Importance: High

All,

The dates for the New Liaison Training and Fall Meeting have been approved and I have tentatively booked the Colonial Hotel in Helena for our New Liaison Training and Fall Liaison Meeting. Attached are draft agendas for both events. The New Liaison Training is slated for the afternoon of Monday October 8th and the Fall Meeting will take place on Tuesday the 9th.

Both events are required for new liaisons and it is expected that most will be able to travel to Helena on the morning of the 8th and be at the start of the training at 12:45. If this presents a challenge for anyone, please let me know and we can discuss another arrangement.

The Fall liaison meeting is optional, but attendance is strongly encouraged. It is expected those who are attending only the fall liaison meeting will drive to Helena on the afternoon of the 8th and return home when the meeting concludes on the 9th. Again, if you would like GEAR UP to consider a different arrangement, please let me know. For those who stay for the optional time on the 9th and are travelling more than 3 hours, GEAR UP may be able to arrange for lodging accommodations somewhere along your route home.

I will follow up with information regarding the hotel room block as soon as things are finalized. In the meantime, please review the attached agenda(s) and let me know if you feel there are additional items that need to be addressed, if you have ideas regarding the format, etc..... Some of you have already notified me that you will not be in attendance, but I would still welcome any feedback you might have regarding the agendas for either event.

Thanks for all your great work, and I look forward to seeing many of you here in Helena very soon. Please have a great weekend!

Zach Hawkins
