Science Percentiles	70.49%	13.11%	11.48%	3.28%	1.64%

### Activities

**Volleyball:** about 20 HS students are participating in what is now an intramural volleyball activity given the ASAA decision to postpone the season. We hope to be able to compete in the spring, but with subsistence activities it may be more difficult to participate. Luckily, volleyball is a sport which is relatively easy to observe social distancing protocols.

**Battle of the Books:** Preparation is under way to get teams organized and books out to students in multiple classroom to participate in this event.

**Weight Training:** Staff have been supervising HS students after school in using the weight room in very small groups to work out and get some exercise.

### Title I

Kali School has been identified as Title I Schoolwide. In conjunction with Lori Roth at Central office we have been putting together our Title I plan, Parent compact and engagement plan. We are working on using the Title I funding to address needs in Reading, Writing and Math as well as incorporating more Inupiat language and cultural activities into the school day. The Title I budget is being finalized still, but will include funds for cultural supplies and to pay local residents to provide instruction in cultural activities and Inupiat language that we will work to integrate in support of the regular curricular day.

### Students and Staff Recognition Students:

PK - 2nd Grade	3rd to 7th Grade	8th to 12th Grade
<p><b>Rosie Ahkvaluk</b> Rosie is always kind to other students. She tries hard to complete her classwork, and sometimes brings back her homework.</p>	<p><b>Kyanne Everett</b> Kyanne is kind to her classmates. She is cheerful and participates in class discussions. She tries her best, works diligently, and completes all her assignment.</p>	<p><b>Anna Henry</b> Anna is this year's UA Scholar. Being a UA Scholar shows that Anna has been working hard throughout high school. She hopes to study Health Science in college.</p>
		

**Staff:**

<b>Certified:</b>	<b>Classified:</b>
<p><b>Becky Long</b></p> <p>Becky is in her 13th year teaching at the Kali School. Over the years, Becky has taught five different grades and no matter what grade level she is teaching she brings the same dedication, knowledge, experience and caring for her students and their success.</p>	 A photograph of a man standing next to a yellow school bus. The man is wearing a black jacket, blue jeans, and a black cap. He is looking towards the camera. The school bus is yellow with black trim and is parked on a paved surface. The background shows a clear sky and some distant structures.
	<p><b>Alan Grist</b></p> <p>Alan is the School Bus driver but he helps out all over the school as well. Alan is the first and last person most students and parents interact with each day and he is always positive and welcoming on the VHF and the bus as he makes his 7 trips around the village each day.</p>
