assessments. **Root Cause:** General Education and Special education teachers need more time to collaborate and plan quality scaffolded instruction to ensure access to grade level curriculum.

**Problem Statement 2:** Students are not meeting grade level expectations in Reading and Math because they do not come to school equipped with school readiness behaviors and real world experiences. **Root Cause:** Students not participating in early childhood intervention, high mobility, migrant families, student attendance concerns, and lack of background experiences.

**Problem Statement 3:** Tier One instruction needs to strengthen in Reading and Math. **Root Cause:** Classroom teachers need more time, guidance and professional development

# School Processes & Programs

## School Processes & Programs Summary

Rivera's guiding coalition is composed of administrators, teachers and support staff who collaborate often and support other adults on our campus to reach their fullest potential as professionals. This team works together to lead the work by modeling the structure and processes required of the collaborative teams within our PLC. All staff are part of a focus group. Focus Groups were developed based on feedback from staff through surveys and the Campus Needs Assessment, as well as other campus wide data. Focus Groups promote shared leadership and will allow all staff members to have access to leadership roles and decision making. Focus groups will tackle school wide initiatives, address problems, and ask questions in order to improve our school culture and community as well as increase our effectiveness and success at meeting all students' needs. Focus Groups will be chaired by a GC member who will report information back to the GC regarding FG progress. For 23-24, the focus groups are: Staff Culture, Student Culture, Communications, Family Connections, Diversity & Inclusion, and Literacy.

Curriculum, Instruction, and Assessment is the main focus in grade level PLT (Professional Learning Team) meetings. Grade levels are expected to meet with their PLT weekly and focus on the 4 critical questions of a PLC (DuFour):

- What do we expect our students to learn? ( Goals/Expectations)
- How will we know they are learning? ( Assessment)
- How will we respond when they don't learn? – (Intervention)
- How will we respond if they already know it? - (Enrichment)

Assessment is a critical component when it comes to decision making. Rivera uses the concept of balanced assessment and instruction to ensure we are adequately addressing student needs and measuring student outcomes. Rivera uses the DMTSS system to support all learners.

Rivera implements 45 minutes of built-in intervention, "SUCCESS time" in the master schedule to provide interventions for all students and in order to support support early intervention.

## School Processes & Programs Strengths

Rivera's process and program strengths include:

- Rivera's master schedule and structures allow teachers and staff to work collaboratively to meet the various needs of students.
- Built in time for intervention for all grade levels.
- Weekly PLT time for staff to collaborate, analyze data, and design lessons
- Opportunities for staff-lead researched based, professional development
- Continued PD and implementation of AFL strategies (Learning Targets, Strong and Weak Work, Descriptive Feedback, Co-Creating Success Criteria, Student Goal Setting, and Effective Questioning)
- Increased focus on parent engagement and collaboration

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** Staff need a deeper understanding of the power of the PLC to impact instruction. **Root Cause:** Lack of knowledge and understanding of the PLC process.

**Problem Statement 2:** Teachers need time for training and collaboration to design engaging lessons and quality instruction. **Root Cause:** Many teachers are new to the content or new to the teaching field and teach all contents.

# Perceptions

## Perceptions Summary

Rivera Elementary works to ensure our school has a family environment. Family involvement is a key component of student success and it is imperative to us that we support parents by creating a climate that is responsive and communicative in nature while allowing the school and family to work as partners in the educational process. Parent/community nights such as Meet the Teacher, Multi-Cultural, Curriculum, and Fine Arts Events all serve to help bring parents and school staff together toward a common purpose. Rivera utilizes and implements CHAMPS and restorative practices.

## Perceptions Strengths

Rivera has a multitude of family and community involvement opportunities:

Mentoring programs (Grand parent volunteers, PALS, CIS, ACE) to help address the social and emotional needs of at-risk students.

Student Assistance Counselor to help address the social and emotional needs of at-risk students.

Maintaining and expanding relationships with business partners

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** In need of a connected partnership with parents in order to actively participate in their child's education and success through collaborating and connecting.

**Root Cause:** Populations of poverty have cyclical patterns that impact educational success.

# Priority Problem Statements

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)

# Guiding Outcomes

## **Guiding Outcome 1:** Teaching & Learning

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our first priority
- \* Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** By May 2024, 100% of Rivera students will achieve a minimum of one one year's growth in grades K-5 in Reading and Math as evidenced by the iReady assessment and there will be an increase in percentage of students achieving at the approaches, meets and masters level as measured by STAAR in Math and Reading.

**Guiding Outcome 2:** . Culture & Climate

In pursuit of excellence, we will:

- \* Honor the dedication and professionalism of all staff
- \* Celebrate, respect and promote the value of diversity in our Denton ISD Community
- \* Support a working environment ensuring open and transparent communication
- \* Establish high expectations for success
- \* Instill in students a love of lifelong learning
- \* Foster a positive, welcoming environment encouraging parent and community partnerships
- \* Promote health, wellness and emotional well-being
- \* Effectively communicate achievements and recognitions to the Denton ISD community

**Performance Objective 1:** By May of 2024, the staff of Tomas Rivera Elementary will foster a welcoming, supportive learning environment where high expectations for success are upheld by implementing daily campus wide Character Strong curriculum and Baby Doll Circle Time for PK-1st grade that is consistent and routine in which students can effectively demonstrate the character strong trait of respecting themselves, respecting peers and respecting their school community. This will be measured and evidenced by a decrease in repeat offenders defined by a single student receiving 3 or more discipline referrals within a semester.

### Demographics Strengths

Our attendance rate steadily improved from beginning of the year to the end of the year. Our front office team worked hard to put all the truancy prevention measures in place in a timely matter and communicated with parents in a systematic manner.

We were able to provide tutoring for our 1st grade students, which helped to increase the amount of students leaving first grade reading on level.

We were able to provide tutoring and transportation for our 3-5 grade students in preparation of the STAAR.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** The top three reasons for referrals this year were physical aggression, classroom disruption, and defiance **Root Cause:** We have students who are experiencing high levels of trauma and have teachers who need more training in how to handle these types of behaviors.

**Problem Statement 2:** Families that are actively engaged and attending events at our school are not always representative of our demographics **Root Cause:** We may not be

offering the types of events or resources that would attract all of our families.

### Student Learning Strengths

1st grade improved the amount of students reading on-level from 48% to 79%.

Kinder ended the year with over 80% of their students being able to identify their letters and sounds.

2nd grade improved their PNA scores from the beginning of the year to the end of the year.

3rd-5th grade all saw improvements in the amount of students meeting standard on the reading and math STAAR

80% of our students in 3rd grade approached grade level on reading STAAR

82% of our students in 3rd grade approached grade level on math STAAR

78% of our students in 5th grade approached grade level on math STAAR

### Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** In several grades there was not an increase in the amount of students on-level by the end of the year. **Root Cause:** Potential loss of instruction due to disruptive behaviors. Potential Tier 1 practices that are not meeting the needs of ALL students Potential PLC practices that are not responsive enough to the learning and the data

**Problem Statement 2 (Prioritized):** We are lacking resources that are aligned with the new STAAR redesign. It was difficult to prepare our students for the new type of test. **Root Cause:** Publishers have not caught up with the change and need time to create materials that will be in alignment.

# School Processes & Programs

## School Processes & Programs Summary

CLT, Guiding Coalition, and Grade Level Teams were asked to provide input on several school processes and programs.

<b>What kind of opportunities are we providing for community and parent involvement at our school to improve student achievement?</b>	<b>What are ideas to consider for next year?</b>
<p>Bulldog Pack (Father Figure Involvement Program)</p> <p>STEM Night</p> <p>Bus sent to pick up students at apartments so they could attend the STEM night</p> <p>Fine Arts Night</p> <p>Fun Run</p> <p>Hey Dude, Nice Shoes (provided childcare and food for families)</p> <p>Music programs</p> <p>Spring Fling (partnership with PTA)</p> <p>Partnership w/ CoServ</p> <p>Book Character Pumpkins</p> <p>Schoolwide Easter Egg Hunt</p>	<p>Hotdog Night at apartmtents</p> <p>Caroling at the apartmtnets</p> <p>Collaborate with Boys and Girls Club to have events at the apartments</p> <p>PALS- Ryan HS mentor program</p> <p>Go BIG! Decor and More</p> <p>Reading Night like STEM Night</p> <p>Multicultural Event</p> <p>Back to School Event</p> <p>Book Character Parade</p>

<b>How are all students, especially those at-risk given opportunities to meet challenging state academic standards with a well-rounded program of curriculum &amp; instruction, including providing enrichment &amp; acceleration?</b>	<b>What are ideas to consider for next year?</b>
<p>Tuesday after school tutoring</p> <p>Target Time</p> <p>Daily small groups</p> <p>MTSS process</p> <p>Interventionists responding to data</p> <p>Pacing guides that allow for assessment and reteach to see what students have learned</p> <p>Workshop model w/ scaffolding and meeting kids where they are</p> <p>504 plans and IEP; regularly hold staffings for students who are not making progress with their accommodations</p> <p>ESSER tutoring</p> <p>Room transformations in 2nd and 3rd grade that allows students to have an experience that provides engagement as well as schema for what is to come in learning</p> <p>4th grade carnival with tickets and rewards for learning and growth</p> <p>4th and 5th grade clubs</p>	<p>ESSER tutoring beginning at the end of the year</p> <p>After school tutoring for K-2 that starts at the beginning of the year</p> <p>Digital resources that are aligned with the new STAAR redesign so that we can better prepare our students</p> <p>More small group counselor groups</p> <p>2 Target times in 3-5 grade</p> <p>Some sort of specials for PK</p>

In what ways do we protect & maximize instructional time?	What are ideas to consider for next year?
<p>Master schedule is created with teacher teams in order to get input from everyone and to create the most effective schedule to maximize uninterrupted blocks for learning</p> <p>Intervention time for grades 3-5 that are not allowed to be missed or cancelled</p> <p>Having accountability with lead measures for each grade level and having to report on the progress of the lead measures weekly</p> <p>Digital announcements so that teachers can play them at a time that works for their schedule and does not interrupt learning</p> <p>Assemblies were kept to the end of the day or on 1/2 days in order to not interrupt learning</p>	<p>Kindergarten may not need a 2nd recess; they lost some instructional time in transitions</p> <p>No lunch duty for interventionists and/or special ed so that they can maximize their time with students</p> <p>Changing target times so that every grade level has a different time so that all interventionists can be a part of each grade level's intervention</p>

### School Processes & Programs Strengths

We have a variety of family engagement activities throughout the year.

We have positive partnerships with Co-Serv, Boys and Girls Club and with our PTA

All of our 4th and 5th graders participate in Clubs which allows them to have an extra-curricular experience at school

Our ESSER tutor was very effective in helping to close gaps for our students

All grade levels implemented the 15-day challenge as a way to pace out curriculum w/ specific days for common assessments and time to reteach

3-5 grade had a dedicated Target Time, which helped to close gaps as well as meet House Bill 4545 hours

We refined our MTSS process and system so that it is more streamlined and more consistent in progress monitoring

Every grade level identified a lead measure and reported out their progress on working towards their lead and lagging measures

The master schedule was created with everyone's input so that each grade level was afforded the most effective schedule for thier students

### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1:** Families that are actively engaged and attending events at our school are not always representative of our demographics **Root Cause:** We may not be offering the types of events or resources that would attract all of our families.

**Problem Statement 2 (Prioritized):** We are lacking resources that are aligned with the new STAAR redesign. It was difficult to prepare our students for the new type of test. **Root Cause:** Publishers have not caught up with the change and need time to create materials that will be in alignment.

**Problem Statement 3 (Prioritized):** The top three reasons for referrals this year were physical aggression, classroom disruption, and defiance **Root Cause:** We have students who are experiencing high levels of trauma and have teachers who need more training in how to handle these types of behaviors.

**Problem Statement 4 (Prioritized):** In several grades there was not an increase in the amount of students on-level by the end of the year. **Root Cause:** Potential loss of instruction due to disruptive behaviors. Potential Tier 1 practices that are not meeting the needs of ALL students Potential PLC practices that are not responsive enough to the learning and the data

# Perceptions

## Perceptions Summary

Stephens Elementary is a tucked away school in the community of Shady Shores. We have an active PTA that partners with our school to provide activities such as Spring Fling, the Jingle Bell Jog, and Generations Night. They also help our school fund raise money that goes right back into our school.

As a Title 1 school, we provide many opportunities for families to engage with our school. We partnered with the Boys and Girls Club, who attended several of our events and began serving one of our apartment complexes, providing services and after school activities. We also have at-school events such as STEM night, Fine Arts Night and musical programs.

Staff at Stephens Elementary are tight knit and many have been part of Stephens Elementary for over 10 years. On the engagement survey we scored higher than the district in teachers reporting that they had a best friend in work. We also scored high in professional development and opportunities to learn and grow. Areas that need improvement are clear expectations and communication as well as recognizing staff for their work.

In our community engagement report, community members were largely satisfied, reporting that the school is a welcoming place, with teachers who emphasize academics and who communicate regularly. Parents did report concern about behavior and how it is handled.

Looking forward, Stephens Elementary staff are looking for ways to celebrate our diverse community throughout the year. We are also working to build leadership capacity in our staff through our Guiding Coalition.

## Perceptions Strengths

High level of staff reporting that they have a best friend at work, that someone has discussed their progress with them, that they have the materials and equipment they need to perform their job, and that there are opportunities to learn and grow.

Community members reported that school is a welcoming environment, that teachers emphasize school work, that someone encourages the development of their child, that school provides positive feedback, and that school has a variety of family engagement opportunities.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** Overall engagement is 3.85, which is lower than the district average. **Root Cause:** Teachers reporting that expectations are not clear and that communication could be better.

**Problem Statement 2 (Prioritized):** The top three reasons for referrals this year were physical aggression, classroom disruption, and defiance **Root Cause:** We have students who are experiencing high levels of trauma and have teachers who need more training in how to handle these types of behaviors.

# Priority Problem Statements

**Problem Statement 1:** In several grades there was not an increase in the amount of students on-level by the end of the year.

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

## Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Federal Report Card and accountability data

## Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Prekindergarten Self-Assessment Tool
- State-developed online interim assessments

## Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Gifted and talented data
- Dyslexia data

## Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

#### **Employee Data**

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- T-TESS data
- T-PESS data

#### **Parent/Community Data**

- Parent engagement rate

# Guiding Outcomes

## **Guiding Outcome 1: Teaching & Learning**

In pursuit of excellence, we will:

- \* Develop and maintain a culture where learning remains our first priority
- \* Advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- \* Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments supporting all students
- \* Establish high expectations with a curriculum fostering inquiry, critical thinking, civic responsibility and exemplary citizenship
- \* Cultivate a network of professional learning communities addressing the educational needs of every child in our district
- \* Incorporate best practices into teaching, learning, technology and leadership
- \* Foster and support an advanced digital learning environment
- \* Establish goals for individual campuses that incorporate both measurable and intangible factors

**Performance Objective 1:** 85% of our students in PK-5 will make expected or accelerated growth as measured by STAAR, IReady, and other district assessments.

**Performance Objective 1 Problem Statements:**

### Student Learning

**Problem Statement 1:** In several grades there was not an increase in the amount of students on-level by the end of the year. **Root Cause:** Potential loss of instruction due to disruptive behaviors. Potential Tier 1 practices that are not meeting the needs of ALL students Potential PLC practices that are not responsive enough to the learning and the data

**Problem Statement 2:** We are lacking resources that are aligned with the new STAAR redesign. It was difficult to prepare our students for the new type of test. **Root Cause:** Publishers have not caught up with the change and need time to create materials that will be in alignment.
