RE: Permission to Purchase a Vehicle
DATE: January 12, 2010

Please request that the Board acknowledge and agree to purchase a Ford F350 Regular Cab Pick-up Truck as identified on the Mississippi State Contract. This vehicle will be purchased from Butch Oustalet Ford as shown on State Contract Catalog Number 070-91. The vehicle is identified as # 070-91-21157-0, available at a price of \$20,004.

We wish to purchase this truck to replace the truck that was totaled in a wreck on November 3, 2009. Our driver was not at fault.

Money is available for this purchase through insurance proceeds and other monies reserved for the purchase of district equipment through the current year's budget if approved by the School Board.
