Re-Employment/Extended Contracts

All notices of employment or reemployment for the following school year are contingent upon the complete funding of the financial plan of the district. Such notices indicate the proposed salary for the year if negotiations have been completed.

Assignments requiring contracts to be extended beyond the normal contract year are made by the superintendent. Salaries for extended contracts are determined by calculating the monthly salary under the annual contract and applying this figure to the extended period of time. The breakdown of an hourly rate will not include the separate Master's or Ph. D stipend amounts.
